Public Hearing: YES ☒ NO ☐ **Department:** Planning & Sustainability

SUBJECT:
Commission District(s): 5 and 7
Application of Virginia Singh and Manbir Singh for a Special Land Use Permit (SLUP) to allow a package store in the C-2 (General Commercial) zoning district and Tier 1 of the Hidden Hills Overlay District, at 5395 Covington Highway.

PETITION NO: N1-2026-0707 SLUP-26-1248084

PROPOSED USE: Package store.

LOCATION: 5395 Covington Highway, Decatur, GA 30035

PARCEL NO. : 15 161 02 017

INFO. CONTACT: Andrea Folgherait, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:
Application of Virginia Singh and Manbir Singh for a Special Land Use Permit (SLUP) to allow a package store in the C-2 (General Commercial) zoning district and Tier 1 of the Hidden Hills Overlay District.

RECOMMENDATION:
COMMUNITY COUNCIL: (June 2026) Denial.

PLANNING COMMISSION: (July 7, 2026) Denial.

PLANNING STAFF: (08.13.2026 BOC) Denial_rev. 07.30.2026.

STAFF ANALYSIS: (08.13.2026 BOC) The applicant is seeking a Special Land Use Permit (SLUP) to allow a package store in the C-2 (General Commercial) zoning district and Tier 1 of the Hidden Hills Overlay District. Pursuant to Section 4.2.8 A2 (Supplemental Regulations), package stores must be located a minimum of 600 feet from any residence, church, school building or grounds, educational facility, college campus, or adult entertainment establishment. Based on Staff's review, an institution of early childhood education is located approximately 470 feet from the subject property. The subject site is located within the Neighborhood Center (NC) Character Area and appears inconsistent with the goals and policies of the DeKalb 2050 Unified Plan. The NC Character Area is intended to serve as a focal point for surrounding neighborhoods that provide a mix of commercial, office, residential, and public spaces that are accessible to pedestrians (Pg.33). While retail uses are appropriate in the Neighborhood Center Character Area, the proposed package/ liquor store does not appear to enhance intended development pattern envisioned for the NC Character Area. As submitted, the site plan does not include a public gathering space or enhancements to pedestrian mobility that would support the future development of a walkable Neighborhood Center. Further, in local studies, including that prepared by Dean Badney, Brent Teasdale, and Audrey Clubb of (of Georgia State University's Andrew Young School of Policy Studies) entitled The Relationship between SLUP 6 businesses and Negative Outcomes in DeKalb County, package/liquor stores are one of six business types requiring a SLUP that are associated with adverse impacts to public safety, public health, economic development and the general well-being of individuals and neighborhoods. The subject site is located at the intersection of Covington Highway and South Hairston Road, where similar automobile-oriented uses already exist on the surrounding corners. Approval of the proposed package store may further concentrate SLUP-6 uses in a manner that is inconsistent with the intent of Section 4.1.1 and the SLUP

criteria of Section 7.4.6 (B), Staff must consider the compatibility of the proposed use with adjacent properties and land uses, as well as other properties and land uses in the district, including whether the proposed use will create adverse impacts upon adjoining land uses. As such, Staff finds the proposal is inconsistent with 4.2.8 A2 (Supplemental Regulations), Sections 4.1.1 (SLUP- 6), and 7.4.6 (Special Land Use Permit Criteria) of the Zoning Ordinance and recommends ***"Denial"***.

PLANNING COMMISSION VOTE: (July 7, 2026) Denial 8-0-0. Motion was made by Commissioner Cooper, seconded by Commissioner Costello for denial, per Staff recommendation.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (June 2026) Denial 9-0-0.

<u>STAFF RECOMMENDATION</u>: DENIAL.

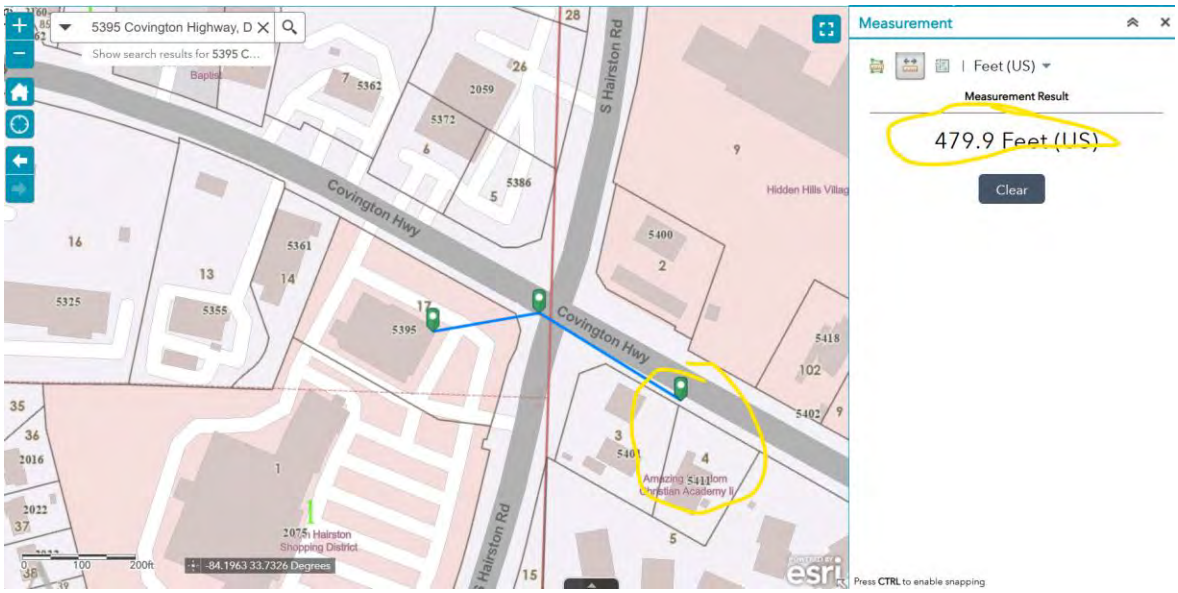
The applicant is seeking a Special Land Use Permit (SLUP) to allow a package store in the C-2 (General Commercial) zoning district and Tier 1 of the Hidden Hills Overlay District. Pursuant to Section 4.2.8 A2 (*Supplemental Regulations*), package stores must be located a minimum of 600 feet from any residence, church, school building or grounds, educational facility, college campus, or adult entertainment establishment. Based on Staff's review, an institution of early childhood education is located approximately **470 feet** from the subject property.

The subject site is located within the Neighborhood Center (NC) Character Area and appears inconsistent with the goals and policies of the *DeKalb 2050 Unified Plan*. The NC Character Area is intended to serve as a focal point for surrounding neighborhoods that provide a mix of commercial, office, residential, and public spaces that are accessible to pedestrians (Pg.33). While retail uses are appropriate in the Neighborhood Center Character Area, the proposed package/ liquor store does not appear to enhance intended development pattern envisioned for the NC Character Area. As submitted, the site plan does not include a public gathering space or enhancements to pedestrian mobility that would support the future development of a walkable Neighborhood Center.

Further, in local studies, including that prepared by Dean Badney, Brent Teasdale, and Audrey Clubb of (of Georgia State University's Andrew Young School of Policy Studies) entitled *The Relationship between SLUP 6 businesses and Negative Outcomes in DeKalb County*, package/liquor stores are one of six business types requiring a SLUP that are associated with adverse impacts to public safety, public health, economic development and the general well-being of individuals and neighborhoods. The subject site is located at the intersection of Covington Highway and South Hairston Road, where similar automobile-oriented uses already exist on the surrounding corners. Approval of the proposed package store may further concentrate SLUP-6 uses in a manner that is inconsistent with the intent of Section 4.1.1 and the SLUP criteria of Section 7.4.6 (B), Staff must consider

the compatibility of the proposed use with adjacent properties and land uses, as well as other properties and land uses in the district, including whether the proposed use will create adverse impacts upon adjoining land uses.

As such, Staff finds the proposal is inconsistent with 4.2.8 A2 (*Supplemental Regulations*), Sections 4.1.1 (*SLUP-6*), and 7.4.6 (*Special Land Use Permit Criteria*) of the Zoning Ordinance and recommends ***"Denial".***



About the Provider

Description: Amazing Kingdom Christian Academy II is a Child Care Learning Center in Decatur GA, with a maximum capacity of 101 children. This child care center helps with children in the age range of Infant (0 -12 months), Toddler (13 months - 2 years), Preschool (3 years - 4 years), Georgia's Pre-K (4 Years), School Age (5+). The provider also participates in a subsidized child care program. Georgia's Pre-K; Full Time, Part Time, Before-school Program, After-school Program, and Summer Camp

ATTENTION:

Due to the volume of community response for SLUP-26-1248084 (5395 Covington Highway), please find emails regarding this case via the links below.

We have received almost 300 email responses from the petition titled "URGENT: Strong Opposition to Proposed Liquor Store at Covington Hwy & S. Hairston Rd", but not the petition itself.

Be mindful that, due to the mass of emails and petitions, there was no way to capture every single email and signature.

Thank you.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Proposed number of traffic lanes _____	**Proposed number of traffic lanes** _____
Proposed right of way width _____	**Proposed right of way width** _____

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1, 000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS: Plans and field reviewed. No problem that would interfere with Traffic Flow.

REQUEST FOR RECONSIDERATION, SUPPLEMENTAL FINDINGS FOR THE RECORD

Special Land Use Permit (SLUP) Application: SLUP-26-1248084
5395 Covington Highway, Decatur, Georgia **Date: 07/23/2026**

To the Honorable Chair and Members of the DeKalb County Board of Commissioners:

The Applicants respectfully submit this Request for Reconsideration and Supplemental Findings for the Record to ensure the Board has a complete and balanced record before making a final decision on this application.

This request is not intended to challenge Planning Staff or the Community Council. Rather, it asks the Board to evaluate the application based on the complete record, the language of the Zoning Ordinance, and the specific facts of this case.

I. Project Overview

This proposal represents the adaptive reuse of an approximately 14,000-square-foot vacant former Walgreens building through an estimated **$6 million private investment**.

The redevelopment is intended to:

- Revitalize a long-vacant commercial property, with owner operation.
- Create new commercial and retail opportunities.
- Increase tax revenue.
- Improve property maintenance and security.
- Encourage long-term investment along the Covington Highway corridor.

The proposed package store is only one component of a broader multi-tenant redevelopment plan and should be evaluated within the context of the entire project.

II. Community Engagement and Public Support

Throughout this process, the Applicants have actively engaged residents, business owners, and community stakeholders through meetings, outreach, and discussions.

As a result, the project has received:

- **6,303 verified online petition signatures**
- **Approximately 250 physical petition signatures**

While we recognize that some residents oppose the proposal, these petitions demonstrate substantial community support for the revitalization of this long-vacant property. We respectfully request that both supporting and opposing viewpoints receive equal consideration.

III. Educational Facility Interpretation

The Staff Report recommends denial based primarily on the conclusion that a nearby Child Care Learning Center constitutes an "educational facility."

Respectfully, the DeKalb County Zoning Ordinance does **not define** the term "educational facility."

Prior to submitting the application, the Applicants retained a licensed Georgia surveying company to prepare the required alcohol separation survey. After reviewing the surrounding properties, the surveyor advised in writing:

"That is a child daycare and is not one of your requirements for the survey."

The differing conclusions reached by the licensed surveyor and Planning Staff demonstrate that reasonable professionals interpreted the ordinance differently.

We respectfully request that the Board carefully consider whether an application should be denied based upon an undefined ordinance term.

IV. Timing of the Review

The Applicants attended a pre-submittal meeting with the assigned Senior Planner on **March 16, 2026**, and provided the required alcohol separation survey.

The complete application was submitted on **April 6, 2026** after a Community meeting on **April 2, 2026.** The interpretation regarding the daycare was not raised until approximately three months later and ultimately became the primary basis for Staff's recommendation.

By that time, the Applicants had invested substantial financial resources in engineering, surveying, architectural plans, legal consultation, application fees, and extensive community outreach.

Earlier identification of this issue would have allowed the Applicants to evaluate alternatives before making those investments.

V. Neighborhood Center and Unified Plan

Staff concluded that the proposal does not fully support the Neighborhood Center Character Area because the existing site lacks certain pedestrian-oriented design features.

However, this application involves the adaptive reuse of an existing commercial building—not new mixed-use construction.

The Applicants remain willing to work with the County on reasonable conditions of approval, including landscaping, pedestrian improvements, façade enhancements, lighting, and other site improvements that further the goals of the DeKalb 2050 Unified Plan while preserving the economic viability of the redevelopment.

VI. Georgia State University Study

The Staff Report references a Georgia State University study regarding statistical relationships between certain business types and community outcomes.

While the Applicants respect academic research, each Special Land Use Permit application should be evaluated on its own facts, location, operator, proposed conditions, and surrounding land uses.

General studies should not replace an individualized evaluation of this specific property and proposal.

VII. Request

The Applicants respectfully request that the Board of Commissioners:

1. Accept this submission into the official administrative record.
2. Consider the documented community support and redevelopment benefits.
3. Consider the undefined nature of the term "educational facility" and the differing professional interpretations.
4. Consider the timing of the ordinance interpretation during the review process.
5. Evaluate the proposal as the adaptive reuse of an existing commercial property rather than as a standalone package store.
6. Consider the Applicants' willingness to accept reasonable conditions of approval that further the County's planning objectives.
7. Evaluate the application based on the complete factual record and approve **SLUP-26-1248084**.

We are also attaching Exhibits to support our application:

- **Exhibit A:** Certified alcohol separation survey.
- **Exhibit B:** Surveyor's email ("That is a child daycare and is not one of your requirements for the survey.")
- **Exhibit C:** State license for the nearby Child Care Learning Center vs another bigger facility
- **Exhibit D:** Petition summary (6,303 online signatures and approximately 250 physical signatures).
- **Exhibit E:** Interior Building Concept
- **Exhibit F:** Risks of Abandonment-Photos of the property.
- **Exhibit G:** Existing Business Operations of Comparable Site- proposed enhancements.

The Applicants appreciate the Board's time, consideration, and commitment to ensuring that all land use decisions are made through a fair, transparent, and consistent process.

Respectfully submitted,

Manny Singh

to simplify the matter I just need to know if
Amazing Kingdom Christian Academy
5411 Covington Highway
Decatur, GA 30035 is a school or not?

Jun 15, 9:42 AM

Thank you and Understood. For clarity, Dr. Phillips supports PreK and early learning. Is he the correct staff member to provide a response to a zoning concern? The Christian Academy is not a DCSD school at this time.

Interior photos of a comparable operation (Liquor Maxx, Newnan, GA) demonstrating an organized spirits section, clear aisle signage, wide aisles, and well-lit product displays.

Liquor License & Special Land Use Permit (SLUP) Proposal

5395 Covington Highway, Decatur, GA 30035

Prepared for: DeKalb County Officials & Commissioner Review
Applicants/Operators: Manny Singh, Virginia Singh & Ralph Branch IV

---

1. Executive Summary

We respectfully request the approval of a Special Land Use Permit (SLUP) and a liquor license to operate a retail package store at 5395 Covington Highway.

This proposal represents the strategic adaptive reuse of a vacant, former Walgreens pharmacy situated at a highly visible and major commercial intersection. In its current vacant state, the property fails to contribute to the safety, aesthetic appearance, or economic vitality of the Covington Highway corridor.

Our comprehensive plan is to transform this underutilized location into a clean, professionally managed, and security-focused retail establishment. This revitalization will enhance the surrounding area while generating local employment, substantial tax revenue, and consistent on-site management oversight. The applicants intend to personally own the property and actively operate the business on a daily basis. This owner-operator model ensures direct accountability, rigorous operational oversight, and a steadfast, long-term commitment to both the property and the surrounding community.

Furthermore, as part of our community-oriented approach, we are highly receptive to collaborating with DeKalb County regarding the potential public safety use of a small rear portion of the building—accessible via the former drive-thru—should the County deem it beneficial for local law enforcement operations.

2. Property & Site Overview

The subject property represents a significant opportunity to revitalize a key commercial corner by restoring active use, improving site conditions, and reintroducing a consistent management presence.

- **Address:** 5395 Covington Highway, Decatur, GA 30035
- **Zoning Designation:** C-2 (General Commercial) within the Hidden Hills Tier 1 Overlay District
- **Existing Structure:** Freestanding former Walgreens pharmacy featuring a drive-thru lane

- **Current Condition:** Vacant and underutilized
- **Parcel Information:** Tax Parcel ID 15 161 02 017, Land Lot 161, District 15th, Lot 17. (The DeKalb County Parcel Map is provided in Appendix B).

3. Project Rationale

The prolonged vacancy of commercial properties frequently leads to a cascade of negative neighborhood impacts, including:

- **Safety Risks:** Vacant and underutilized spaces significantly increase the likelihood of unauthorized access, property break-ins, and degraded parking lot utility.
- **Economic Decline:** Empty anchor buildings contribute to a broader decline in surrounding business activity and consumer foot traffic.
- **Visual Deterioration:** Unoccupied structures inevitably suffer from property neglect and aesthetic deterioration.
- **Environmental Impact:** Prolonged abandonment creates an unsafe environment and causes significant aesthetic degradation of the surrounding streetscape.

This proposal directly and effectively addresses these pressing issues by:

- **Restoring Daily Activity & Oversight:** Reintroducing consistent foot traffic and vigilant management.
- **Improving Property Maintenance & Appearance:** Committing to high-quality landscaping and building upkeep.
- **Reactivating a Key Commercial Node:** Returning a prominent intersection to productive economic use.

4. Business Operations Plan

Our operational strategy is designed to deliver a premium retail experience that prioritizes compliance and community integration.

- **Proposed Use:** Retail package store (strictly off-premise consumption).
- **Space Allocation:**
    - Approximately 11,000 square feet dedicated to the package store operations.
    - Approximately 3,370 square feet reserved for a future, complementary retail use.
- **Operational Approach:** The establishment will be professionally managed to maintain a clean, organized, and upscale retail environment, with an unwavering focus on regulatory compliance and exceptional customer experience.

5. Ownership & Experience

The applicants bring extensive, proven experience in operating successful and well-managed businesses throughout the State of Georgia. Their portfolio includes:

- **Liquor Maxx** – 459 Millard Farmer Industrial Blvd, Newnan, GA
- **Chevron** – 9501 Veterans Parkway, Columbus, GA

- **Ivy Park Grill** – 9501 Veterans Parkway, Columbus, GA
- **Exxon** – 3278 Mooty Bridge Road, Lagrange, GA

These established operations reflect a consistent and demonstrable commitment to maintaining clean facilities, implementing responsible business practices, strictly complying with all state and local regulations, and fostering a positive community presence.

Unlike passive investment strategies or tenant-operated business models, the applicants intend to personally own the subject property and maintain an active, daily presence at the business. Because the owners will be directly involved in day-to-day operations, property maintenance, security oversight, and customer experience, the success and condition of the property are inextricably tied to their personal, long-term investment in the community. This owner-operated approach guarantees a significantly higher level of accountability, responsiveness, and operational oversight than is typically found in absentee-managed businesses.

6. Safety & Security Plan

We deeply understand community concerns regarding safety and are committed to proactively addressing them through comprehensive security measures:

- **Surveillance:** Installation of 24/7 high-resolution camera surveillance systems.
- **Lighting:** Implementation of enhanced interior and exterior professional lighting to deter illicit activity.
- **Verification:** Enforcement of strict, uncompromising ID verification policies.
- **Training:** Mandatory, ongoing staff training focused on responsible alcohol sales.
- **Management:** Active, continuous on-site management presence.
- **Conduct:** A strict zero-tolerance policy for loitering, panhandling, or disorderly conduct on the premises.
- **Partnership:** Open and active cooperation with local law enforcement agencies.

Crucially, the daily presence of the owners on-site ensures an immediate and decisive response to any operational or security concerns that may arise.

7. Traffic & Compatibility

The proposed use is highly compatible with the existing infrastructure and surrounding commercial environment:

- The site previously operated as a high-volume Walgreens pharmacy that included the retail sale of beer and wine.
- The proposed package store is expected to generate traffic volumes that are comparable to, or lower than, the previous use.
- The Covington Highway corridor already successfully accommodates similar commercial uses.
- A certified liquor store distance survey is provided in Appendix D.

Key Points of Consideration: This proposal does not introduce a novel use type to the area; rather, it elevates the quality, management standards, and safety protocols of an existing retail category.

A certified land survey, completed by Advance Survey, Inc. (Gordon Persons, GA License #1918) on March 10, 2026, confirms that the property at 5395 Covington Highway successfully meets all required DeKalb County distance requirements for the retail sale of alcohol (see Appendix E).

It is important to note that countywide business density is not the controlling factor for SLUP review. The critical metrics are local proximity, spacing, and site-specific impact. This location stands independently as a redeveloped commercial parcel at a major intersection. There is no concentration or clustering of similar uses at or near this specific intersection; therefore, this proposal does not contribute to localized market saturation concerns, near by retail analysis:

Store Name	Address	Driving Distance
US-1 Package Store	1923 Wesley Chapel Rd, Decatur, GA	1.2 miles
Panola Package Store	6125 Covington Hwy, Decatur, GA	1.9 miles
VIP Package Store	5005 Snapfinger Woods Dr, Decatur, GA	2.1 miles
Redan Package Store	4787 Redan Rd, Stone Mountain, GA	2.3 miles
State Wine & Liquor	6670 Covington Hwy, Lithonia, GA 30058	3.3 miles

8. Economic & Community Impact

The revitalization of this property will deliver substantial and measurable benefits to DeKalb County:

- **Estimated $300,000 in Annual Tax Revenue:**
  - *Revenue Retention:* Maintains an active, robust tax revenue stream that would otherwise be lost to surrounding jurisdictions.
- **Economic Impact & Job Creation:**
  - Creation of approximately 12 local jobs, with a priority placed on neighborhood hiring to ensure wages are retained within the local community.
  - Provision of specialized workforce training through RASS/TIPS certification programs.
  - Generation of increased foot traffic, which will directly benefit adjacent businesses and support the broader commercial corridor.
- **Neighborhood Enhancement:** Increased property maintenance will stabilize and elevate surrounding property values.
- **Reduction of Vacancy-Related Blight:**
  - *A Meaningful Upgrade for the Immediate Neighborhood:* The immediate vicinity is currently characterized by abandoned lots and significantly reduced commercial activity. This proposed development represents a direct, private investment in the revitalization of the corridor, offering a well-maintained,

professionally operated retail establishment where vacant and blighted properties currently stand.

- **Public Safety Advancements:**
  - High-definition surveillance systems will be integrated with the Connect DeKalb police program.
  - A strict zero-tolerance loitering policy will be enforced by highly trained staff.
  - The operation will maintain full municipal compliance with all licensing requirements, supported by professional exterior lighting.

Ultimately, an active, well-run, and heavily capitalized business is a definitive net positive for the community when compared to a vacant, deteriorating structure.

9. Community Partnership Opportunity

As part of our steadfast commitment to serving as a responsible community partner, we are highly open to collaborative discussions with DeKalb County regarding the strategic use of the facility:

- We propose the allocation of a small portion of the rear building area (accessible via the former pharmacy drive-thru) for potential public safety purposes.
- Potential uses could include a dedicated Police Substation or a satellite patrol presence.
- Local police officials have already expressed preliminary interest, and we are scheduling in-person meetings to discuss this initiative further.

This offer is intended as a genuine collaborative opportunity, and we welcome guidance from County leadership regarding its feasibility and the specific needs of the department.

Police/Community-Serving Space (No-Cost Allocation):

- **Size:** Approximately 300–1,000 square feet.
- **Cost:** Provided entirely at no cost to the County.
- **Location:** Situated in a non-public-facing, restricted-access area of the building.

10. Compliance Commitment

We pledge to strictly and consistently adhere to all:

- DeKalb County zoning and operational regulations.
- State of Georgia alcohol licensing laws.
- All conditions stipulated within the Special Land Use Permit (SLUP).

We are fully committed to operating this establishment in complete alignment with community expectations and the highest County standards.

11. Closing Statement

This proposal represents a practical, immediate, and fully funded opportunity to:

- Revitalize a prominent, vacant commercial property.
- Significantly improve local safety and site conditions.
- Generate meaningful economic benefits and tax revenue.
- Provide responsible, professional, owner-operated business management with direct, daily oversight.

We respectfully request your approval of this application and look forward to working collaboratively with the County, the District Commissioner, and community stakeholders to ensure a highly successful outcome for the Covington Highway corridor.

List of locals and community who support or oppose the proposed business endeavor is in Appendix F (as of April 02 2026)

Legal Brief: Operational & Statutory Distinction of Child Care Learning Centers

---

I. Statement of Issue

Whether a facility legally licensed and designated as a **Child Care Learning Center (CCLC)** constitutes an "actual school" under standard statutory and educational frameworks.

II. Executive Summary

No. Legally and structurally, a Child Care Learning Center is **not** classified as a school. While these centers frequently utilize educational curricula to foster kindergarten readiness, statutory definitions explicitly segregate CCLCs from formal K-12 private or public educational institutions. [1, 2, 3, 4]

III. Statutory Definitions & Separation

State laws draw a sharp bright-line distinction between care facilities and academic institutions.

- **The Legal Separation:** For example, under Georgia Code § 20-1A-2, a "Child care learning center" is explicitly defined as a place operating group care for pay for less than 24 hours a day without the transfer of legal custody. [1]
- **The Statutory Exclusion:** The same statutory clause expressly states that a child care learning center **"shall not include a private school which provides kindergarten through grade 12 education."** [1]
- **Regulatory Oversight:** Traditional schools fall under the jurisdiction of Department of Education boards. Conversely, CCLCs are governed by separate regulatory bodies, such as state departments of social services or early care (e.g., the Georgia Department of Early Care and Learning). [5, 6, 7]

IV. Key Distinctions: CCLC vs. Traditional School

1. Compulsory Attendance vs. Voluntary Enrollment

- **Traditional Schools:** Attendance is mandatory by law under state compulsory education statutes (typically targeting ages 6 to 16). Failure to attend results in truancy.
- **CCLCs:** Enrollment is entirely voluntary and is determined by family scheduling or financial choice. [2, 8, 9, 10, 11]

2. Primary Purpose: Supervision vs. Instruction

- **Traditional Schools:** The foundational mandate is academic mastery measured against state standard metrics and testing.
- **CCLCs:** The core legal purpose is providing watchful supervision and group care for children while parents are temporarily unavailable. [6]

3. Credentialing Standards

- **Traditional Schools:** Instructors must generally hold formal state teaching certificates and university education degrees.
- **CCLCs:** Staff regulations permit vocational, community-based, or child development associate (CDA) credentials rather than formal professional teaching licenses. [6, 12]

V. The "Pre-K" Functional Exception

The functional boundary blurs when a CCLC hosts a state-funded program, such as Georgia's Lottery-Funded Pre-K. [13, 14]

- In these instances, the program itself must temporarily mimic a school classroom layout and calendar.
- However, the host facility remains fundamentally licensed as a child care business, and participation remains completely voluntary for families. [9, 15, 16]

VI. Conclusion

A Child Care Learning Center is an early childhood care facility, not a school. If this is for a **legal or custody dispute** regarding a child's mandatory "schooling," or if you need help looking up the specific licensing status of a facility, please let me know so I can tailor the next steps for you. June 30, 2026

Dear Planning Commission,

We have received 1,114 signatures as of June 30 asking that you deny the SLUP for a liquor store at 5395 Covington Hwy. **The file is available by clicking this link.** Our community has too many liquor stores, beauty shops, dollar stores, and auto-related businesses. **There are 22 liquor stores within five miles of this location.** *(Data from ESRI Business Analyst, May 2026)* There are more than 100 other places in this zone where you can buy beer, wine, and pre-mixed drinks.

This link takes you to the comments left by some petition signers.

We deserve a diversity of businesses that cater to a wider array of interests and necessities. This isn't a fight against existing businesses, but a plea for balance.

A study commissioned by DeKalb County and conducted by the Georgia State University Department of Criminal Justice and Criminology, shows " **....after controlling for population, race, and poverty, each additional liquor store in a census tract was associated with:**

- **61.3% more total reported crime**
- **50.5% more violent crime**
- **68.5% more property crime**
- **57% more public-order crime**

This study was the foundation for passage of an ordinance that passed May 23, 2017 that set strict spacing requirements, zoning distance buffers, and temporary development moratoria on businesses such as liquor stores, pawn shops, check-cashing establishments, convenience stores/gas stations, fast-food restaurants, and auto-repair shops. These businesses were associated with associated with an average **$13,519 reduction in median assessed residential property value, according to the study.** The study and summary slide deck were entered into the County record. **You may access the study by clicking here.**

The Hidden Hills Overlay District passed in 2011 following years of study and public meetings. We did not want more liquor stores then. We do not want them now.

We deserve a diversity of businesses that cater to a wider array of interests and necessities. **We welcome many types of new businesses.** In the spring, the community responded to a Planning Department survey and overwhelmingly asked for more cafes and restaurants (no more fast food), high quality grocery stores, a variety of retail options, entertainment venues, and professional services. We encourage developers to consider the demand for higher-end businesses in our area. They could capture the dollars we spend in Decatur, Avondale Estates, Tucker, and north DeKalb.

Please deny the SLUP.

To Whom It May Concern:

I am writing on behalf of Happy Days Learning Center, a licensed childcare center that includes a Pre-K program operating within our facility. Our center is a privately owned childcare center and is not classified as a school. Although Pre-K services are provided within our center, a private Pre-K program is not considered a school under our licensing structure.

In the State of Georgia, childcare centers that offer Pre-K programs operate under a Child Care Learning Center (CCLC) license. Childcare centers are often mistakenly classified as schools because they provide educational services to young children. While some owners may choose to market or identify their facilities as schools, others, including myself, operate and identify our businesses under a CCLC license as a childcare center. Happy Days Learning Center is licensed and operates as a Child Care Learning Center and not as a school.

Our center has been located adjacent to Mr. Manny's gas station business for approximately sixteen (16) years. Throughout this time, we have maintained a positive relationship as neighboring businesses, and the proximity of the gas station has never created any issues, concerns, or disruptions to our childcare operations.

As a privately owned childcare center, our situation is similar to the business arrangement involving the proposed gas station next to Mr. Manny's property. Based on our longstanding experience, the presence of a gas station neighboring a licensed childcare center has not negatively affected our business, the children in our care, or our daily operations.

We appreciate the opportunity to provide this statement and confirm that our neighboring relationship with Mr. Manny's gas station has existed successfully and without incident for the past sixteen years.

Should you require any additional information, please do not hesitate to contact me.

Sincerely,

Sabrina Askew-Hayes

LETTER OF APPLICATION

Virginia I. Singh
[redacted]

Date: April 6, 2026

DeKalb County, Georgia
Department of Planning & Sustainability
Government Services Center
178 Sams Street, Building A, Suite 300
Decatur, GA 30030

Re: Letter of Intent – Special Land Use Permit (SLUP) Application
Property Address: 5395 Covington Highway, Decatur, GA 30035

Dear Planning Director and Members of the Planning Commission:

We respectfully submit this application for a DeKalb County Special Land Use Permit (SLUP) to allow for the operation of a retail package store at the existing commercial property located at 5395 Covington Highway, Decatur, GA 30035.

It is in the C-2 Zoning and Hidden Hills Tier 1 Overlay district. This property, formerly operating as a Walgreens pharmacy, occupies a highly visible and prominent intersection within the community. In its current vacant state, the building does not contribute to the safety, appearance, or economic vitality of the Covington Highway commercial corridor. Vacant commercial structures often lead to property neglect, reduced pedestrian and vehicular traffic, and a decline in surrounding business activity. Activating this site through adaptive reuse is a critical step toward maintaining a healthy, functional, and economically viable commercial district.

While the previous pharmacy served a valuable purpose, its closure reflects broader national shifts in the retail and healthcare landscape, rather than a lack of demand for continued productive commercial use at this location. This SLUP proposal presents a practical, immediate, and highly beneficial opportunity to:

- **Restore Consistent Activity and Oversight:** Reoccupying the building will bring daily activity and dedicated management to a highly visible location, deterring the negative impacts often associated with vacant properties.
- **Improve Property Appearance and Maintenance:** A new, active business will ensure the ongoing maintenance of the building, landscaping, and parking areas, thereby enhancing the visual appeal of the intersection.

- **Generate Local Economic Benefits:** The proposed business is expected to generate meaningful economic benefits for the local community, including approximately $300,000 in annual tax revenue to support DeKalb County public services. In addition, the establishment will create approximately 12 new jobs, providing valuable employment opportunities for nearby residents.

We recognize that retail beverage establishments vary widely in quality and operation. We are committed to a professional, well-managed, and community-focused business model. Approximately 11,000 square feet will be dedicated to the package store, with the remaining 3,370 square feet reserved for a potential complementary retail use.

This establishment will operate under strict standards, including enhanced interior and exterior lighting, comprehensive security camera coverage, active management presence, and firm no-loitering policies. Additionally, we will invest in a high-quality interior design to create a clean, organized, and upscale retail environment that contributes positively to the surrounding area.

We understand and respect potential concerns related to traffic, safety, and neighborhood compatibility. Notably, this site previously functioned as a high-volume retail location that included beer and wine sales. The proposed use is expected to generate comparable or lower traffic volumes. With adherence to all County regulations and any reasonable conditions imposed, we are confident that operational impacts can be effectively managed.

There are already several package stores along Covington Highway—this wouldn't be introducing something new, but improving the quality and safety of what's already in the area. An active, well-run business reduces blight. Ultimately, this proposal offers a significantly improved outcome compared to leaving a prominent commercial property vacant. Approval of this SLUP will bring renewed economic activity, improved site conditions, and responsible stewardship to a key intersection in DeKalb County.

For these reasons, we respectfully request your approval to move forward with this project, subject to appropriate conditions that ensure responsible operation and alignment with community expectations.

Thank you for your time, careful review, and consideration of this application.

Sincerely,

Virginia I. Singh

Impact Analysis for Special Land Use Permit (SLUP)

Property Address: 5395 Covington Highway, Decatur, GA 30035

Proposed Use: Retail Package Store (Liquor Store)

Zoning: C-2 (General Commercial) within the Greater Hidden Hills Tier 1 Overlay District

I. Introduction

The applicant seeks a Special Land Use Permit (SLUP) to operate a retail package store at the existing commercial property located at 5395 Covington Highway, Decatur, GA 30035. The subject property, formerly operating as a Walgreens pharmacy, is situated within the C-2 (General Commercial) zoning district and the Greater Hidden Hills Tier 1 Overlay District . The proposed use involves the adaptive reuse of an established, freestanding commercial building at the prominent intersection of Covington Highway and South Hairston Road. This document provides a comprehensive analysis of the proposed use in accordance with the DeKalb County Special Land Use Permit evaluation criteria outlined in Section 27-7.4.6 of the Zoning Ordinance [1].

II. DeKalb County Special Land Use Permit Criteria Analysis

A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located. The subject property is adequately sized for the proposed retail package store. The site previously accommodated a high-volume national pharmacy chain (Walgreens) and features an existing building of approximately 14,370 square feet on a well-proportioned lot [2]. The current site layout already provides ample off-street parking, loading zones, and established landscaping.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use. The proposed retail package store is highly compatible with the established commercial character of the Covington Highway corridor. The property is situated at a major commercial intersection, surrounded by other retail, service, and automotive uses. The operation of a package store is an indoor, low-impact retail activity that does not generate smoke, odor, dust, or vibration. Noise levels will be consistent with standard

retail operations. Given that the site previously operated as a busy pharmacy with a drive-through, the proposed use is anticipated to generate similar or reduced traffic volumes, thereby preventing any new adverse congestion impacts on adjoining properties.

C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use. The site is fully developed and currently served by existing public infrastructure, including DeKalb County water and sewer systems, electricity, and telecommunications. Public safety services, including police and fire protection, actively serve this established commercial corridor. The transition from a pharmacy to a package store will not place any excessive or novel demands on these existing public services or utilities.

D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area. Covington Highway and South Hairston Road are major arterial and collector roadways designed specifically to handle significant commercial traffic volumes. The proposed retail use will utilize the existing, well-engineered ingress and egress points that safely manage traffic flow. The traffic generated by a package store is typically distributed throughout the day and is not expected to exceed the capacity of the adjacent roadways or the historical traffic patterns established by the previous pharmacy use.

E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency. The property features established, clearly defined points of ingress and egress on both Covington Highway and South Hairston Road, providing safe and efficient access for customers, delivery vehicles, and emergency responders. The site layout allows for smooth internal vehicular circulation and adequate turning radii. The existing infrastructure supports pedestrian safety and does not impede traffic flow on the main thoroughfares. Emergency access is unimpeded, with ample space for fire and rescue vehicles to navigate the site.

F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use. The proposed package store will operate in strict accordance with the hours mandated by DeKalb County and the State of Georgia for retail alcohol sales. The manner of operation is standard for retail businesses within a C-2 district. All business activities will be conducted indoors, and lighting will be directed to prevent glare onto adjacent properties. Consequently, the manner and hours of operation are not expected to create adverse impacts on the quiet enjoyment of any nearby residential areas or the operations of adjacent commercial businesses.

G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located. Retail

package stores are permitted within the C-2 (General Commercial) zoning district subject to the approval of a Special Land Use Permit [1]. The proposed use aligns with the general intent of the C-2 district to provide for a wide range of commercial and retail services. The applicant is committed to adhering to all applicable development standards, architectural guidelines, and signage regulations specified by the zoning district and the Greater Hidden Hills Overlay District.

H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan. The subject property is located within an area designated as a Commercial Redevelopment Corridor (CRC) on the DeKalb County Future Land Use Map [3]. The proposed use advances the policies of the comprehensive plan by adaptively reusing a vacant commercial building, thereby preventing blight and promoting economic stability at a key intersection. While a community group and few individuals have expressed concerns regarding the concentration of alcohol outlets in the broader area, the revitalization of this specific prominent site with a well-managed, code-compliant retail business supports the corridor's commercial viability. In addition, we have more than 40 written signatures from the neighborhood and locals who support this liquor store and consider it valuable for the local community.

I. Whether there is adequate provision of refuse and service areas. The site includes an established, enclosed refuse and service area at the rear of the building, originally designed to accommodate the substantial waste management needs of a large pharmacy. This existing infrastructure is more than adequate to handle the refuse and recycling requirements of the proposed package store, ensuring that service operations remain screened from public view and do not detract from the site's aesthetics.

J. Whether the length of time for which the special land use permit is granted should be limited in duration. The applicant requests that the Special Land Use Permit be granted in perpetuity or for the duration of the property's operation as a package store under the current ownership. A permanent SLUP is appropriate given the substantial investment required to secure licensing, renovate the interior, and establish the business, provided the operation remains in continuous compliance with all county ordinances and conditions of approval.

K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height. The proposed use will occupy the existing freestanding building. No new construction, additions, or increases in building height are proposed. Therefore, the size, scale, and massing of the structure remain entirely appropriate for the site and perfectly consistent with the surrounding commercial development. The existing building does not create any adverse shadow impacts on adjoining lots.

L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources. There are no known historic buildings, sites, districts, or archaeological resources located on or immediately adjacent to the subject property. The adaptive reuse of the existing commercial structure will have no impact on any historical or cultural assets.

M. Whether the proposed use satisfies the requirements contained within the Supplemental regulations for such special land use permit. The proposed package store will comply with the supplemental regulations outlined in Section 27-4.2.8 of the DeKalb County Zoning Ordinance [4]. Specifically, this site and building meets all mandatory distance requirements, including the stipulation that package stores shall not be located within 1,000 yards of an existing package store or alcohol outlet, nor within 200 yards of any residence, church, school, or substance abuse treatment center, as measured according to the ordinance. Furthermore, the business will strictly prohibit the sale of individual cups and individual servings of ice, as well as the placement of video game machines on the premises.

N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process. The proposed use seeks to provide a clean, safe, and well-regulated retail option for adult consumers in the area. By occupying a prominent vacant building at a major intersection, the business will contribute to local tax revenues and eliminate a potential source of commercial blight. The applicant is aware of the Greater Hidden Hills Community Development Corporation's advocacy regarding business diversity and is committed to operating a premium, high-quality establishment that maintains rigorous security, aesthetic, and operational standards to ensure it serves as a responsible and positive addition to the Covington Highway commercial corridor.

III. Conclusion

The proposed retail package store at 5395 Covington Highway satisfies the criteria for a Special Land Use Permit under the DeKalb County Zoning Ordinance. The adaptive reuse of the existing, adequately sized commercial building will not generate adverse impacts regarding traffic, noise, or public services. The applicant is dedicated to strict compliance with all zoning, overlay district, and supplemental regulations, ensuring a safe and professionally managed retail environment that supports the economic vitality of the Commercial Redevelopment Corridor.

WHAT TO KNOW BEFORE YOU FILE YOUR APPLICATION

Pre-submittal Community Meeting: 04.06.2026 w/15-day notice Calendar Dates: CC: 06.08.2026 (Zoom)

PC: 07.07.2026 (Zoom) BOC: 07.23.2026 (In-Person)

Letter of Intent: X Impact Analysis: X Owner Authorization(s): X Campaign Disclosure: X

Public Notice, Signs: X Tree Survey, Conservation (if applicable): _____

Submittal Format:

ONE (1) COMBINED, PDF DOCUMENT UPLOAD via OUR ONLINE PORTAL.

Site Plan Checklist, if applicable:

* Density
* Density Bonuses
* Mix of Uses
* Open Space
* Enhanced Open Space
* Pedestrian Plan
* Lot Size
* Setbacks: front, sides, side corner, rear
* Frontage
* Street Width
* Landscape Strips
* Parking - Auto
* Parking – Bicycle
* Screening
* Perimeter Landscapes
* Bldg Materials: Roof, Fenestration, Façade Design
* Sidewalks
* Fencing/Walls
* Building Height
* Building Separation
* Building Orientation
* Streetscapes
* Garages

Possible Variances: Site plan was not supplied at the pre-app meeting. Varainces may be sought.

Comments: Proposed package store (including beer and wine) in a vacated walgreens.

Applicant will need to address Impact Analysis questions pertaining to potential impacts to the surrounding Neighborhood Center (NC).

Applicant should review NC Character Area Goals within DeKalb County Unified Plan (found online). Additionally, Applicant will need to comply

with distance requirements and other specified requirements within Section 27-4.2.8 Alcohol Outlets.

Applicant will need a survey displaying the exisiting building and parking and any proposed improvements. Site photos would also be encouraged.

The subject site is located in Hidden Hills Overlay (Tier 1) which requires the SLUP application to operate the proposed use.

Applicant has been made aware of the potential community concerns around a proposed package store and the possible negative impacts

that may come with the proposed use. Applicant was encouraged to consider a use

that engages with the community in addition to the package store. However, site improvements may be required

with new construction proposed at the subject site.

Name	City	State	Postal Code	Country	Commented Date	Comment
Karyl-Lyn Sanderson	Los Angeles	CA	91343	United States	46148	"The offering of free community space is exciting and I hope to utilize this development to assist in the upstart of my business. Ralph is a gracious, innovative and considerate leader who is very giving of his time and expertise. I wish this project much success!"
Willie Freeman	Atlanta	GA	30308	United States	46156	"Just want to see families in a home"
Brenda T	Decatur	GA	30035	United States	46163	"I’ve lived here 18 years. Ralph and Manny have been my people since the Chevron on Snapfinger Rd. When they say they’ll add extra security cameras and coordinate with DeKalb Police, I believe them because they’ve never let this community down."
Lloyd P	Decatur	GA	30032	United States	46163	"I was one of the loudest “no more liquor stores” people on Facebook. Then I sat down with Ralph and a few neighbors in someone’s living room. He walked me through the safety addendum—it's a legally binding promise, not just words. I still wish it was something else, like a grocery or food hall, but I’d rather have a secure, accountable bottle shop than another decade of nothing."
Sonya R	Lithonia	GA	30038	United States	46163	"I don’t drink at all. But I do care about that crumbling, empty Walgreens. Ralph and Manny offered to put a no-cost community space in their plan that could be used to assist the police, youth programs, or a neighborhood watch hub. That’s not something a typical liquor store would ever do. I signed because improvement is improvement."

Derrick C	Redan	GA	30074	United States	46164	"People keep saying “22 liquor stores already.” But most of them are attached to gas stations with no security, no lighting, and no accountability. This proposal is a premium bottle shop with a written safety plan, off-duty officers, and a direct line to DeKalb Police. It’s not the same category. Stop pretending it is."
Patrice W	Ellenwood	GA	30294	United States	46164	"I sat next to Ralph at a community breakfast recently-didn't even know who he was at first. He spent 20 minutes asking me what I thought the corridor needed. That’s not a guy trying to push something through. That’s a guy who actually cares. I trust him."
Marcus H	Decatur	GA	30034	United States	46164	"The opposition says, "No matter what you offer, we won’t support it.” They’ve admitted that publicly. So all the meetings, all the safety upgrades, all the private money - none of it matters to them. That’s not reasonable. That’s prejudice. I’m supporting because I can’t stand bad-faith arguments."
Yvette B	Ellenwood	GA	30294	United States	46164	"I was neutral until I saw the petition hit 500 signatures. That many neighbors can’t be wrong. I read the full proposal-the safety addendum is real, the community space is real, and the fact that it costs taxpayers zero dollars is huge. I’m in."
Jill Pick	Decatur	GA	30035	United States	46165	"My biggest worry was emergency response times. Then I learned that Ralph and Manny already met with DeKalb Police leadership, and the department acknowledged their outreach. They’re not dodging the hard questions. That gave me the confidence to sign."

Lashonda M	Redan	GA	30074	United States	46165	"I run a daycare down the street. I need this area to be safe. The current vacant Walgreens? It's a magnet for dumping and suspicious activity. But a professionally managed business with 24/7 surveillance and a safety plan is an upgrade – full stop. Im here for it."
Jerome K	Ellenwood	GA	30294	United States	46166	"I've known Manny for 15 years. He doesn't want to hurt this community-he wants to raise property values and make the area attractive for other investors. That's what responsible developers are supposed to do."
Felicia D	Decatur	GA	30032	United States	46166	"I signed the petition after a small gathering at a neighbor's house. At first I was against it. But Ralph and Manny sat down with us and shared a revised safety plan that addressed literally every concern we raised. They listened. They changed the plan based on our pushback. That's more than any other developer has ever done here."
Tyrone B	Lithonia	GA	30038	United States	46166	"People act like saying "yes" to this project means saying "no" to a food hall or rec center. It doesn't. This project brings tax revenue and economic activity-which actually helps fund those things. An abandoned Walgreens gives us nothing. Basic economics."
Natasha P	Ellenwood	GA	30294	United States	46169	"I don't love the idea of a bottle shop. But I love the idea of that corner being dark and empty even less. Ralph and Manny have offered to put in lighting, security, and a community roomto host events. That's a net positive. I'm not thrilled, but I'm realistic."
Jamal Williams	Decatur	GA	30032	United States	46171	"Man I'm tired of seeing empty buildings just sitting there collecting trash. At least somebody tryna invest in the community."
Aaliyah Johnson	Stone Mountain	GA	30088	United States	46172	"Folks always hollering about jobs and redevelopment till somebody finally step up to do it."

Malik Brown	Lithonia	GA	30058	United States	46172	"If they bringing cameras, security, lighting, and cleaning the property up I really don't see the issue."
Keisha Davis	Decatur	GA	30035	United States	46172	"I'm supporting Black business and community investment every time. We need more ownership out here."
Jionni Minyard	Kathleen	GA	31047	United States	46172	"That building been dead forever. I'd rather see motion than another empty lot."
Carolin Agee	Lilburn	GA	30047	United States	46172	"South side folks deserve nice development too, not just North Atlanta."
Sky Treiber	Norcross	GA	30093	United States	46172	"The county ignored the property for years but now somebody wanna fix it and suddenly everybody got a problem."
Reginia Vess	Orlando	FL	32808	United States	46172	"I ain't mad at it. Clean it up, bring jobs, add security, and keep it pushing."
Mouhamed Re	Duluth	GA	30096	United States	46172	"Long as they running it responsibly and keeping the property clean I support it."
Imani Harris	Lithonia	GA	30058	United States	46172	"Honestly the area need more investment period. Can't keep letting buildings sit empty for another 10 years."
Precious Oscar	Ellenwood	GA	30294	United States	46172	"I drove past that property plenty times. Anything would look better than what it is now."
Tamika Walker	Lithonia	GA	30058	United States	46172	"Folks be wanting economic growth but shutting down every project that come through."
Raven Stewart	Stone Mountain	GA	30088	United States	46173	"A Black-owned business putting money back into South DeKalb? Yeah I support that."
Tanisha James	30294	GA	Ellenwood	United States	46173	"If they adding security and keeping the property up, that's already better than most abandoned spots around here."
Tameka Bennett	30294	GA	Ellenwood	United States	46173	"South side always get treated like it don't deserve quality businesses. I'm glad somebody finally trying."
Donte Foster	30032	GA	Decatur	United States	46174	"South DeKalb deserve businesses that actually look decent instead of abandoned spots everywhere."

Alana Owens	30288	GA	Conley	United States	46174	"Support this campaign!"
Jaylen Daniels	30032	GA	Decatur	United States	46174	"They turned our Publix into a Goodwill. That's the first L. Then the Walgreens next door went empty. Now y'all wanna block a liquor store at 5395? We already lost a grocery store. Don't take this too."
Tamika Franklin	30294	GA	Ellenwood	United States	46174	"I ain't driving 20 minutes past 285 in rush hour just to buy a bottle no more. Put one on Covington Hwy. I don't care if it's in the old Walgreens or a shed. Just something."
zahira perez	Guaynabo	PR	971	United States	46174	"I'm tired of looking at that tire shop with 12 junk cars and an old sofa. No zoning board says nothing. But a clean liquor store? 'Oh no, the property values.' Please."
Raven Drake	30294	GA	Ellenwood	United States	46175	"Every time I pass that empty Walgreens I see tents. Folks sleeping in the drive-thru. A liquor store with lights and people coming and going clears that out overnight. Don't act like you don't know."
Dwight Rivers	30294	GA	Ellenwood	United States	46175	"That Goodwill replaced our grocery store. Think about that. They said we don't deserve fresh food, just used clothes. And now they wanna block a liquor store too? Nah, we done."
Zaria Sharpe	30074	GA	Redan	United States	46175	"I sat in traffic on Covington for 35 minutes yesterday. Just to get past Hairston. Then I still had to drive to Memorial for a bottle. That's a whole work shift for a bottle of wine. Put one here."
Tanisha Zanders	30294	GA	Ellenwood	United States	46175	"Y'all love to say 'think of the children.' The children walk past that massage parlor with the purple light every morning. They walk past the broken glass at the old Walgreens. A liquor store ain't the problem."
Tameka Goodwin	30074	GA	Redan	United States	46175	"The tax money from a liquor store could fix them potholes on Covington that ate my tire last week. Y'all want good roads but don't want nobody to pay for 'em. Make it make sense."

Reginald Raines	Decatur	GA	30035	United States	46175	"I'm tired of hearing 'not in my backyard.' The backyard already got a Goodwill, a shady massage parlor, and a tire dump. A liquor store ain't gonna ruin nothing. It might actually help."
Montario Chapman	30294	GA	Ellenwood	United States	46176	"If you don't drink, walk on by. Keep walking past the smoke shop, past the hot wing spot, past the empty Walgreens. Walk all the way to your house. We'll handle ours."
Miracle Hodge	Stone Mountain	GA	30088	United States	46176	"That mechanic shop with the junk pile? That's where stolen cars get stripped. But y'all don't say nothing. A liquor store with a license and an alarm system? 'Oh no, crime.' Focus."
Deangelo McClain	Stone Mountain	GA	30088	United States	46176	"Y'all ain't said one word about the smoke shop selling loosies to kids. Not one. But a licensed liquor store that checks IDs? 'Oh no, the children.' Y'all pick and choose."
Jennifer Stewart	Moorcroft	WY	82721	United States	46176	"How can you legally stop someone from building? You can't. You can complain, you can sue, you can waste tax dollars on lawyers. But eventually they're gonna build. So why fight it?"
Anthony Chapman				United States	46179	"I know our community does not need another liquor store in our area. Can we look at better decision making that will improve our community quality of life."
Rashid Easley	Stone Mountain	GA	30088	United States	46180	"The same people blocking this liquor store probably got a wine fridge at home and a cabinet full of whiskey. But don't want nobody else to have access. Hypocrites."
Rodney Williams	Decatur	GA	30035	United States	46180	"Businesses don’t bring crime. Social, economical and educational reasons bring crime."

Figure E-2: Official DeKalb County Department of Planning & Sustainability Alcoholic Beverage License Survey form, certified and sealed by Gordon Persons, GA License #1918, confirming all distance requirements are met.

Notice of SLUP (Special Land Use Permit) Application Community Meeting

Dear Neighbor,

We are planning to apply for a **DeKalb County Special Land Use Permit (SLUP)** for a proposed **Package/Liquor Store** at the former Walgreens location:

5395 Covington Highway
Decatur, GA 30035

We invite you to learn more about the project, ask questions, and share your feedback at our upcoming community meeting:

Date: April 2, 2026
Time: 6:00 PM – 8:00 PM
Location: Zoom (Virtual Meeting)

- Meeting ID: 899 7289 9180
- Password: 265142
- Join at: zoom.us/join

If you have any questions or would like the direct Zoom link emailed to you, please contact:

- **Phone:** 678-230-6563
- **Email:** mannysingh1@comcast.net

We look forward to your participation.

Sincerely,

Manny Singh
Cell: 678-230-6563
Email: mannysingh1@comcast.net

I have no objection to this Liquor store at this location 5395 Covington Highway, Decatur, GA 30035

Name OL ICCLW Address: 5343 Covington Hw
Email: OPKelly123456@GMAIL.COM

Liquor License

To mannysingh1@comcast.net <mannysingh1@comcast.net> •
virsimman@yahoo.com <virsimman@yahoo.com> •
mdjohnson@dekalbcountyga.gov <mdjohnson@dekalbcountyga.gov> • plansustain@dekalbcountyga.gov

Dear Commissioner Johnson:

I am writing to express my strong support for the liquor store license application submitted by my former employer, Manny Singh & his wife Virginia Singh, for the former Walgreens location at 5395 Covington Highway, Decatur, GA 30035.

I am originally from Lithonia, Georgia, and have worked under Mr. Singh for over six years- from 2006 to 2012 at the Chevron located at 3316 Snapfinger Road, Lithonia, GA 30038.

Based on my many years of experience working with Mr. Singh, I can confidently speak to his professionalism, integrity, and strong work ethic. He maintains positive relationships with both his customers and employees, treats everyone with respect, and does not discriminate on the basis of race or background.

I am confident that this business will be operated responsibly and with careful consideration for the surrounding community. In addition, the establishment has the potential to contribute positively to the local economy by creating job opportunities, including for myself and others, while also providing a convenient service to residents.

For these reasons, I fully support the approval of this liquor store license application. Please feel free to contact me if you require any additional information.

Sincerely,

Tasha Johnson

Good afternoon, would you be able to support this liquor license at the closed walgreens ?

Good afternoon! You have my support Manny.

Awesome Sir and Thanksn

Delivered

Yessir no worries.
