The Hotel / Motel Fund accounts for transactions involving DeKalb County's original Hotel / Motel Tax of 2%. This tax was approved by the Board of Commissioners in December 1997. Subsequently, this tax was increased to 8%. This excise tax is used to promote tourism, conventions, and trade shows. In addition, funds can be expended for "tourism product development" which is the creation or expansion of physical attractions which improve the destination appeal to visitors, support visitors' experience, and are used by visitors. Such expenditures may include capital costs and operating costs. As all proceeds of the Hotel/ Motel Tax are designated for various purposes by the enabling legislation, all revenue is allocated to those purposes and this fund should carry no fund balance.

House Bill 317, which expanded the definition of "innkeeper" to include marketplace facilitators like AirBnB

 FY22 Budget Request / Recommendation Sheet

**Departmental Description**

OMB was created as standalone unit under the CEO/COO in 2015, to emphasize the recommendation, creation, and passage of an annual budget and capital improvement plan along with subsequent modifications. The budget shop was also designed to help establish and enforce day-to-day budgetary, financial, and management policies through the offices of the CEO/COO; to act as the primary research arm for the CEO/COO; and to act as a coordinating management arm of the CEO/COO on inter-departmental processes. OMB also publishes regular common reports: the annual budget proposal, the post-budget passage documents; budgets in brief; and documents for significant proposals during the year, etc.

In August 1989, the Board of Commissioners adopted "Jail Construction and Staffing Act" which provides for the imposition and collection of the additional 10% penalty assessment on criminal and traffic cases. The proceeds must be used for constructing, operating, and staffing county jails, county correctional institutions, and detention facilities or pledged as security for the payment of bonds issued for the construction of such facilities.

**Departmental Description**

Debt is primarily overseen by the Finance Department. The Director's Office is responsible for monitoring the amount and type of debt that the county has been committed to repaying in association with the county's financial advisor. The Finance Department's Treasury Division is responsible for paying current year obligations for debt service. The ultimate decision maker for committing to more debt is the responsibility of the governing authority consisting of the Chief Executive Officer and the Board of Commissioners. Debt is classified by the source that is used to pay the principal and interest. A General Obligation (G.O.) Revenue Bond is a debt obligation based upon the full faith and credit of the county. G.O. debt is payable from a levy of a direct ad valorem tax on taxable property within the county. DeKalb has G.O. debt that is countywide as well as debt that is limited to the unincorporated areas of the county. This debt is based upon the citizens voting "yes" on a referendum to obligate the county. The creation of new municipalities in the county does not relieve the new city of their responsibility for the debt service of unincorporated debt if the area was unincorporated when the referendum was held. The Tax Funds have several ongoing debt service funding obligations, which are now paid from a Debt Service Miscellaneous department within the four funds bearing these obligations to increase transparency. Prior to FY2016, these payments were paid from the Non-Departmental entities. (The General Fund began paying Building Authority debt service from this department in FY2015.)

 FY22 Budget Request / Recommendation Sheet

**Departmental Description**

Debt is primarily overseen by the Finance Department. The Director's Office is responsible for monitoring the amount and type of debt that the county has been committed to repaying in association with the county's financial advisor. The Finance Department's Treasury Division is responsible for paying current year obligations for debt service. The ultimate decision maker for committing to more debt is the responsibility of the governing authority consisting of the Chief Executive Officer and the Board of Commissioners. Debt is classified by the source that is used to pay the principal and interest. A General Obligation (G.O.) Revenue Bond is a debt obligation based upon the full faith and credit of the county. G.O. debt is payable from a levy of a direct ad valorem tax on taxable property within the county. DeKalb has G.O. debt that is countywide as well as debt that is limited to the unincorporated areas of the county. This debt is based upon the citizens voting "yes" on a referendum to obligate the county. The creation of new municipalities in the county does not relieve the new city of their responsibility for the debt service of unincorporated debt if the area was unincorporated when the referendum was held. The Tax Funds have several ongoing debt service funding obligations, which are now paid from a Debt Service Miscellaneous department within the four funds bearing these obligations to increase transparency. Prior to FY2016, these payments were paid from the Non-Departmental entities. (The General Fund began paying Building Authority debt service from this department in FY2015.)

O1.	Upgrade phone system at Camp Circle In November 2017 we upgraded our 911 call handling system in the primary E-911 center at headquarters, West Exchange location. The next step is to upgrade and integrate the phone system at our back-up location at Camp Circle. If we have an emergency situation or a failure at our primary center our protocol is to fall back to the back-up center and continue operations. The phone system at the back-up is no longer supported by AT&T and needs to be upgraded to integrate with the system at West Exchange.	-	290,000	290,000	-	290,000	290,000	-

This system is used by all DeKalb Public Safety personnel and is critical to their safety daily. With that said, we identified the need to be able to quickly deploy and connect our backup power supply (Baldor Portable Generator) to any of the 10 radio tower sites in the event of total power loss at the site. These connections would allow us to quickly connect the Baldor Portable Generator to each building's exterior.	-	120,000	120,000	-	120,000	120,000	-

C1.	SCBA Replacement The department will have to replace all self contained breathing apparatus by 2023. The current SCBA service life by NFPA regulations is 10 years. The current cash of Scott SCBA were placed in service in 2013 and show signs of extreme wear and tear due to extensive use in fire suppression operations. The project will consist of SCBA testing, specification, and procurement in 2022. This cannot be partially funded. Due to NFPA regulations all SCBA must be replaced at one time.	-	4,500,000	4,500,000	-	4,500,000	4,500,000	-
C2.	Apparatus Bay Door Replacement The department has experienced significant out of service time for apparatus bay doors. The majority of stations still have the original bay doors and operators from when the station was built. These doors cycle over 24,000 per year. Maintenance cost for apparatus bay door repairs exceeds \$100,000.00 per year. In 2015 Fire Station 3 opened with mechanical bi-fold doors. To this date the doors have never been out of service nor required a repair at FS 3. The department would like to upgrade all stations that are not being rebuilt through SPLOST with new bi-fold doors. This project can be partially funded over the next 3 years. The amount listed would replace all current doors in one year.	-	400,000	400,000	-	400,000	400,000	-

**Departmental Description**

The Department of Human Services consists of five units: Office of Aging, Human Services Administration, Office of Youth Services, Lou Walker Senior Center and Central DeKalb Senior Center. The Office of Aging coordinates and collaborates with seniors, elected officials, other County departments, service providers, the business community, civic organizations and faith based organizations to assure a continuum of exceptional services for DeKalb County's diverse senior population and to promote the highest quality of life for the senior population of DeKalb. The Central DeKalb Senior Center was created for older adults 62 and above and is approximately 17,000 square feet. The Lou Walker Senior Center was created for active older adults 55 and older. It's "multipurpose" fee based membership community devoted to extending the vibrancy and productivity of the growing "baby boomer" population. The center is designed operationally into four main "corridors" of activity and programming: Sports & Fitness; Technology; Lifelong Learning and Safety and Defense. Compliant with the Older Americans Act of 1965, the center is utilized as a model of "world class" programming and customer service innovations with measurable results that can be replicated throughout the Human Services network of service centers for senior citizens. The Office of Youth Services (OYS) is the centralized office whereby children, youth, parents and community stakeholders can access new and existing signature youth programs and initiatives. OYS works to strengthen programs that ensure the development of well-rounded children and youth in the areas of wellness, entertainment, leadership development and a host of other areas as well. The Human Services Administration's primary focus is grants management of the Human Services Grants program. The division oversees and monitors over 48 nonprofit grants to providers from domestic violence to youth services and a number of other disciplines.

**JUVENILE COURT (03400)**  
**General Fund (100)**  
 FY22 Budget Request / Recommendation Sheet

**Departmental Description**

The Juvenile Court has exclusive jurisdiction over juvenile matters concerning any child who is alleged to be delinquent, in need of services, or dependent. It also has jurisdiction over juvenile traffic offenses and special matters transferred to the Court from Superior and Probate Courts. Four judges conduct all hearings. The Probation Division, which operates 24 hours a day, screens all children referred to the Court for further detention and processes charges, which are filled with the Court. This division also assesses, prepares social histories for, and supervises children who are placed on formal or informal probation by the Court. The Clerk's Division is responsible for maintaining all original records for the Court, including legal financial, and electronic images. This division also prepares and submits required paperwork and records to appellate courts. The Administrative Division provides support to the entire Court, including human resource management, budget, benefits, training, procurement, grant management, and computer services to support the court's operations. The Juvenile Services Fund accounts for funds received under a Georgia law which allowed supervision fees (O.C.G.A. S 15-11-37) to be charged for certain probation services. Juvenile Court uses these fees for housing in non-secure residential facilities, educational and tutorial services, counseling and diagnostic testing, mediation, transportation to and from court ordered services, truancy intervention, restitution programs, job development or work experience programs, community services and any other service or program needed to meet the best interests, development, and rehabilitation of a child.

**Departmental Description**

The Juvenile Court has exclusive jurisdiction over juvenile matters concerning any child who is alleged to be delinquent, in need of services, or dependent. It also has jurisdiction over juvenile traffic offenses and special matters transferred to the Court from Superior and Probate Courts. Four judges conduct all hearings. The Probation Division, which operates 24 hours a day, screens all children referred to the Court for further detention and processes charges, which are filled with the Court. This division also assesses, prepares social histories for, and supervises children who are placed on formal or informal probation by the Court. The Clerk's Division is responsible for maintaining all original records for the Court, including legal financial, and electronic images. This division also prepares and submits required paperwork and records to appellate courts. The Administrative Division provides support to the entire Court, including human resource management, budget, benefits, training, procurement, grant management, and computer services to support the court's operations. The Juvenile Services Fund accounts for funds received under a Georgia law which allowed supervision fees (O.C.G.A. S 15-11-37) to be charged for certain probation services. Juvenile Court uses these fees for housing in non-secure residential facilities, educational and tutorial services, counseling and diagnostic testing, mediation, transportation to and from court ordered services, truancy intervention, restitution programs, job development or work experience programs, community services and any other service or program needed to meet the best interests, development, and rehabilitation of a child.

**STORMWATER (06700)****Stormwater Management Operating Fund (581)**

FY22 Budget Request / Recommendation Sheet

**Departmental Description**

DeKalb County established the Stormwater Utility (SSWU) as an Enterprise fund in 2003. The corresponding fee was implemented on January 1, 2004. Each property in DeKalb County that has impervious surface is assessed a SWU fee. Exemptions include Right of Ways, railroad tracks, and properties where 100% of the runoff is contained on the premises and no runoff enters into the stormwater management system. DeKalb County also established a SWU fee credit program where commercial properties can apply for stormwater credits of up to 40%. The Stormwater fee is included as an assessment on the annual property tax bill. The fees are collected by the Tax Commissioner's Office. The funds collected are used to maintain, repair and upgrade DeKalb County's stormwater drainage system, perform the duties necessary to comply with the National Pollutant Discharge Elimination System (NPDES) permit, and maintain programs designed to reduce flooding, erosion and water pollution caused by stormwater runoff. Currently, in addition to its own SWU database, DeKalb County is responsible for the development and maintenance of the SWU database for the cities of Clarkston, Doraville and Lithonia.

It is also important for the traffic calming program because people previously would try to manipulate the data (drive faster over the tube if they wanted traffic calming, drive slower if they didn't) when they were able to see when we were doing the study.	-	15,000	15,000	-	15,000	15,000	-

**Victim Assistance Fund (206)**  
 FY22 Budget Request / Recommendation Sheet

**Departmental Description**

In 1995, the Victim Assistance Fund was established. This fund consists of DeKalb County's appropriation of an additional 5% penalty assessment imposed upon criminal offense fines (O.C.G.A. 15-21-131). Effective July 1, 1997, the Recorder's Court, now the Traffic Division of State Court, was added to the courts already collecting this assessment for victim assistance programs. The Board of Commissioners issued a directive that costs associated with the District Attorney's and Solicitor's victim assistance programs should received funding first, and any remaining dollars will be allocated to fund the victim assistance programs.
