This letter formally submits the Executive Branch's proposed budget for Fiscal Year 2015 to the Board of Commissioners for its consideration. This budget's highlights include:

- A millage rate for the entire unincorporated area that remains at 21.21 mills. This rate has been unchanged since 2011;
- An overall reduction of 2.0% in the Tax Funds' budgets from \$555 million to \$544 million;
- A growth in fund balance of \$1.7 million for the tax funds (a year end level of \$37.5 million), unlike the Fiscal Year 2014 budget, which expended \$30 million of fund balance; and
- A very minor change in countywide expenditures from \$1,132,420,584 to \$1,132,675,032.

This budget is not proposed lightly. In it are numerous reductions to services to begin the process of rightsizing county government. The brunt of these reductions is to tax funded departments that disproportionately affect departments under the CEO's direction as opposed to those outside that control. While these cuts are intended to permanently decrease staffing levels, the proposal does not include reductions to current active staff. Attrition of current staff through normal processes is the preferred method of reducing the workforce. With that attrition, department heads will be given discretion to restructure their departments within remaining staff and funding.

Background The Fiscal Year 2014 budget proposal was submitted in December 2013, only five months after the suspension of the Chief Executive Officer in July. The interim administration was sworn in during the beginning stages of the budget process and produced a budget that kept a flat millage rate and created a projected tax funds'

balance of \$42.2 million. This budget was passed by a vote of 6 to 0 on February 27, 2014.

At mid-year, an amended budget was brought forth based on a countywide tax digest that grew 6.9% (\$21.087 billion to \$22.546 billion) and an unincorporated digest that grew 1.2% (\$12.372 billion to \$12.520 billion). The projected year-end fund balance changed to an estimated \$36.4 million, using only \$5.8 million additional fund balance. The 2013 mid-year budget revision passed by a vote of 4 to 2 on July 8, 2014.

Tax Fund	Starting Fund Balance	Revenue	Expenses	Ending Fund Balance	Months
General Fund	7,246,395	310,426,266	299,023,287	18,649,374	0.75
Fire (270)	1,123,462	58,284,952	56,721,088	2,687,326	0.57
Designated (271)	9,871,032	28,222,107	36,095,302	1,997,837	0.66
Unincorp (272)	4,323,371	9,999,912	11,849,534	2,473,749	2.51
Hospital (273)	(870,323)	19,005,063	17,491,406	643,334	0.44
Police (274)	3,388,133	111,080,919	107,609,728	6,859,324	0.76
Bond (410)	3,699,062	674,138	2,328,500	2,044,700	10.54
Bond (411)	7,006,891	7,778,881	12,620,219	2,165,553	2.06
	35,788,023	545,472,238	543,739,064	37,521,197	0.83

The proposed budget for Fiscal Year 2015 plans to grow fund balance by 4.6% to \$37.5 million. The General and Police Funds will have three weeks of fund balance and the other three Operating Tax Funds will have roughly two weeks or more. This is a major step towards the goal of independently maintaining a reserve of one month in each tax fund.

Directives to Departments for 2015 Unlike previous years, departments were not instructed to submit requests below a certain percentage of their current year budget. In this budget cycle, departments were given a target level dollar figure for their “base budget request.”

Target base levels were determined by the financial health of the particular fund along with early revenue estimates developed late in the summer of 2014. The “base budget” was defined as maintaining the same level of services and staffing without the addition of new positions, programs, or initiatives.

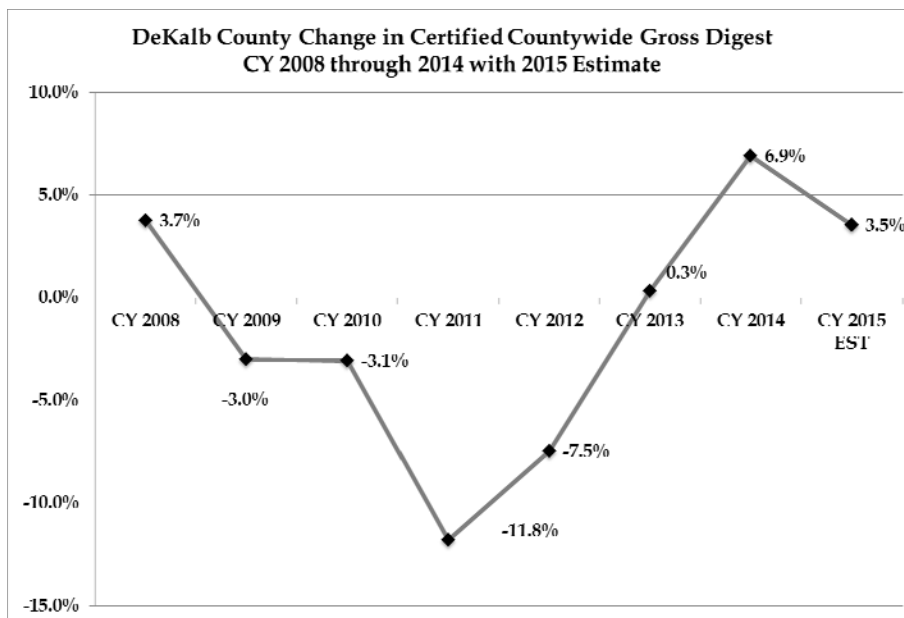

If departments were unable to fund their existing operations within the target level, they were permitted to request additional “base” funding in a category called “excess above target.” Departments were instructed that “excess above target” requests should be the lowest priorities of the department’s existing operations, and justifications for the requests as well as impacts, if they were not funded, should be included.

As per usual, program modifications and capital projects were submitted separately. Few program modifications or capital projects were approved. These are discussed in further detail later in this document.

2015 Assumptions Due to the requirement to submit the Fiscal Year 2015 in December 2014, certain assumptions are necessary to create the budget. These assumptions are based upon the best information available at that time and are subject to change throughout the budget process.

The first major assumption is initial starting fund balance for all funds. These assumptions are created on estimates done in the latter part of the current fiscal year for each of the 34 operating funds. As the books have not closed for the current fiscal year at the time of this proposal, the amounts shown as starting fund balances are preliminary and will be revised in an amendment letter in late January or early February.

If extra funding becomes available when starting fund balance figures are finalized, the primary goal will be to commit as much extra funding into ending fund balance as possible. However, should the need arise, some operational issues may also be addressed at that time.

The second major assumption is growth of the property tax digest. As most of the nation has learned in the past several years, house values are no longer assured to steadily increase. That being said, indexes of county home values were analyzed to estimate the increase in residential prices between January 2014 and early fall.

The digest used to create this budget assumes an overall growth of 3.6% for the county as a whole and 3.0% for the unincorporated areas. As a note, the projected net digest growth rates (as opposed to gross) are 4.1% for countywide and 5.1% for unincorporated. Ratios of commercial property and non-exempted or non-homesteaded properties in each digest impact this swing.

Narrative of the Budget Process Budget requests were due on October 6. Base budget and excess above target numbers were reviewed in a traditional manner by staff. Program modifications were analyzed for potential impact, with public safety and security being the primary concern; ongoing obligations and operations being secondary.

Increases in the budgets of departments were primarily in a few major areas: annualization of last year's pay raises (\$5.8 million), an increase of the county's pension contribution from 14% to 17% (\$8.6 million), increase of the county's health insurance contribution (\$1.2 million) and renewing the contribution to the vehicle replacement fund (\$11.0 million), totaling \$26.6 million.

Because the growth in revenue was inadequate to cover the base budget at this stage, alternate scenarios were developed. A threefold-approach was implemented:

- The millage rates between individual funds were rebalanced so that no fund ran into a year end deficit; however, the cap of 21.21 as the standard unincorporated rate was maintained;
- A replacement plan of refinancing bonds was incorporated into the proposed 2015 budget, resulting in savings of \$19 million for the tax funds; and
- Deputy Chief Operating Officers reviewed the proposed budget at that stage and recommended further reductions totaling approximately \$13.6 million to achieve a higher level of fund balance.

Program Modifications and Capital Projects Even though this budget primarily decreases expenditures, some new programs or capital projects are added. In summary:

- \$5 million dollars of capital funding is included in **Roads & Drainage** to be used as **matching funds for road resurfacing**. In previous years, sales tax (HOST) monies could be used, but only \$1.5 million is available in 2015. \$3.5 million of additional capital funding was included in Roads & Drainage's budget to make up the difference.
- \$1.7 million was added to **Finance/Water Billing** for customer service representatives and other related operations.
- \$1.5 million was added to **Information Technology, Water & Sewer, and Sanitation** to a capital project to improve the county's purchasing system.
- \$827 thousand was added to **Information Technology, Planning, and Water & Sewer** to a capital project to improve the county's permitting system.
- \$305 thousand was added to **Fire** for operations of the DeKalb Emergency Management Agency, including notification efforts.
- \$250 thousand was added to **Libraries** to repair the parking deck at the Decatur branch.

- \$200 thousand was added to the **Sheriff** as a capital project to replace the security access control system at the courthouse.
- \$200 thousand was added to **Facilities** for **installation of backflow preventers at county facilities** as required by the federal government.
- \$167 thousand was added to the **Tax Commissioner** for armed security at the main and satellite offices.
- \$153 thousand was added to **Geographic Information Systems** to complete fly over mapping of the county.
- \$75 thousand was added to **Juvenile Court** for courtroom camera safety equipment.

Departmental Restructuring In this budget, some structural changes, which affect departmental budgets, are included. Major ones are:

- Mail room functions are moving from Purchasing to Facilities.
- Parking deck operations are moving from Finance to Facilities.
- The budget section of Finance is being moved to a department level unit.
- Business license staff are moving from Finance to Planning.

Notes on the 2015 Budget The following list details other issues of which all members of the governing authority should be aware.

- **E911 Fund.** This budget reduced spending in the E911 fund 19.5% mainly because of the drop of a one time cost. However, the proposed budget puts in an emergency valve loan from the General Fund of \$514 thousand should it be needed. DeKalb and other counties are beginning to face increased pressure due to diminishing E911 funds.
- **Sanitation Fund.** There have been ongoing public discussions about the county transitioning to once a week garbage collection. Under current revenue projections, no capital contributions could be made from the Sanitation Fund in 2015 and operational expenses were reduced 3.7%. The staff in Sanitation have presented a proposal for once a week collections which would work within the framework of the proposed budget. This change in service delivery will improve the long term sustainability of the fund.
- **Tax Fund Stability.** While this budget proposal increases fund balance, this will only be achieved if spending is curtailed. In some instances that will mean reduction in certain services to the public.
- **Development Fund.** The 2015 proposed budget is designed to eliminate all outstanding debt from the Development Fund. A short term plan has been created by staff to improve its solvency in conjunction with the new permitting system.
- **Recreation Fund.** Despite improvement in 2013, the Recreation Fund is projected to end 2014 with a deficit fund balance. A tighter expenditure

control has been created in the proposed budget, but a permanent solution is needed.

- **Forecasting.** The administration is committed to improving the county's financial and budget forecasting efforts, which is an impetus to move the Budget section of Finance to a departmental level unit. The December 15 submittal does not include a short term forecast for the tax funds, but one will be developed over the Christmas holidays.
- **More stringent criteria in refilling vacant positions.** In an effort to right size the county, requests to refill positions will undergo a higher level of scrutiny. This effort will be combined with the compensation and organizational studies in an effort to make DeKalb County Government the best that it can be.

How to Read the Schedules

The proposed 2015 budget is part of an evolving process to make the budget more transparent and understandable. With over 6,500 employees and \$1 billion of appropriations, a document this size cannot possibly answer every question; however, the goal is to, step-by-step, provide more answers each year.

This 2015 budget is broken into two books. Book “A” is the primary book consisting of overall schedules, fund sheets, and department sheets. Book “B” is the secondary book with line item detail. Comments on reading the various schedules follow.

The **Control Sheet** shows each operating fund (and department) in one line comparing the Mid-Year 2014 budget, the Proposed Base for 2015, then Program Mods and Capital Improvement Projects.

The **Millage Rate Sheet** shows the actual millage rates at the smallest level in FY 13, FY 14, and proposed FY 15. It also shows the change by year and by two year increments.

The **Fund Sheet** shows for both FY 2014 and proposed FY 2015 budgets, the starting fund balance for each fund, changes in revenue, changes in expenditures, and ending fund balance.

The **Department Sheets** show multiple schedules. The first is historical information at the cost center and common object group level, along with the department’s request and the 2015 recommendation. The second is a more detail listing of changes to the base budget and program modifications, as requested and as recommended. It may also include some extra notes about each department’s budget.

SUBJECT: 2015 Amendment Letter

This letter formally submits the Executive Branch's proposed amendment for the budget submitted on December 12, 2014. Highlights of this amendment include:

- Changing the refinancing of the General Obligation Bonds Series 2006 so that the savings are level versus the original proposal of "upfront savings". This creates a net increase in expenses of approximately \$15 million;
- Reducing the burden of that expense by using \$10 million of unspent bond proceeds for the General Obligation Bonds Series 2001 to make part of the final payment in 2015;
- Planning to use \$5.0 million of the Series 2006 Bonds to match state road resurfacing money, reducing \$3.5 million of tax fund expenses and dedicating \$1.5 million of HOST funding for other capital projects;
- Fund balances have been adjusted to reflect current estimates. The December 15th submittal had estimated starting fund balances of \$35.8 million for the tax funds. Current revised estimates are now \$46.0 million;
- New proposed millage rates have been aligned to balance out fund balances. The benchmark rate of 21.21 mills remains the same, but a lowering of the General Fund rate due to a higher than expected fund balance; and
- Reducing the previously proposed increase to cities and thereby yielding a two year median increase of only 0.9%.

Our previous budget submittal indicated an ending fund balance of \$37.5 million; that number grows to \$38.1 million due to the adjustments noted previously. It should also be noted that the amended budget uses \$7.9 million in fund balance and also includes \$8.0 million in one-time costs. The use of fund balance is essentially equal to the amount of one-time costs, which allows us to negate a structural operating deficit. This figure does not even include claiming the last 2001 Series payment as one-time costs.

This new ending fund balance will be equal to 0.82 months for all tax funds and 0.90 months when only the major five operating funds are considered. Those individual funds will have the equivalent of between 0.81 and 0.95 months reserve at the end of 2015. Should expenditures in the five operating funds be held at 99% or lower, then the county would have in aggregate one month reserve in the five major funds at the end of 2015.

Outside of the previously mentioned bond refinancing adjustments some countywide costs were reviewed and adjusted after the December 12th submittal:

- Globally, \$6.4 million was increased in multiple departments for workers compensation (\$2.6 million of that in the tax funds) to adjust for incurred but unreported claims. Previously, those claims had been held on a balance sheet, and the county's external auditor expensed them in 2014. In some cases, the one-time increase may be significant, but this increase will be a one-time occurrence and not appear in 2016 as it is only a charge to compensate for previous workers compensation claims. Going forward, only new claims or adjustments will need to be reflected;
- Approximately \$2.8 million was reduced in anticipated fuel charges based on the recent decline in gas prices with \$1.1 million of this affecting the tax funds. As usual, prices will be monitored regularly and adjusted if needed at mid-year; and
- The net effect of reviewing encumbrances reduced the budget in the tax funds \$2.7 million. Only qualified encumbrances were carried forward.

Departmental adjustments were kept to a minimum, with a great deal being one-time costs or encumbrances. Those of a larger amount include the following:

- **Water & Sewer** \$9.5 million increase to renewal and extension efforts, reducing the need for additional bond funding.
- **Sanitation** \$6 million increase to the operating fund due to a higher than expected beginning fund balance. Since this increase comes from fund balance, it does not eliminate the need to review service delivery for this service.
- **Information Technology** \$1 million increase for contractual encumbrances from 2014.
- **Grady** \$1 million more in subsidized operations due to higher than anticipated fund balance and use of 2015 funding.
- **Police** \$861 thousand increase in equipment for new patrol cars, due to make/model change.
- **Facilities Management** \$800 thousand increase for a Facilities Master Plan and \$264 thousand for repairs to the Maloof Building Elevator.
- **Solicitor General/Public Defender/State Court** \$715 thousand and eleven positions increase to expand operations and change service delivery in prosecuting, defending, and administering Recorder's Court.

- **Property Appraisal** \$600 thousand increase for the first phase of an imaging database project.
- **Clerk of Superior Court** \$587 thousand increase as a capital project for the next phase of their case management system. This phase was omitted in the December 12th submittal.
- **E911** An elimination of the proposed \$514 thousand subsidy to the E911 funds as new fund balance numbers and revenue projections show it may not be needed.
- **Sheriff** \$421 thousand increase for contractual encumbrances from 2014.
- **Law** \$303 thousand increase for contractual services not covered in the original proposal.
- **Executive Assistant** \$186 thousand increase for executive leadership training.
- **Planning** \$100 thousand increase for two studies for Industrial and Land Use (\$30 thousand), and Neighborhood Nexus (\$70 thousand).
- **HOST Funding** \$1.5 million previously programmed for road resurfacing (which will now be covered through bonds) was designated towards Image Database (Property Appraisal) \$600,000; R12/Oracle Reporting Improvements (IT) \$500,000; Security Access Control System (Sheriff) \$200,000; and Backflow Preventers (Facilities) \$200,000.
- **Solicitor General/District Attorney** \$444 thousand of funding was added to the Solicitor General's budget and reduced in the District Attorney's budget for a position transfer approved in December 2014.
- **Risk Management** The Risk Management Fund shows an increase of \$92.5 million, however that is an administrative change only. The charges previously were shown as liabilities.

Amendment Version 101, 2/27/2015

I proposed the following amendment to the agenda item marked "Substitute for 2/27/2015, Reflects CEO 2/9/2015 Amendment Letter."

To increase and decrease appropriations according to the attached Schedule A with the following intent:

- \$2,389,035 increase to the Police - Police Fund to fund staffing at the average 2014 level.
- \$200,000 increase to the Board of Health for emergency preparedness (\$100,000) and infant mortality prevention (\$100,000).
- \$200,000 increase to the Community Service Board for teen mental health issues (\$100,000) and a mobile crisis unit (\$100,000).
- \$200,000 increase to General Fund - Non Departmental to be transferred to Community Development for small business development classes (\$100,000) and small business micro-loans (\$100,000).
- \$167,857 increase to Planning - Unincorporated Fund and five additional code enforcement officers with equipment.
- \$100,000 increase to Parks for youth development STEM programs.
- Decreases in projected reserves in each appropriate fund to maintain a balanced budget.

Primary Purpose: To provide information and analysis to the elected decision makers of DeKalb County in order for them to make public policy decisions. Secondary Purpose: To assist the CEO/COO in developing, implementing, and overseeing day-to-day management procedures of county operations; inclusive of in depth financial and programmatic analysis, along with regular evaluations of previous proposals.

Operations: OMB will retain the operating and capital functions of the current budget unit. Grants applications and management will stay within the Executive Assistant and Finance. OMB's primary responsibilities will be: Recommendation, creation, and passage of an annual budget and capital improvement plan along with subsequent modifications; Recommendation, creation, establishment, and enforcement of day-to-day budgetary, financial, and management policies through the office of the COO; Coordination of the CEO's agenda item process, inclusive of approvals, recommendations, review, rejections, and corrections of items; In initial year, will create a formal review process inclusive of legal and financial oversight to improve clarity and likelihood of passage; Act as the primary research arm for the CEO/COO; Act as a coordinating management arm of the CEO/COO on inter-departmental processes; Publish regular common reports: Annual budget proposal, post-budget passage documents; budgets in brief; documents for significant proposals during the year; etc.; Create and maintain (in conjunction with the appropriate department) databases and reports of common information for internal and external use. Budgets, expenditures, receipts, personnel, salaries, vehicles, etc.

Staffing: All positions and operations will report to the CEO/COO and be shown on the Budget Resolution separately at the departmental level as the Office of Management and Budget ("Budget"). Currently there are 19 positions which are in Budget (operating, capital or grants) or work closely with that operation. Thirteen existing positions will be transferred to the new unit. Finance and Budget will work to ensure the correct alignment of staff is maintained.

Confiscated Monies (02400)**Confiscated Fund (210)**

History Sheet

Departmental Description

This fund was established by the BOC in 1984 to account for monies confiscated locally in controlled substance cases. These appropriations can only be used in the criminal justice area, and may not be used for salaries or informant's fees. On July 1, 1991, in accordance with Georgia law, the BOC authorized the District Attorney to receive 10% of all locally confiscated funds with the balance of the funds going to the local police agency.

- The Cooperative Extension budget in FY12 and FY13 was subsidized by non-Tax Fund related agencies. That practice was stopped in FY14; therefor a budgetary spike is shown.

- Cooperative Extension asked for an ingrade adjustment as an excess above target. It was moved to the program modification section for discussion purposes.

Notes

- In FY14, DeKalb County and the DeKalb County Development Authority entered into an intergovernmental agreement whereby the County would contribute funding to the Development Authority efforts. FY14 was a transitional year where county staff were paid and the contribution was made.

- FY15 will be the first full year of the intergovernmental agreement. Staff on payroll were transitioning to other positions and it was decided to request four positions, knowing two positions or more would be eliminated during the budget process.

- At mid-year FY14, certain positions were deleted in the budget, but were not vacant until later in the year; therefore the salary projections included them. Total recommended abolish positions for 2015 include the following: #00554 Econ Dev Coord Sr, #10927 Econ Dev Coord Sr, #07525 Dir Econ Dev, and #11243 Econ Dev Coord Sr.

- Additional reduction: The department request to defund pos#10143, Economic Development Coordinator, Sr. This request is included in the recommended budget. It is also recommended to be abolished.

- The recommended budget, provides funding for one position-#9718, Special Project Manager.

Notes

- The 2015 budget for Elections decreased significantly because of a non-election year. There will be one major special election for 2015.

- The 2015 budget allows funding for 14 full-time positions, which are all filled. There are no unfunded positions.

- For the 2015 recommended budget, insurance was reduced by \$2K and worker's comp \$1K.

- Additional reduction to the recommended budget, included Temp Salaries \$126K, and FICA \$11K.

Notes

- At mid-year 2014, the Ethics Board was authorized three positions (Chief Integrity Officer, Investigator, Administrative Assistant). The BOC reserved funding for those positions until ratification by the Ethics Board of a plan on how to staff/run the Ethics Board.

- The Ethics Board asked in late 2014 to unreserve the money held for those three positions and in turn add it to legal services until a secondary plan is submitted.

- Until 2014, the Ethics Board was not as active, nor had as much funding. This year's official request listed in this document was the target level given to the department and Finance will allow the Ethics Board to amend the request as their plan is being developed. As is, the 2014 original request is all in contracted services until further action.

Executive Assistant (00400)**General Fund (100)**

History Sheet

Departmental Description

The Executive Assistant Department was created in the 2014 Budget in order to facilitate a reorganization of certain functional areas in a number of departments under the authority of the Chief Executive Officer. Positions, and related operating budgets, from the Operations cost center of the Chief Executive Officer's Department, the Human Services Department, and the Information Technology's Telecommunications cost center were transferred to the new department.

Request/Recommendation Sheet

- The budget request and recommendation leaves 12 vacant positions not funded, which are valued at \$872K - salary and benefits. These positions are:
 - Three IT systems administrators (positions 01339, 07715, 07715)
 - Three program analysts (positions 00346, 10340, 10944)
 - One network engineer (05553)
 - One each of assistant director information technology (00383), IT field service technician senior (07681), telephone systems tech (05066), telecommunications engineer lead (07101), and IT support analyst (9548).

- The Recommendation includes an additional \$28K for group insurance match.
- The Recommendation includes an additional \$23K for workers compensation allocation.
- The Request In-Excess of Target of \$2.7M has been partially recommended. Items totaling \$173K are not recommended, as they should be able to be absorbed in the targeted base budget. The amount requested for additional funding for the Advance Procurement project (\$150K) is deferred to Mid-Year 2015, contingent on the progress of that project. A request for additional dial tone costs of \$152K is not recommended based on trending analysis. A request of \$400K to provide for 2015 funding of carried-forward licensing encumbrances is not recommended, as there is a reserve in General Fund Non-Departmental for that purpose.

- The major items recommended in the Request In Excess of Target are:
 - Increases in Microsoft and Oracle licenses \$800K.
 - Increases in software/application maintenance costs \$165K.
 - Server/computer upgrades \$770K.
 - Software upgrades \$200K.

- The base request was reduced by \$400K to appropriate for the monthly interfund credit charging departments for internet service, and by \$48K in dial tone costs based on trending analysis.
- The amendment to the recommended budget includes:
 - \$23K for additional workers comp allocation due to an accounting practice change.
 - \$998K for funding software maintenance contract encumbrances carried-forward from 2014.
 - Funding for reporting capability upgrade with Oracle Release 12 is not recommended here,

- The amount of \$1,622,212 was reported as Excess of Target but could have been part of the base budget request. This amount reflects salary/benefits for part-time Associate Magistrate Judges. In 2014, \$1,581,884 was budgeted for part-time Associate Magistrate Judges. As a consequence of the increase for Supreme Court Judges, the part-time Associate Magistrate Judges received an approximately 5% increase.

- The 2015 salary projection excluded funding for 3 positions (Administrative Assistant II, Clinical Evaluator, Court Program Coordinator), approximately \$167,200.

- Funding (\$71,581) for Clinical Evaluator (position # 11539) is included due to a 9/8/14 start date.

Request/Recommendation Sheet

- Total request for ground maintenance services is \$1,262,500 to cover contracts and landscaping. Also, two contracts are included in other professional services totaling \$313,500.
- The 2015 salary projection excluded funding for 18 positions (Administrative Assistant II, Assistant Director of Parks, Courier, Grants & Administrative Manager, 2-Office Assistant Senior, Custodian, Recreation Center Director, Crew Worker, Trainee I, Crew Worker Senior, 2-Grounds Service Technician, 2-Parks Maintenance Construction Supervisor, and 2-Project Manager), approximately \$862,619.
- The department manager reduced operating supplies, other professional services, and maintenance & repair materials in various cost centers. Eliminated funding for the Little Creek Horse Farm and requested the County to generate a contract to provide services for this program. The department manager is requesting an increase in fees to offset the operating expenses to operate this program or eliminate this service provided to the 40 or more horse owners.
- The projected revenue for the Little Creek Horse Farm (cost center 06136) is \$230,609 and the projected expenses are \$255,125, a variance of \$-24,516. Approximately three positions will be eliminated (Horse Farm Supervisor - position #10879 and two Horse Farm Workers - positions #s 10880 and 10881).
- Funding (\$385,388) for Administrative Assistant II (position # 02205), Grants & Administrative Manager (position # 02210), two Office Assistant Senior (position #s 05354, 00115) and two Project Manager I (position #s 05247, 9591) is included due to start dates after salary projection.

Planning (05100)**Foreclosure Registry Fund (205)**

History Sheet

Departmental Description

The Foreclosure Registry Fund was established in 2011 as an accounting entity to record transactions resulting from the Foreclosure Registry Ordinance. The Foreclosure Registry Ordinance protects neighborhoods from lack of adequate maintenance and security of properties that are foreclosed. Creditors or mortgagees who have foreclosed on real property must pay to the County a registration fee, which funds goes toward monitoring foreclosed properties.

- The department's in-excess of target request includes an administrative charge of \$1.2M and \$250K for revenue sharing with a firm collecting false alarm fees. These expenditures are recommended due to their non-discretionary nature.

- The Police Services Fund provides for the primary activities of Police Services, which include programs for the prevention, detection, and suppression of crime, identification and apprehension of offenders, and the enforcement of state criminal laws, traffic laws, and applicable County ordinances. Police Services includes the following sections:

The Uniform Division- The Uniform Division accounts for the greatest allocation of police resources and is the primary delivery system of police services for the citizens and businesses in DeKalb County.

The Special Operations Division- Among this division's functions are: traffic functions, the Bomb Squad, Aerial Support (which is funded from the General Fund- see above), and Park Patrol.

The Criminal Investigations Division- The Criminal Investigations section performs the investigative function of the department. Among its functions are Major Felony, Theft, Auto Theft, Crime Scene, and Gangs.

The Support Services Division- This division includes the Academy, the Firing Range, Permits, and Central Records.

- On October 27, 2014, Purchasing reorganized with new positions, titles and structure. The 2014 budget had been submitted; therefore the changes weren't capture in the budget request. The recommendation reflects the new organization.

- The mailroom (4 positions) will transferred to Facilities on January 1, 2015. One vacant position in the Mailroom will be eliminated. Approximately 16 positions are being transferred to CIP, 1 position to Fleet, and 1 position to Workforce Development.

- The department manager reduced Contract Compliance by \$400,000 and added \$278,000 to outsource this effort. Approximately eight positions will be eliminated as a result of outsourcing. An additional \$70,000 was reduced through attrition. Net effect of this effort is a reduction of \$192,000.

Vehicle Replacement (01300)
Vehicle Replacement Fund (621)
History Sheet

Departmental Description

The Vehicle Replacement Fund is the internal service fund set up to account for the purchase and disposal of all county-owned vehicles. Under normal operations, the fund charges using departments an amortization (or recovery charge) in advance of future eventual replacement of vehicles. Fleet Management staff determine the appropriate standards and conditions for replacement.

C. Other	19,634	435,540	435,540
Projects	28,528,673	52,107,579	52,107,579

Note: The amount for vehicle lease payments in 2014 was overestimated and will fall to fund balance.

- This recommendation includes replacement of 165 units, at an estimated cost of \$16M, including 110 units - \$4.5M for the Tax Funds, and 50 units - \$11M for the Sanitation Fund.
- For FY2015, replacement units for Watershed Management will be financed by the Watershed CIP Fund.
- Vehicle recovery charges of \$25.9M are anticipated in 2015, including \$15.9M in the Tax Funds. This is a \$10M increase over FY2014, as the Tax Funds have had a deferral (total in some departments, partial in others) of vehicle recovery charges since FY2009. The deferrals of charges have been balanced by deferrals in unit replacement and, in recent budgets, lease/purchase financing.
- The recommendation includes \$5.5M for FY2015 repayments of lease/purchase funds. The Vehicle Fund will pay principal and interest, with interest charges being recovered as part of the vehicle replacement charge.
- This recommendation includes a transfer to the General Fund of \$223,540 for the remaining balance of insurance proceeds from the 2011 helicopter accident. The replacement helicopter and overhaul costs were expended through the Vehicle Fund.
- The amendment to the recommendation includes:
 - \$27M in miscellaneous revenue to anticipate lease/purchase proceeds for scheduled replacements and replacements encumbered in 2014 and carried-forward.
