ATLANTA, GA

As part of DeKalb County's \$2.4 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community.

This letter serves as formal notification that construction activities for Phase II of the Scott Boulevard Water Main Replacement Project will begin **Monday, June 5, 2023**. Normal construction hours will be from **8 a.m. to 5 p.m. Monday through Friday, excluding major holidays**. Property owners will be notified in advance of significant changes in scheduled work hours.

Please be advised to expect an **increase in construction-related noise and traffic during work hours**. Property owners will be notified 48 to 72 hours prior to the start of impactful construction activities. Our construction crews will work diligently to minimize the length of impact to residents as they replace more than 8,900 linear feet (LF) of 30-inch steel water main. Components also include the replacement and installation of 10,000 LF 12-inch DIP Water main inside the right-of-way to run parallel to the 30-inch main with interconnections at specified locations. The water main replacement project is expected to last approximately 18 months, with construction completed in December 2024.

Ruby Collins, working on behalf of DeKalb County, is the authorized contractor for the **Phase II of the Scott Boulevard Water Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Phase II of the Scott Boulevard Water Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's water main system. For more information, please join our virtual community meeting on:

Tuesday, March 28 at 6:30 p.m.
