I. LETTER OF INTENT

Cultivate Communities Real Estate, LLC (the “Applicant”) is seeking to develop on +/- 8.84 acres of land being Tax Parcel Nos. 15 066 01 062, 15 066 01 012, & 15 066 01 011 having frontage on 5370, 5384, and 5378 Flat Shoals Parkway (the “Subject Property”) with sixty-four (64) townhomes. The Applicant is seeking a rezoning of the Subject Property to Small Lot Residential Mix (RSM).

This document serves as a statement of intent, analysis of the criteria under the DeKalb County Zoning Ordinance and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. IMPACT ANALYSIS

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The Applicant’s Proposal for Rezoning conforms with the text and ideals of DeKalb County’s 2050 Comprehensive Plan. The Plan calls for urban infill development of housing in a variety of offerings to increase the overall housing supply. The proposed development includes townhomes, an economic and efficient type of housing that satisfies the issues Dekalb’s Comprehensive plan seeks to remedy. Furthermore, the Comprehensive Plan states that the RSM zoning district is appropriate in the Suburban land use category. The Subject Property has a Suburban land use designation. Therefore, the rezoning to RSM complies with the Comprehensive Plan.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

All adjacent properties are residential. The proposed development is also solely residential. The Applicant intends on developing the property to be entirely cohesive in the use of the surrounding neighborhood. Therefore, the zoning proposal will permit a suitable use in view of the surrounding uses.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

Because the assemblage of properties is an odd flag-shape, it disallows the type of home the properties are currently entitled to build. It would be an expensive process to modify the site so that it would be economically feasible to build a single-family home, either a developer or private individual. Furthermore, one of the large parcels is entirely landlocked without street access. Not only does it make it economically unfeasible, but it also makes it impossible without the assembling of the adjacent property with road access.

Battle Law

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties.

The proposed development will not adversely affect the existing use of adjacent properties. The largest impacts of a multi-unit development are traffic, encroachment into neighboring properties, and effects to the natural environment. The development will increase trips, but the property fronts on Flat Shoals which a Major Arterial Road, capable of handling the excess trips of the planned units. Additionally, the centralized development of the property must go through the permitting process, in addition to complying with all buffer and related requirements of the RSM zoning. Both mitigate external repercussions that will adversely affect its neighbors.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

The Subject Property is under contract to be purchased as an assemblage. The assemblage now allows for a centralized, planned development that can better plan for the topography and other features while maximizing the economic viability of the overall project. The zoning proposal should be approved because it allows both the goals of the development and the greater goals outlined DeKalb's Comprehensive Plan.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.

The Applicant is not aware of any historic buildings, sites, districts, or archaeological resources on the Subject Property.

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

The proposed development includes 64 units of townhome. It will increase the use of all public services; however it will not cause an excessive burden. The Subject Property's only access point is along Flat Shoals Parkway, a major arterial road which is designated to handle the increased load. Additionally, the Applicant intends on developing internal infrastructure that taps into readily available utilities. The addition of 64 units is not an enormous increase in the overall number of homes in the area.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The Subject Property is a small assemblage of parcels. The 8.84 acres are currently surrounded by development. Any impacts to the environment or natural resources have already been created. While the proposed development requires land disturbance, once

Battle Law

built, the new units only marginally increase the overall impacts to the environment. Additionally, the development's centralized operation allows the Applicant to carefully plan for environmental mitigation unlike the isolated process of building single-family homes.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a rezoning from R-100 to RSM be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the

Battle Law

Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the Rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the Rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A. Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.
