C. 1 Letter of application and impact analysis

The proposed zoning classification requested for 911 Mountain View Road in Stone Mountain Georgia is mixed use (HR-1, HR-2, HR-3, MU-1, MU-2, MU-3, MU-4, MU-5, O-I, OD, OIT, NS, C-1, C-2, M, M-2) to conduct business on the property classified as an Adult Day Health Center. The reason for the rezoning request is because the property is currently zoned as R75 which would not permit more than 6 elderly persons to attend the day program. The existing property is utilized as a guest house by the owner and proposed use of the property is as mentioned, an Adult Day Health Center.

The property consists of 3 baths (1 handicap accessible shower included), one office, one quite room, a medication room, a large dining room, a television room, laundry room, kitchen. The building has four accesses, 2 handicap ramp accesses with ramps (with alarm), a side entrance into the kitchen, a secured door at the front (with alarm). There is a large rear patio and covered deck for outdoor seating and over an acre of grassy area for outdoor activities.

The number of employees would be based on the number of clients enrolled with the minimum being one nurse practitioner (on call), one registered nurse (part-time), one LPN (full-time), an administrator, a care assistant for every 8 clients (full-time), and one activity director (full-time). The hours of operation will be 8am to 6pm to accommodate clients with varying schedules from one day weekly to a maximum of 5 days weekly, half or full day. A continental breakfast, a boxed lunch and an afternoon snack will be provided with strict adherence to ADA guidelines as prescribed by a registered dietitian. Building occupancy to be determined by the regulatory bodies (fire department). Fire inspection planned upon rezone approval.

A community meeting was held on April 5th at 6pm. The above description of the property, staffing and details of the day-to-day operation was discussed with the neighborhood residents.

C. 2 Impact analysis

The anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, is minimal. The flow of traffic will be one way in that vehicles would enter on one end of the property and exit on the other end. Considering that most of the clients would be transported to the facility on a 10-seater minibus, there is little if any disturbance to the surrounding traffic flow. There is adequate parking on the property for staff and visitors.

There were three concerns mentioned by the neighbors attending the zoom meeting. (1) Effect on traffic. (2) Security of the rear fence. (3) Security from external sources. (1) A circular driveway will be installed upon approval of rezoning to facilitate a safe and efficient traffic flow to and from the building. (2) The rear fence will be replaced with a more secure fence that would prevent elopement or unwanted visitors. (3) Security was mentioned by neighbors at the zoom meeting, there is no plans to hire armed guards, however the building would be secured with alarms.
