

Public Hearing: YES NO

Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 05 Super District 07

Application of Battle Law P.C., LLC. to rezone property from R-75 (Residential Medium Lot-75) zoning district to MR-1 (Medium Density Residential-1) zoning district to develop rental townhomes in the R-75 (Residential Medium Lot-75) zoning district, at 3744 Redan Road.

PETITION NO: D3-2024-0106 Z-24-1246799

PROPOSED USE: Rental townhomes.

LOCATION: 3744 Redan Road, Decatur, Georgia 30032

PARCEL NO. : 15-220-01-026

INFO. CONTACT: Andrea Folgherait, Sr. Planner

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of Battle Law P.C., LLC. to rezone property from R-75 (Residential Medium Lot-75) zoning district to MR-1 (Medium Density Residential-1) zoning district to develop rental townhomes in the R-75 (Residential Medium Lot-75) zoning district.

RECOMMENDATION:

COMMUNITY COUNCIL: (June 2024) Denial. (Feb. 2024) Full cycle deferral.

PLANNING COMMISSION: (July 11, 2024) Full cycle deferral. (March 5, 2024) Two-cycle deferral.

PLANNING STAFF: Two-cycle deferral_revised 07.16.2024.

STAFF ANALYSIS: (revised 07.16.2024) The applicant, Battle Law, P.C., is seeking to rezone the subject property from the R-75 (Residential Medium Lot-75) Zoning District to the MR-1 (Medium Density Residential – 1) Zoning District for the development of a single-family, attached rental community. The applicant has also filed a companion application (LP-23- 1246832) to amend the future land use map from the SUB (Suburban) to CRC (Commercial Redevelopment Corridor) character area. Based on the submitted information, the proposal to allow three-story townhomes at a density of approximately ten (10) units per acre is generally consistent with the policies and strategies of the CRC Character Area. CRC focuses on the redevelopment of commercial corridors in decline with townhomes, apartments, retail, office, and commercial at maximum building heights of 3 stories and maximum densities of 18 units per acre (Pg. 37 2050 *Unified Plan*). If approved, the future land use designation will support this rezoning request and the proposed project. The requested MR-1 zoning provides a transition between the O-I (Office Institutional) zoning to the west and the MR-2 zoned single-family subdivision to the east and is consistent with the MR-1 zoning approximately three hundred (300) feet to the west of the subject site. The subject property is located adjacent to the Covington Overlay District, Covington Highway Corridor Master Active Living Plan study area, and the Indian Creek District Overlay. The site is a transitional parcel, and thus, requires a more nuanced review and a site-specific development. The proposed development would consist of sixty-three (63) units at a density of approximately ten (10) dwelling units per acre. The proposed MR-1 zoning district allows a maximum base density of eight (8) units per acre; densities above 8 up to a maximum of twelve (12) units per acre are allowed with the provision of density bonus features. As specified in Section 2.12.7 *Bonus Density Qualifying Standards*, the subject site is within an Opportunity Zone, which provides a 100% bonus above the base density (8). While the density bonus calculation is not included on the

applicants site plan, Staff has requested the site plan to be updated. However, it does appear the applicant has met the density bonus (8 du/a + (8)100% = 16 du/a) but since the bonus maximum is 12, the applicant is capped at 12 du/a. The proposed zoning and land use appear to be consistent with the surrounding land uses. However, the conceptual plan submitted to Staff in May of 2024 (labeled “A” enclosed) received feedback that must be addressed in order for the project to comply with the *Zoning Ordinance*. The updated conceptual plan (“Updated Site Plan –A” enclosed) presents a design which still fails to comply with the *Zoning Ordinance*. While the applicant has worked with Staff to provide alternative design scenarios, the site’s size may inhibit a development that would provide the desired number of units for the developer and meet the *Zoning Ordinance* requirements. The proposed development appears to meet the required 30-foot buffers (Section 5.4.5 *Transitional Buffers*) along the northwest property line adjacent to a single-family detached subdivision, however, they are disturbed which may require a variance from the Zoning Board of Appeals. The updated conceptual plan incorporates one (1) cul-de-sac and three (3) permanent dead-end streets and/or parking areas. DeKalb County Subdivision Regulations specify street designs meet the maximum cul-de-sac length (1,200 feet) which the applicant provides. However, compliance with Section 5.7.6 *Single Family Attached Buildings* (C.3 and C.10) regarding alley length (150 feet) and/or private drive requirements was not provided on the updated conceptual plan. A pedestrian circulation plan that separates pedestrians from automobiles by providing rear access to the units or designing an alternative location for pedestrian paths or sidewalks is required per Section 5.7.6. (3) *Single-family attached buildings*. It does not appear the applicant has met this requirement. Additionally, block length per Section 5.1.1 *Blocks* has not been provided on the conceptual plan. Furthermore, the development provides minimal amenities aside from two (2) small pocket parks and an enhanced stormwater retention pond area. Interdepartmental comments include satisfying conditions specific to stormwater and tree protection (see attached). These have not been addressed on the updated site plan. The *2050 Unified Plan* calls for developments that foster walkability through compact development and mixed-use districts, aligning with CRC character area guidelines which also emphasize the importance of complementing single-family areas in height and density (Pg. 37). The balance between minimal pedestrian oriented design (aside from the sidewalk network along Redan Road and the stormwater detention area) and building mass, may not enhance the residential appeal of the surrounding community. The current site design does not meet applicable development standards. In order to meet the development requirements, the number of units may need to be decreased due to the size and shape of the parcel. The design does not encourage a denser street grid as part of the redevelopment, the design includes one (1) dead-end street along Redan Road with limited interconnectedness and public space. As ongoing development in the vicinity continues (including mixed-use projects, like the redevelopment of Indian Creek MARTA Station, Electric Owl Studios, and residential infill projects), the area may require careful attention of integral design and density management of infill parcels along Redan Road. Particularly those bordering Overlay Districts, SAP’s, and single-family neighborhoods. The site plan, as designed, does not appear to meet development requirements (Sections 5.4.5, 5.7.6, 5.1.1) and may not contribute to the compatibility to the proposed Land Use Amendment (CRC). Therefore, upon review of Section 7.3.5. (A, B, and D) of the *Zoning Ordinance*, staff recommends a “Two-cycle deferral to the November 2024 zoning agenda to allow the applicant to address site plan deficiencies”.

PLANNING COMMISSION VOTE: (July 11, 2024) Full cycle deferral 5-0-1. Jan Costello moved, Edward Patton seconded for a full cycle deferral to the September 2024 zoning agenda. Tess Snipes abstained. **(March 5, 2024) Two-Cycle Deferral 7-1-0.** Jan Costello moved, Edward Patton seconded for a two-cycle deferral to the July 2024 zoning agenda. Tess Snipes opposed.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (June 2024) Denial 7-0-0. (Feb. 2024) Full Cycle Deferral 9-0-0.

Property Owner(s):	Mattie Lee Patton Hall Estate		
Applicant/Agent:	Battle Law P.C., LLC.		
Acreage:	5.87 acres		
Existing Land Use:	Vacant Parcel		
Surrounding Properties:	North: MR-2, R-75 East: MR-2, C-2 South: OI, MR-2, MR-1 West: RNC, R-75		
Comprehensive Plan:	SUB (Suburban), Proposed CRC Commercial Redevelopment Corridor) Consistent X Inconsistent		

Staff Recommendation: Two-Cycle Deferral.

The applicant, Battle Law, P.C., is seeking to rezone the subject property from the R-75 (Residential Medium Lot-75) Zoning District to the MR-1 (Medium Density Residential – 1) Zoning District for the development of a single-family, attached rental community. The applicant has also filed a companion application (LP-23-1246832) to amend the future land use map from the SUB (Suburban) to CRC (Commercial Redevelopment Corridor) character area.

Based on the submitted information, the proposal to allow three-story townhomes at a density of approximately ten (10) units per acre is generally consistent with the policies and strategies of the CRC Character Area. CRC focuses on the redevelopment of commercial corridors in decline with townhomes, apartments, retail, office, and commercial at maximum building heights of 3 stories and maximum densities of 18 units per acre (Pg. 37 *2050 Unified Plan*). If approved, the future land use designation will support this rezoning request and the proposed project. The requested MR-1 zoning provides a transition between the O-I (Office Institutional) zoning

to the west and the MR-2 zoned single-family subdivision to the east and is consistent with the MR-1 zoning approximately three hundred (300) feet to the west of the subject site. The subject property is located adjacent to the Covington Overlay District, Covington Highway Corridor Master Active Living Plan study area, and the Indian Creek District Overlay. The site is a transitional parcel, and thus, requires a more nuanced review and a site-specific development.

The proposed development would consist of sixty-three (63) units at a density of approximately ten (10) dwelling units per acre. The proposed MR-1 zoning district allows a maximum base density of eight (8) units per acre; densities above 8 up to a maximum of twelve (12) units per acre are allowed with the provision of density bonus features. As specified in Section 2.12.7 *Bonus Density Qualifying Standards*, the subject site is within an Opportunity Zone, which provides a 100% bonus above the base density (8). While the density bonus calculation is not included on the applicants site plan, Staff has requested the site plan to be updated. However, it does appear the applicant has met the density bonus ($8 \text{ du/a} + (8)100\% = 16 \text{ du/a}$) but since the bonus maximum is 12, the applicant is capped at 12 du/a.

The proposed zoning and land use appear to be consistent with the surrounding land uses. However, the conceptual plan submitted to Staff in May of 2024 (labeled “A” enclosed) received feedback that must be addressed in order for the project to comply with the *Zoning Ordinance*. The updated conceptual plan (“Updated Site Plan –A” enclosed) presents a design which still fails to comply with the *Zoning Ordinance*. While the applicant has worked with Staff to provide alternative design scenarios, the site’s size may inhibit a development that would provide the desired number of units for the developer and meet the *Zoning Ordinance* requirements. The proposed development appears to meet the required 30-foot buffers (Section 5.4.5 *Transitional Buffers*) along the northwest property line adjacent to a single-family detached subdivision, however, they are disturbed which may require a variance from the Zoning Board of Appeals. The updated conceptual plan incorporates one (1) cul-de-sac and three (3) permanent dead-end streets and/or parking areas. DeKalb County Subdivision Regulations specify street designs meet the maximum cul-de-sac length (1,200 feet) which the applicant provides.

However, compliance with Section 5.7.6 *Single Family Attached Buildings* (C.3 and C.10) regarding alley length (150 feet) and/or private drive requirements was not provided on the updated conceptual plan. A pedestrian circulation plan that separates pedestrians from automobiles by providing rear access to the units or designing an alternative location for pedestrian paths or sidewalks is required per Section 5.7.6. (3) *Single-family attached buildings*. It does not appear the applicant has met this requirement. Additionally, block length per Section 5.1.1 *Blocks* has not been provided on the conceptual plan. Furthermore, the development provides minimal amenities aside from two (2) small pocket parks and an enhanced stormwater retention pond area. Interdepartmental comments include satisfying conditions specific to stormwater and tree protection (see attached). These have not been addressed on the updated site plan.

The *2050 Unified Plan* calls for developments that foster walkability through compact development and mixed-use districts, aligning with CRC character area guidelines which also emphasize the importance of complementing single-family areas in height and density (Pg. 37). The balance between minimal pedestrian-oriented design (aside from the sidewalk network along Redan Road and the stormwater detention area) and building mass, may not enhance the residential appeal of the surrounding community. The current site design does not meet applicable development standards.

In order to meet the development requirements, the number of units may need to be decreased due to the size and shape of the parcel. The design does not encourage a denser street grid as part of the redevelopment, the design includes one (1) dead-end street along Redan Road with limited interconnectedness and public space. As ongoing development in the vicinity continues (including mixed-use projects, like the redevelopment of Indian Creek MARTA Station, Electric Owl Studios, and residential infill projects), the area may require careful attention of integral design and density management of infill parcels along Redan Road. Particularly those

bordering Overlay Districts, SAP's, and single-family neighborhoods. The site plan, as designed, does not appear to meet development requirements (Sections 5.4.5, 5.7.6, 5.1.1) and may not contribute to the compatibility to the proposed Land Use Amendment (CRC). Therefore, upon review of Section 7.3.5. (A, B, and D) of the *Zoning Ordinance*, staff recommends a *“Two Cycle Deferral”* for the applicant to address site plan deficiencies.

ZONING COMMENTS FEBRUARY 2024

N1 & N2- 3744 Redan Road- This section of Redan Road is classified as a local road. (The Planning Department may want to look into this because I believe it is a typo on the map.) With a local road: Minimum right of way dedication of 27.5 feet from centerline OR such that all required public infrastructure is within right of way, whichever greater. Requires 12 foot travel lane with curb and gutter, a 6 foot landscape strip (with at least 5 feet between the back of curb and the sidewalk), pedestrian scale street lights (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov). All interior streets are required to be private streets. Be sure to watch the required separation of access points in Code Section 14-200 (6). This minimum spacing applies to access points on both sides of the road. Verify access point has stopping and intersection sight distances at time of permitting.

N3. 2209 Lawrenceville Hwy. Add 5 foot sidewalks on White Blvd five feet from the back of curb along property frontage. Add pedestrian scale street lighting on all property frontages. (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov) Verify property lines (property corner shown in the roadway). Dedicate right of way to 8 feet behind curb for sidewalk and street light installations.

N4. 6009 Memorial Drive. No comments

N5. 2020 & 2030 Moreland Ave. Moreland Ave is SR 42. Requires GDOT review and approval prior to permitting. Moreland Ave is a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within the State/County right of way, whichever greater. Requires a 10 foot landscape strip (with 5 feet of the landscape strip between the back of the sidewalk and the curb), a 10 foot multiuse path, and pedestrian scale lighting. (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov) Only one access point will be allowed on Hillcrest Drive. Be sure to consult with DeKalb County Code Section 14-200 (6) for minimum driveway spacing. This applies to drives on both sides of the street. Hillcrest Drive is classified as a local road. Right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within the right of way. A local street requires a 12 foot travel lane with curb and gutter, 6 foot landscape strip and a 5 foot sidewalk. Verify access points have stopping and intersection sight distances at time of permitting.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS: Did not see any traffic engineering
concerns at this time.

 - _____ **C. Letter of application and impact analysis**
 - _____ 1. **Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use (e.g. floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.
 - _____ 2. **Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.
 - _____ **D. Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.
 - _____ **E. Campaign disclosure statement** (required by State law).
 - _____ **F. Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*
 - _____ **G. Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following:
 - _____ a. complete boundaries of subject property;
 - _____ b. dimensioned access points and vehicular circulation drives;
 - _____ c. location of all existing and proposed buildings, structures, setbacks and parking;
 - _____ d. location of 100-year floodplain and any streams;
 - _____ e. notation of the total acreage or square footage of the subject property;
 - _____ f. landscaping, tree removal and replacement, buffer(s); and
 - _____ e. site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.
 - _____ **H. Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).
 - _____ **I. Building Form Information.** Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.
 - _____ **J. Completed, signed Pre-application Form** (Provided at pre-application meeting.)

STATE OF GEORGIA,

DEKALB

County

THIS INDENTURE, made this 19th day of February in the year of our Lord One Thousand Nine Hundred and Sixty-five

between E. R. Hall of the State of Georgia and County of DeKalb of the first part and Mattie P. Hall of the State of Georgia and County of DeKalb of the second part,

WITNESSETH: That the said part Y of the first part, for and in consideration of the sum of TEN DOLLARS AND OTHER VALUABLE CONSIDERATION

in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold and conveyed and by these presents do grant, bargain, sell and convey unto the said part Y of the second part, her heirs and assigns, all that tract or parcel of land lying and being in Land Lot 220 of the 15th District of DeKalb County,

Georgia, and being more particularly described as follows:

BEGINNING at an iron pin on the northwesterly side of Redan Road at a point 399.1 feet northeasterly from the southeastern corner of the G. J. Morris property; thence northeasterly along the northwesterly side of Redan Road 99.6 feet to an iron pin; thence northwesterly 1076.4 feet to an iron pin which is on the eastern boundary of the Bailey property; thence southerly along the Bailey property 90 feet to an iron pin at the northern corner of a 4.07 acre tract of property sold by Mrs. Effie Williams Burdette to M. D. Shaw; thence southeasterly along the Shaw property, 1019.8 feet to the point of beginning, being two (2) acres, more or less, according to a survey by W. F. Harman, Surveyor, dated February 17, 1950.

This deed subject to the balance due at the Bank of Tucker.

TO HAVE AND TO HOLD the said bargained premises, together with all and singular the rights, members and appurtenances thereof, to the same being, belonging or in any wise appertaining, to the only proper use, benefit and behoof of the said part Y of the second part, her heirs and assigns, forever, IN FEE SIMPLE.

And the said part Y of the first part, for his heirs, executors and administrators will warrant and forever defend the right and title to the above described property unto the said part Y of the second part, her heirs and assigns, against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF, The said part Y of the first part has hereunto set his hand and affixed seal, the day and year above written.

Signed, sealed and delivered in the presence of

Witness section with signatures and notary seal for the State of Georgia.

Signature section with names and seals of the parties and the filing date: FILED DEKALB CO. GA. 4 15 PM '65

STATE OF GEORGIA,

DEKALB

County

THIS INDENTURE, made this 19th day of February in the year of our Lord One Thousand Nine Hundred and Sixty-five

between Ernest Reed Hall of the State of Georgia and County of DeKalb of the first part and Mattie P. Hall of the State of Georgia and County of DeKalb of the second part,

WITNESSETH: That the said part Y of the first part, for and in consideration of the sum of TEN DOLLARS AND OTHER VALUABLE CONSIDERATION

in hand paid at and before the sealing and delivery of these presents, the receipt whereof is hereby acknowledged, has granted, bargained, sold and conveyed and by these presents does grant, bargain, sell and convey unto the said part Y of the second part, her heirs and assigns, all that tract or parcel of land lying and being in Land Lto 220 of the 15th District of DeKalb County,

Georgia, being part of Lot No. 9 of the Subdivision of property of Mrs. W. Scott Williams, according to the plat of survey made by E. Z. Huff, C. E., September, 1937, and being more particularly described as follows:

BEGINNING at an iron pin on the northwest side of Redan Road one thousand eighty (1080) feet southwesterly from the point where the northwest side of Redan Road intersects the east line of Land Lot 220; thence running southwesterly along the northwest side of Redan Road one hundred ninety nine and one-tenth (199.1) feet to an iron pin; running thence northwesterly eight hundred sixty six and four-tenths (866.4) feet to an iron pin on the east line of the property of Bailey; thence northerly along Bailey's east line two hundred forty (240) feet; thence southeasterly one thousand nineteen and eight-tenths (1,019.8) feet to the point of beginning; containing four and seven hundredths (4.07) acres, according to plat of M. D. Shaw property made by W. F. Harmon, Surveyor, dated February 14, 1950.

TO HAVE AND TO HOLD the said bargained premises, together with all and singular the rights, members and appurtenances thereof, to the same being, belonging or in any wise appertaining, to the only proper use, benefit and behoof of the said part Y of the second part, her heirs and assigns, forever, IN FEE SIMPLE.

And the said part Y of the first part, for his heirs, executors and administrators will warrant and forever defend the right and title to the above described property unto the said part Y of the second part, her heirs and assigns, against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF, The said part Y of the first part has hereunto set his hand and affixed his seal, the day and year above written.

Battle Law

I. LETTER OF INTENT

3744 Redan Road, LLC. (the “Applicant”) is seeking to develop on +/- 5.87 acres of land being Tax Parcel No. 15 220 01 026 having frontage on 3744 Redan Road (the “Subject Property”) with rental townhomes. The Applicant is seeking a rezoning from R-75 to MR-1 and a future land use amendment from SUB to CRC of the Subject Property to allow for rental townhomes.

This document serves as a statement of intent, analysis of the criteria under the DeKalb County Zoning Ordinance and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. DEKALB REZONING CRITERIA

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan;

The zoning proposal is in conformity with the policy and intent of the comprehensive plan.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property or properties;

The zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. The zoning proposal calls for seventy-four (74) single-family attached townhomes. To achieve this, the applicant proposes a future land use amendment from Suburban to Commercial Redevelopment Corridor and a rezoning from R-75 to MR-1. This exact request was just approved for property two parcels west of the Subject Property at the corner of Redan Road and Longshore Drive where that property owner will be constructing single-family attached townhomes. Furthermore, there are apartments across Redan Road in the Redan Cove development and in the Sunrise View Apartment development. There are townhomes off London Drive in the rear of a residential development across Redan Road as well. So, the proposed townhomes will fit in with the development that already exists in the area.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;

The property to be affected by the zoning proposal does not have a reasonable economic use as currently zoned.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property or properties;

The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties. The surrounding properties are either already developed or development is underway.

Battle Law

- E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal;*

The property to the west of the Subject Property has received a future land use amendment and rezoning for exactly what the Applicant is requesting. The previously approved application sets a precedent for this area and lends supporting grounds for approval of this zoning proposal.

- F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources;*

The zoning proposal will not adversely affect historic buildings, sites, districts, or archaeological resources. The Subject Property is not in a historic district and the Applicant is not aware of any archaeological resources on the site.

- G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and*

The zoning proposal will not result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

- H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.*

The zoning proposal will not adversely impact the environment or surrounding natural resources. While the development will require grading and clearing, the development will not impact the environment anymore than necessary.

III. DEKALB FUTURE LAND USE AMENDMENT CRITERIA

- A. Whether the proposed land use change will permit uses that are suitable in consideration of the use and development of adjacent and nearby property or properties;*

The proposed land use change will permit uses that are suitable in consideration of the use and development of adjacent and nearby properties. The zoning proposal calls for seventy-four (74) single-family attached townhomes. To achieve this, the applicant proposes a future land use amendment from Suburban to Commercial Redevelopment Corridor and a rezoning from R-75 to MR-1. This exact request was just approved for property two parcels west of the Subject Property at the corner of Redan Road and Longshore Drive where that property owner will be constructing single-family attached townhomes. Furthermore, there are apartments across Redan Road in the Redan Cove development and in the Sunrise View Apartment development. There are townhomes off London Drive in the rear of a residential development across Redan Road as well. So, the proposed townhomes will fit in with the development that already exists in the area.

Battle Law

- B. *Whether the proposed land use change will adversely affect the existing use or usability of adjacent or nearby property or properties;*

The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties. The surrounding properties are either already developed or development is underway.

- C. *Whether the proposed land use change will result in uses which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools;*

The zoning proposal will not result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

- D. *Whether the amendment is consistent with the written policies in the comprehensive plan text and any applicable small area studies.*

The zoning proposal is in conformity with the policy and intent of the comprehensive plan.

- E. *Whether there are potential impacts on property or properties in an adjoining governmental jurisdiction, in cases of proposed changes near county or municipal boundary lines;*

There are no potential impacts on properties in an adjoining governmental jurisdiction. The Subject Property is not near the County line.

- F. *Whether there are other existing or changing conditions affecting the use and development of the affected land areas which support either approval or denial of the proposed land use change;*

The property to the west of the Subject Property has received a future land use amendment and rezoning for exactly what the Applicant is requesting. The previously approved application sets a precedent for this area and lends supporting grounds for approval of this zoning proposal.

- G. *Whether there will be an impact on historic buildings, sites, districts, or archaeological resources resulting from the proposed change.*

The zoning proposal will not adversely affect historic buildings, sites, districts, or archaeological resources. The Subject Property is not in a historic district and the Applicant is not aware of any archaeological resources on the site.

IV. CONCLUSION

Battle Law

For the foregoing reasons, the Applicant hereby requests that the applications for a rezoning and future land use amendment be approved. The Applicant welcomes any questions and feedback from the planning staff.

V. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the Dekalb Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the Dekalb Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the Dekalb Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Rezoning and Future Land Use Amendment of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

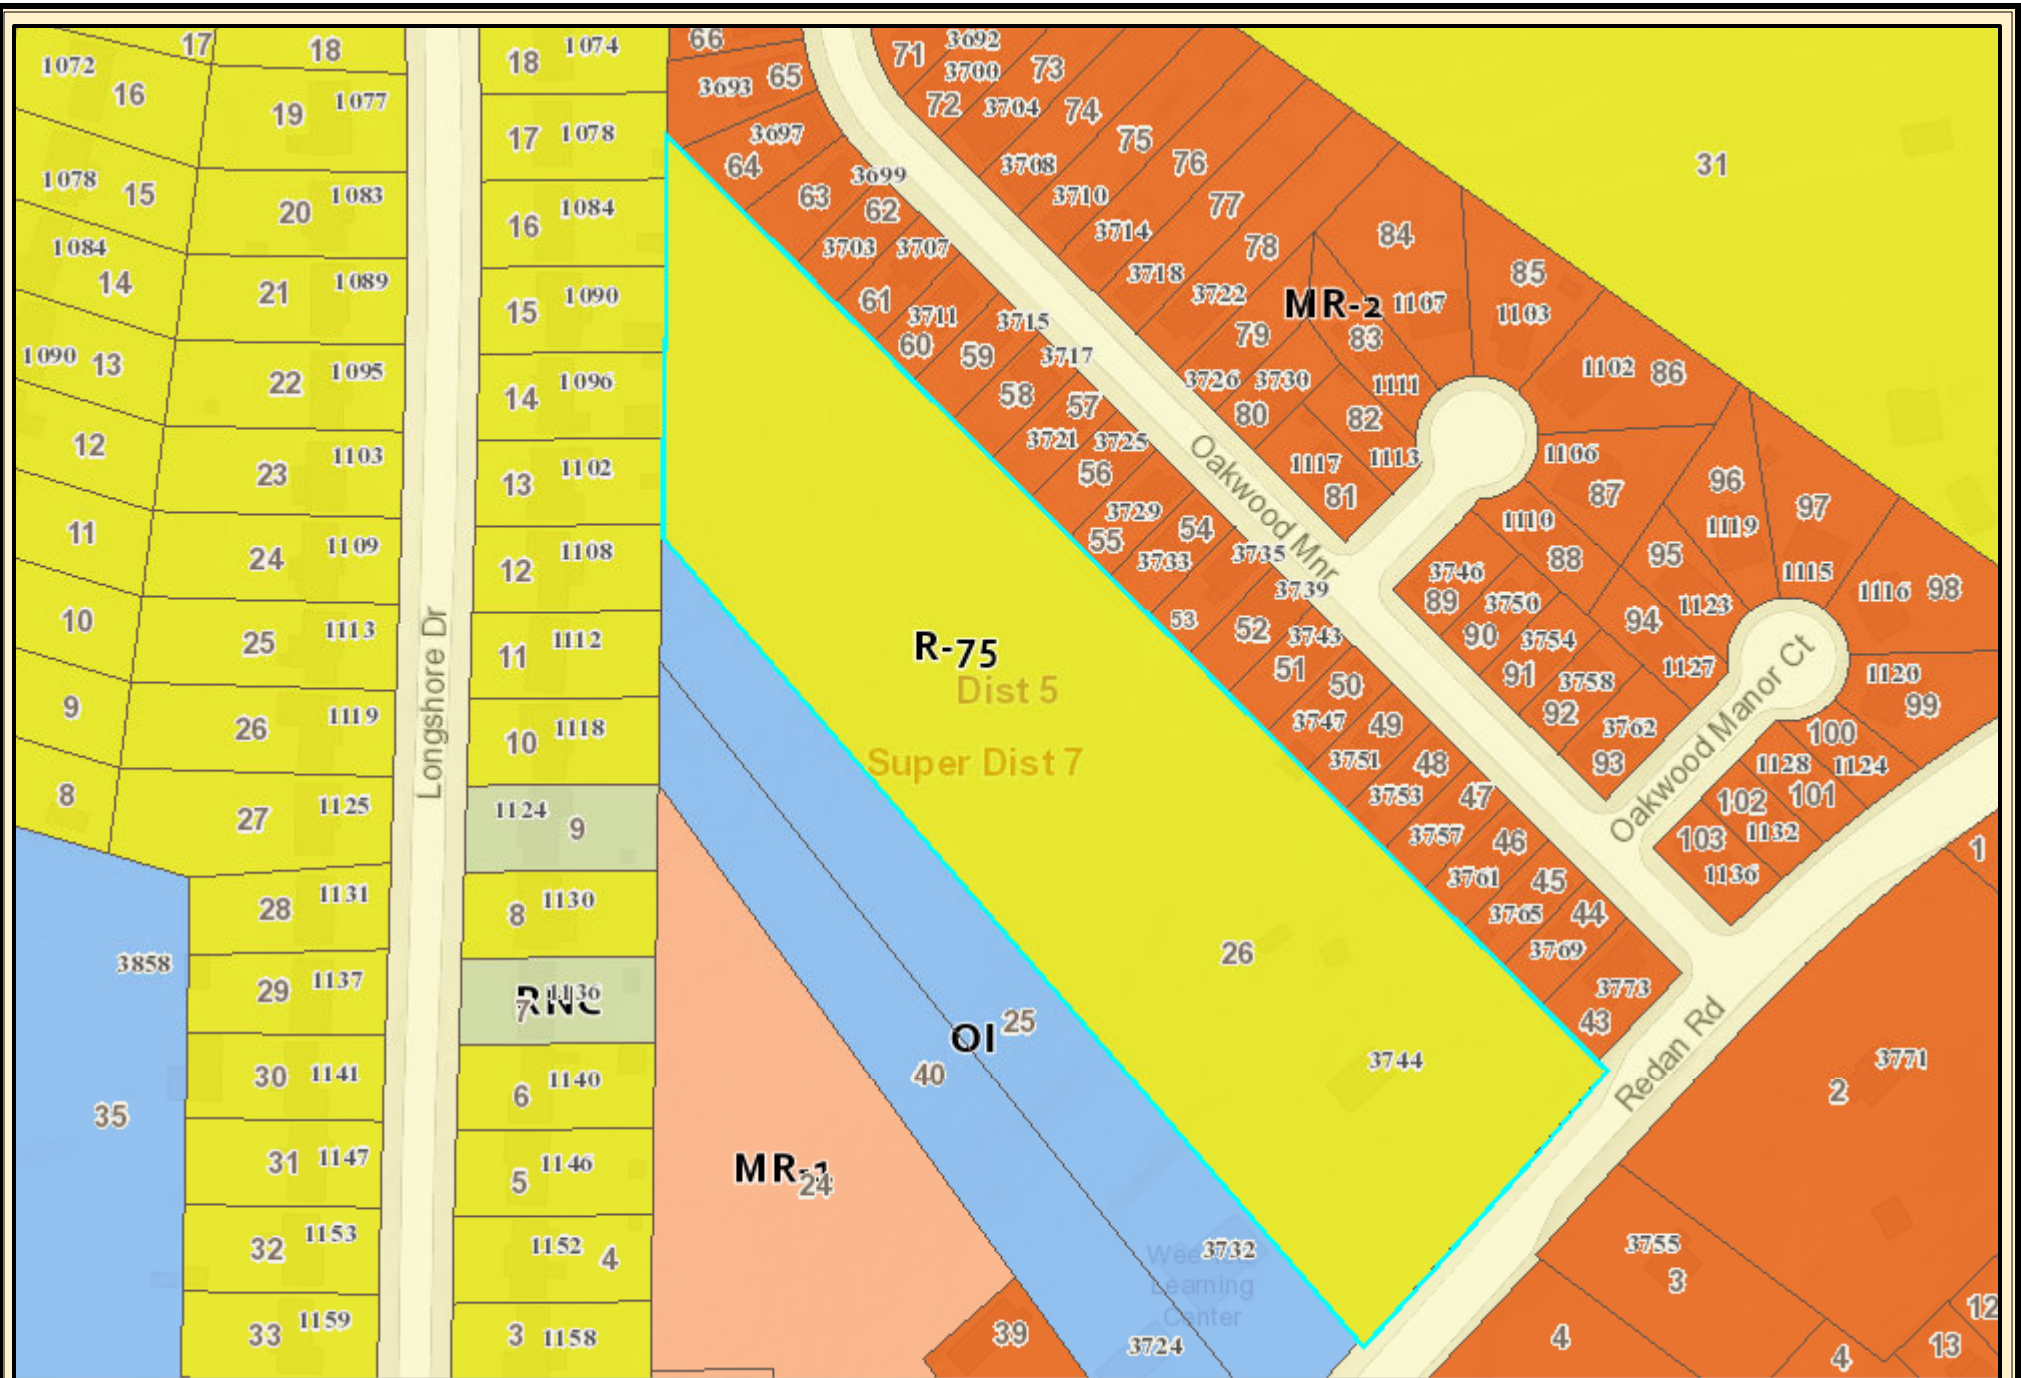

Battle Law

A refusal to allow the land use amendment and/or rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the land use amendment and rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

Joshua Mahoney, Esq.
Attorney for the Applicant
