

Public Hearing: YES NO

Department: Planning & Sustainability

SUBJECT:

COMMISSION DISTRICT(S): Commission District 04 Super District 07

Application of John Koryan for a Special Land Use Permit (SLUP) to allow an event center in the C-1 (Local Commercial) zoning district, at 6009 Memorial Drive, Ste. 10.

PETITION NO: D4-2024-0108 SLUP-24-1246803

PROPOSED USE: Event center.

LOCATION: 6009 Memorial Drive, Ste. 10, Stone Mountain, Georgia 30083

PARCEL NO. : 18-072-02-072

INFO. CONTACT: Lucas Carter, Planner.

PHONE NUMBER: 404-371-2155

PURPOSE:

Application of John Koryan for a Special Land Use Permit (SLUP) to allow an event center in the C-1 (Local Commercial) zoning district.

RECOMMENDATION:

COMMUNITY COUNCIL: (June 2024) Denial. (Feb. 2024) Denial.

PLANNING COMMISSION: (July 11, 2024) Denial. (March 5, 2024) Denial.

PLANNING STAFF: (rev. 07.17.2024) Full-cycle deferral.

STAFF ANALYSIS: (rev. 07.17.2024) The subject business is a special events center currently operating in Suite 10 within the Spring Mill Village Shopping Plaza. The proposal seeks to extend current operating hours from 12:30 AM to 2:30 AM, with the ability to serve open beverage alcohol by licensed caterers and servers. Upon further review and consideration of additional community feedback, several key concerns have emerged that warrant a recommendation for denial of the request. There have been multiple reports from the community of the operator failing to control events, leading to activities extending beyond permitted operating hours. This raises significant concerns regarding the ability of the operator to comply with any extended hours. The extension of operating hours poses potential risks to the public welfare, especially for the neighboring residential areas. Community members have expressed concerns about noise disturbances and safety issues. While staff was unable to find documentation of events from code enforcement, the operator had not denied the events at the community council meeting. The business's proximity directly adjacent to an MR-2 (Medium Density Residential-2) zoned apartment complex to the east and an R-100 (Residential Medium Lot-100) zoned single-family subdivision to the south increases these concerns. The potential for increased noise and late-night activity is likely to disrupt the peace and well-being of these residential areas. Additionally, the applicant has expressed to staff the intent to install soundproofing measures through a contractor but has not provided staff any information regarding existing or proposed sound mitigation efforts. While the location has sufficient land area for the proposed use, including adequate off-street parking within the shopping center parking lot, this does not mitigate the primary concerns regarding noise and safety. Although the proposal could support the Comprehensive Plan by promoting commercial use between businesses and aid in revitalizing the CRC (Commercial Redevelopment Corridor) land use area, these benefits do not outweigh the potential negative impacts on the residential community. The suite meets safety standards and code requirements for pedestrian and automotive access with two points of egress and appropriate emergency exits. However, compliance with these standards does not address the broader issues of

operational control and community impact. Given the concerns regarding the operator's control of events, potential public welfare impacts, lack of community engagement, and inadequate sound mitigation measures, it is recommended that the request for extending the operating hours be denied. Staff recommends a "Full-cycle deferral to the September 2024 zoning agenda".

PLANNING COMMISSION VOTE: (July 11, 2024) Denial 6-0-0. LaSonya Osler moved, Jan Costello seconded for denial, per staff recommendation. **(March 5, 2024) Denial 8-0-0.** LaSonya Osler moved, Jana Johnson seconded for Denial.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: (June 2024) Denial 7-0-0. (March 2024) Denial 8-0-2. Applicant did not show up.

Staff Recommendation: DEFERRAL

The subject business is a special events center currently operating in Suite 10 within the Spring Mill Village Shopping Plaza. The proposal seeks to extend current operating hours from 12:30 AM to 2:30 AM, with the ability to serve open beverage alcohol by licensed caterers and servers. Upon further review and consideration of additional community feedback, several key concerns have emerged that warrant a recommendation for denial of the request.

There have been multiple reports from the community of the operator failing to control events, leading to activities extending beyond permitted operating hours. This raises significant concerns regarding the ability of the operator to comply with any extended hours. The extension of operating hours poses potential risks to the public welfare, especially for the neighboring residential areas. Community members have expressed concerns about noise disturbances and safety issues. While staff was unable to find documentation of events from code enforcement, the operator had not denied the events at the community council meeting.

The business's proximity directly adjacent to an MR-2 (Medium Density Residential-2) zoned apartment complex to the east and an R-100 (Residential Medium Lot-100) zoned single-family subdivision to the

south increases these concerns. The potential for increased noise and late-night activity is likely to disrupt the peace and well-being of these residential areas. Additionally, the applicant has expressed to staff the intent to install soundproofing measures through a contractor but has not provided staff any information regarding existing or proposed sound mitigation efforts.

While the location has sufficient land area for the proposed use, including adequate off-street parking within the shopping center parking lot, this does not mitigate the primary concerns regarding noise and safety. Although the proposal could support the Comprehensive Plan by promoting commercial use between businesses and aid in revitalizing the CRC (Commercial Redevelopment Corridor) land use area, these benefits do not outweigh the potential negative impacts on the residential community. The suite meets safety standards and code requirements for pedestrian and automotive access with two points of egress and appropriate emergency exits. However, compliance with these standards does not address the broader issues of operational control and community impact.

Given the concerns regarding the operator's control of events, potential public welfare impacts, lack of community engagement, and inadequate sound mitigation measures, it is recommended that the request for extending the operating hours be denied. Staff recommends deferral of the request to extend the operating hours of the special events center in Suite 10 within the Spring Mill Village Shopping Plaza.

ZONING COMMENTS FEBRUARY 2024

N1 & N2- 3744 Redan Road- This section of Redan Road is classified as a local road. (The Planning Department may want to look into this because I believe it is a typo on the map.) With a local road: Minimum right of way dedication of 27.5 feet from centerline OR such that all required public infrastructure is within right of way, whichever greater. Requires 12 foot travel lane with curb and gutter, a 6 foot landscape strip (with at least 5 feet between the back of curb and the sidewalk), pedestrian scale street lights (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov). All interior streets are required to be private streets. Be sure to watch the required separation of access points in Code Section 14-200 (6). This minimum spacing applies to access points on both sides of the road. Verify access point has stopping and intersection sight distances at time of permitting.

N3. 2209 Lawrenceville Hwy. Add 5 foot sidewalks on White Blvd five feet from the back of curb along property frontage. Add pedestrian scale street lighting on all property frontages. (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov) Verify property lines (property corner shown in the roadway). Dedicate right of way to 8 feet behind curb for sidewalk and street light installations.

N4. 6009 Memorial Drive. No comments

N5. 2020 & 2030 Moreland Ave. Moreland Ave is SR 42. Requires GDOT review and approval prior to permitting. Moreland Ave is a major arterial. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within the State/County right of way, whichever greater. Requires a 10 foot landscape strip (with 5 feet of the landscape strip between the back of the sidewalk and the curb), a 10 foot multiuse path, and pedestrian scale lighting. (Street Light Engineer: Herman Fowler at hefowler@dekalbcountyga.gov) Only one access point will be allowed on Hillcrest Drive. Be sure to consult with DeKalb County Code Section 14-200 (6) for minimum driveway spacing. This applies to drives on both sides of the street. Hillcrest Drive is classified as a local road. Right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within the right of way. A local street requires a 12 foot travel lane with curb and gutter, 6 foot landscape strip and a 5 foot sidewalk. Verify access points have stopping and intersection sight distances at time of permitting.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS: There are no Traffic Engineering concerns at this time.

SPECIAL LAND USE PERMIT (SLUP) APPLICATION CHECKLIST
EMAIL COMPLETED PACKET IN ONE (1) PDF to PLANNER

- 1. Schedule a mandatory **Pre-Application Conference** with Planning & Sustainability staff by appointment. Pre-Application form (to be completed in pre-application meeting). Please email lahill@dekalbcountyga.gov for appointment.
- 2. Hold a **Pre-Submittal Community Meeting** with surrounding neighborhood associations and residents. Provide documentation of the meeting (meeting notice and sign in sheets). Letter(s) from homeowners' association(s) may also be provided.
- 3. Submit: **Application** - Submit 1 complete, combined PDF version via email or flash drive. Please assemble materials in the following order:
 - A. **Application form** with name and address of applicant and owner, and address of subject property;
 - B. **Pre-submittal community meeting notice and sign-in sheet** and other documentation of meeting, if any;
 - C. **Letter of application and impact analysis**
 - 1. **Letter of application** identifying a) the proposed zoning classification, b) the reason for the rezoning or special use or modification request, c) the existing and proposed use of the property, d) detailed characteristics of the proposed use (e.g., floor area, height of building(s), number of units, mix of unit types, number of employees, manner and hours of operation), d)(optional) statement of conditions discussed with the neighborhood or community, if any.
 - 2. **Impact analysis** of the anticipated impact of the proposed use and rezoning on the surrounding properties in response to the standards and factors specified in Article 7.3 of the DeKalb County Zoning Ordinance, as attached. If a Major Modification, please include previously approved conditions and Board of Commissioner meeting minutes.
 - D. **Authorization Form**, if applicant is not the owner. Must be signed by all owners of the subject property and notarized. Authorization must contain the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property. Please include warranty deed, if property ownership is less than 2 years.
 - E. **Campaign disclosure statement** (required by State law).
 - F. **Legal boundary survey** of the subject property, (showing boundaries, structures, and improvements), prepared and sealed within the last year by a professional engineer or land surveyor registered in the State of Georgia. *(If survey shows property on opposite sides of a public street right-of-way, file a separate application for each property.)*
 - G. **Site Plan**, printed to scale, folded, of any existing and or proposed development/redevelopment. For projects larger than 1 acre, site plan should be at least 1:50 scale. The site plan must include the following
 - a. boundaries of subject property;
 - b. dimensioned access points and vehicular circulation drives;
 - c. location of all existing and proposed buildings, structures, setbacks and parking;
 - d. location of 100-year floodplain and any streams;
 - e. notation of the total acreage or square footage of the subject property;
 - f. landscaping, tree removal and replacement, buffer(s); and
 - g. site plan notes of building square footages, heights, density calculations, lot coverage of impervious surfaces, parking ratios, open space calculations, and other applicable district standards.
 - H. **Written Legal Description** of metes and bounds of the subject property (can be printed on site plan or survey).
 - I. **Building Form Information**. Elevation (line drawing or rendering), or details of proposed materials, in compliance with Article 5 of the Zoning Ordinance.
 - J. **Completed, signed Pre-application Form** (Provided at pre-application meeting.)

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.

This SLUP application is only for extending hours of operation for an existing business for 2 more hours (12:30 am to 2:30 am). As shown on my site map, the suite sits in the middle of the Spring Mill Village Shopping Plaza. It's on adequate land area. There is plenty of open space, off-street parking, buffer zones. It meets all the requirements of the zoning district to be open until 2:30 pm.

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

From installing soundproof walls to having a police officer on duty from 12:30 am until 2:30am, I am confident that the proposed use is in compatibility to adjacent properties and land uses in the district. For example, my adjacent neighbor is a Lounge (Select lounge) that currently has a SLUP permit to be open until 2:30 am. It is the only business open that late. Therefore, if I am able to operate for 2 more hours, then it will be in compatibility with his property. Regarding compatibility with land uses in the district, this shopping plaza is zoned for business operating until 2:30am. There is no smoking allowed in my business and we don't deal with chemicals for any odor, nor do we deal with dirt to have any dust. However, regarding volume and vibration, I will install a soundproof wall and keep the door closed which will keep all sound inside. The on-duty police officer will make sure nobody is out in the parking lot. With only 1 other business open until 2:30 am, there is plenty of parking spaces in the Shopping Plaza to there will be no problem with congestion.

- C. Adequacy of public services, public (or private) facilities, public and private streets(including considerations of traffic carry capacity) and utilities to serve the use contemplated.

Memorial drive and South Hairston Road are the 2 intersecting streets that borders the Spring Mill Village Shopping Plaza where my suite is located. Anyone can easily make a right turn off South Hairston or a right turn off Memorial drive and turn into the Spring Mill Village Shopping Plaza where the suite is located. There is a steady flow of traffic on these two streets. Customers will be able to enter the shopping plaza without adding to the usual traffic carry capacity on these streets during our operating hours.

- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

Memorial drive and South Hairston Road are the 2 intersecting streets that borders the Spring Mill Village Shopping Plaza where my suite is located. Anyone can easily make a right turn off South Hairston or a right turn off Memorial drive and turn into the Spring Mill Village Shopping Plaza where the suite is located. There is a steady flow of traffic on these two streets. Customers will be able to enter the shopping plaza without adding to the usual traffic carry capacity on these streets during our operating hours.

- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.

The suite has two points of egress, but only one point of ingress- one door is an emergency door that only opens outward. Because this is an existing business with a business license it has gone through all the appropriate inspections and meet all Life Safety standards and Code.

- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.

Opening for an extra two hours will not create any adverse impacts on any adjoining land. With soundproof walls and the door closed, there will be no hearing of loud music on the outside. With a police officers and security guards on duty, nobody will be allowed to walk around or wait out in the parking lot. You will have to either enter the facility or get in your car and drive home.

- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

Operating an extra 2 hours from 12:30am to 2:30 am is consistent with the requirements of the zoning district classification where my suite is located. Select Lounge next door to me recently opened and have a SLUP permit and share the same zoning district as me. If they were able to successfully get their business license and SLUP permit then me operating an extra 2 hours will be consistent with zoning requirements.

- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

My Comprehensive Plan and my plan since I started my business was to operate an Event Center. My operating an extra 2 hours is still consistent with that comprehensive and original plan. Me operating an Event Center for an extra 2 hours does not conflict or detract from my Comprehensive and original plan which is to operate and an Event Center.

- I. Whether there is adequate provision of refuse and service areas.

There is adequate provision of refuse and service area.

- J. Whether the length of time for which the special land use permit is granted should be limited in duration.

The length of time for which the special land use permit is granted should not be limited for any duration of time. Whether that limitation is daily, Weekly, or seasonal. If I am granted a special land use permit to operate for an extra 2 hours, then that time span should no way be limited.

- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.

This is a SLUP to be open an extra 2 hours. My current suite is in the Spring Mill Village Shopping plaza. I'm not building anything. Operating and extra 2 hours will not create any shadow impact on any adjoining lot or building. Again, this is not a SLUP to build a building.

- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.

The proposed use of this SLUP application is for me to extend my operating hours until 2:30am. This operating time extension will in no way adversely affect any historic buildings, sites, districts and archaeological resources.

- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

The proposed use of extending my operating hours to 2:30 am satisfies the requirements contained within the supplemental regulations of this special land use permit.

- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

The proposed use of extending my operating hours by 2 hours will be consistent with the needs of the neighborhood or the community because it will allow my patrons to start their birthdays, wedding showers, and host of other events at 8 or 9 pm and have a full 6 hours to enjoy the event. The community will benefit from not having to be rushed to leave at 12:30am.

John Koryan Event Center
Notice of Special Land Use Permit
Application Community Meeting

Greetings:

I am planning to apply for a Dekalb County Special Land Use Permit to have a late-night establishment at 6009 memorial drive, Stone Mountain Ga 30083 suite 10. Find out more about the project, ask questions, and voice your opinion at the following community meeting:

Date: Wednesday, December 13, 2023

Time: 6:30pm Eastern (US and Canada)

Location: 6009 memorial drive, Stone Mountain GA 30083 suite 10

If you have any questions about the meeting, please call 404-552-9096 or email johnkoryan@gmail.com.

We look forward to seeing you there!

Sincerely,

John Koryan

LETTER OF APPLICATION

The proposed zoning classification is a late-night establishment. I want to extend my current event center business hours from 12:30 am until 2:30 am. The existing use of the property is an Event Center. The event center is one unit and the size of 4,151 square feet. There is only one employee. The current hours of operation are 12pm to 12am 7 days a week.

DEPARTMENT OF PLANNING & SUSTAINABILITY

IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.
- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.
- C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.
- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.
- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.
- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.
- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.
- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.
- I. Whether there is adequate provision of refuse and service areas.
- J. Whether the length of time for which the special land use permit is granted should be limited in duration.
- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.
- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.
- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.
- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

DEPARTMENT OF PLANNING & SUSTAINABILITY

AUTHORIZATION

The property owner should complete this form or a similar signed and notarized form if the individual who will file the application with the County is not the property owner.

Date: 12-20-2023

TO WHOM IT MAY CONCERN:

(I), (WE) Spring Mill Village, LLC
Name of owners(s) (If more than one owner, attach a separate sheet)

Being (owner) (owners) of the subject property described below or attached hereby delegate authority to:

Frances Chapin
Name of Agent or Representative

to file an application on (my), (our) behalf.

MARY REEVES
NOTARY PUBLIC
Gwinnett County, Georgia

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes _____ No *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

Comments: _____

Applicant will need to provide justification as to how proposed Late Night Establishment and Nightclub is compatible with surrounding commercial and single-family residential area. Must show compliance with C-1 zoning requirements including but not limited to minimum number of parking spaces per article 6. Must show compliance with supplemental regulations for Late Night Establishments per Section 4.2.32 of zoning ordinance. Address Special Land Use Permit (SLUP) criteria A through N indicating how proposed use is

DEPARTMENT OF PLANNING & SUSTAINABILITY

compatible with surrounding area including but not limited to noise, trash, loitering, crime, etc. Must provide a Letter of Entertainment clarifying that proposed land use is a “*Late Night Establishment/Nightclub*” and not a “*Special Event Facility*”. Proposed operating hours beyond 1230 am must comply with Alcohol Ordinance operating hours restrictions.

This only a preliminary review and is not a complete list of zoning requirements, a final and complete review will be done upon official submission of a Special Land Use Permit (SLUP) application and concept plan. If the SLUP application were to be approved by the Board of Commissioners, the applicant would have to submit and obtain a certificate of occupancy for the building, a new alcohol license, and a new business license for a “*Late Night Establishment/Nightclub*”.
