Community Meeting
Meeting Notes

9/19/24

Meeting begins at 6:03pm

***Background music cuts off

Elise starts off greeting everyone then begins explaining to everyone why they are here

She states that the universal church is applying for the CO of the building where meeting is being hosted

Elise says Prior to obtaining the building she asked the city questions regarding if the building can be used as a church, if it's zoned as a church, and is possible to occupy as a church. She as well as her husband Damien called, emailed, and even went to the city office to verify and they were told YES so they acquired the building.

After acquiring the building the city gave them the application as a regular process to apply for the CO. They got the application and filled out everything

Elise still speaking says In the application there's a part where they must do a sketch or drawing. So they went to the city and asked for assistance so that they can make sure that they are doing the application properly and in the correct way. The city official told them that because the square feet is 5000 that they can hand sketch it. So they left and to hand sketch it and took the application back to the county.

There city official told them "oh no sorry" because it's a commercial property and not a residential property, an architect must be the one to sketch it. So they left and spent thousands of dollars to have an architect sketch out the building and presented it back to county.

Once all of that was told was done then they were told by the county I'm sorry but where your located that building can be a church, it's a Zone "M" which is a building that can be a church but that specific property is located in what they call Tier 1 of the Scottsdale overlay area, though it can be a church even though it zoned for church use. You would require another paperwork to be filed out and which is the process we're doing now which is a SLUP- special land use permit.

So they] would have to do what they were doing plus the extra process because of the fact that it's in a Tier 1 of the Scottsdale overlay area

The process includes doing community meeting. They had to contact a few people in the community, residence, business owners. The people from the county gave them a list of

people that they can reach out to. They sent out letters, they sent out emails inviting them to be a part of this meeting. Then after they do this meeting they start the process of special land use permit.

When they found this out, Elise spoke to the county about the fact that before even acquiring this building months before that they contacted them and asked them "hey but this is Zoned M can it be a church etc.. "

"How come they told us that it can be?"

The county apologized in an email.

The county said "yes I'm sorry it's the person who told you that they can click something on your system That is shows it that it's Zoned M but they have to click more where it goes into overly area"

This is the reason they are doing this community meeting. Elise thanks all of them for being here.

Elise says she went researching what is Zone M can be

A Zone M can be a place of worship like this place here

Auto repair like the ones seen in the area but it can also be a noncommercial building or a club because of it's zoning

Because of this, they are doing this process of the community meeting where they have the community members here and so they want to let everyone know more about them. They are called the Universal Church and introduces the pastor

***Elise points to pastor standing in the back

***Pastor waves hello

Before Elise lets the pastor speaks, she would like the people first like to watch a short video that describes more about what they do and the things that they like to provide to the community

Plays video showcasing several events and community outreach work that the universal church has done. The 3 minute video showed many pictures of the universal church working with the youths, sport tournaments, walks against suicided and depression,

classes, feeding and giving clothes to those in need in the community, back to school giveaways, working with the senior citizens, and teacher appreciation.

***the people clap

***Pastor Damien comes forward to begin speaking

Pastor Damien thanks everyone for coming and introduces himself as the pastor of the church and states that he would like to talk to the people more about the church itself.

Pastor Damien says that two minute video couldn't contain all and everything that the Universal church does but that it gives an idea. The Universal Church thrives on being a church that gives back and doesn't want to ever be a church that is just there taking up space in the community.

They want to give back to the community and for that reason the Universal church stays open seven days a week because they know that people are struggling seven days a week. They want to be a place where people can walk in if they need someone to talk to or sit down and just have some peace of mind. Several times people would walk in and just sit in the sanctuary cause they need some solace and quiet. Other times people who come over who left the farmers market they would pull in the parking lot and ask can they sit down in here for a while and they sit down and think or they may need a prayer.

They thrive on being a church that is open to the community daily. They don't care the age, they don't care the race, that don't care the gender or sexual preference. Pastor Damien states everyone and anyone is welcome in and that's the way they operate.

He refers back to the video where it was showcasing the feeding and giving clothes to those in need. Lets the people know that the people they were helping were nearby in the DeKalb county and that they were people from all different religious backgrounds.

He begins to mention the different types of programs the universal church offers- youth, senior citizens, inmates (mentions Panthersville [DeKalb RYDC] since he was just there 30 minutes ago because they do meetings with the juvenile to help the young men and women to get back on track and have a positive mindset) They also work with Metro RYDC. To be a place they know where them and their family can come and receive help and guidance.

Pastor Damien begins to discuss more about one of the programs, the youth power group.

***Calls up Quanteria from the youth group that received help from the Universal church

Pastor Damien begins to ask for her age and how long she has been coming to the church. Afterwards he ask how was she before and now after she has been coming and how has the church helped her

Quanteria replies with her age being 17 and that she has been coming for a year and a half. She begins to mention that before she was a person that was depressed, in a gang, and suicidal. That she attempted to commit suicide three times

Quanteria mentions that a friend of the family invited her to the church when she says she was at her lowest

Pastor Damien interjects with a statement that when they met Quanteria, she was checked into a behavior hospital because of her last suicide attempt.

He asked her whether she was judged or criticized or looked at differently when coming to the universal church

Quanteria answers no she was not and that she was welcomed with joy and kindness

Pastor Damien asked what's the difference now

Quanteria says the universal church has made her a better person, she has joy, she is happy here, there is no judgement and it's a positive environment

Pastor asked Quanteria if she is still doing the bad things she was before or have the desire to, which Quanteria answers no too

Pastor also asked if Quanteria believes that the change is because of the help she received at the universal church, which Quanteria answers yes

***Quanteria goes back to her seat and the people clap

Pastor Damien begins to discuss about another program offered-the Caleb group

***calls up Ms Catherine who is also a local of DeKalb county

Pastor Damien asks Ms Catherine what does the universal church do for the seniors

Ms Catherine answers that they get together every Sunday to pray and check in with all the seniors on how their week has been, their health and well being, and spiritual life. They also have events once a month such as movie day, spa day, beauty, fashion show, fitness, etc

Mentions how some seniors that are lonely and feel lost can have a place to come to talk with others and feel happy and welcome

***Ms Catherine sits down and the people clap

Pastor Damien talks about the scam awareness meeting that was held for the Caleb group to protect them from being victims of scams and taken advantage of financially

Says that this is the type of church they want to be and that they are. They have groups for youth, the seniors, the men, the women. That they are about building up individuals, building up families, and building up the community. States that he is mentioning all that the universal church offers because he wants the people to know what is coming into the community. That they are available and that people can come in and receive help always, like a spiritual ER

***pastor Damien finishes speaking and turns over back to Elise

Elise reiterates that they do many things for the communities, not just for the members of the church but different events that are open to the community. One event was Mega Dance where they had games, grilled BBQ food, bounce house outside etc. all for free and for anyone in the community. They also fed the homeless people in the Clarkston and Mechanicsville(an encampment) area. Their goal is to add to the area and not take away from it

***Elise opens the floor to questions

*** lady in front wants to ask a question

Lady asked if the people present were members of the church

Elise answers some of the people in the audience were but not everyone

Lady asked how many mailers were mailed out

Elise answers probably 40 or 50. They were given a list of people in the community from the county to mail out to. In addition to 20 or 30 emails was sent out.

Lady stated the people in her neighborhood near her did not have any info on the meeting that was to be held

Elise said that the list they received from the county highlights specific people to mail out to. She is unaware if it was the owners or residents of the property that was on the list but states if the people in the neighborhood didn't receive the information than that's something she will speak to the county about because they should have been a part of the list given.

Lady asked who was Elise working with at the county

Elise replied Andrea

Lady asked if they are renting or buying

Elise answers renting

Elise asked if anyone have any more questions

The same lady in front from the neighborhood makes a statement that having a church in the neighborhood is a good thing. Also about not wanting parking issues or a homeless encampment in the area. States that previous owners of the building allowed for drug use and inappropriate activities in her backyard

lady in front then asked if they have a 501C3

Elise answers yes

Lady asked for the name 501C3

Elise answers The Universal Church INC

Lady asked if this location was a sub church or part of the main organization because it's a big organization(said they spoke on the phone)

Elise answers that they are the universal church INC, that it's one big church with many locations

Lady asked how many members do they currently have

Pastor answers they have 250 members or so if everyone were to be in attendance at the same time

Lady asked if most of the members that attend, are they residents of Scottdale

Pastor Damien answers that is spread out within the neighboring cities and some farther out but they have quite a few that are local in DeKalb county

Elise begins to address the parking situation. Tells the previous businesses in the building was a few churches and then an event hall. However she states that they have more than sufficient parking. So on Sunday, which is there main day, they have a parking attendant specifically to make sure that people park within the parking space because they have parking that surround all around the building and every Sunday if anyone were to pull up, they would see there is a parking attendant standing outside making sure that parking is done within the vicinity of the building. Never have they ever had anyone park on the street because there is more than enough parking needed.

An older gentlemen interjects and says customarily a meeting is for a purpose. Asked is there a particular reason for them being invited here other than to discover more about the Universal church

Elise answers yes they are applying for the CO and reiterates what she mentioned in the beginning of the meeting (as he arrived a few minutes late and missed the opening part of the meeting)

Also mentions that SLUP requires a meeting with the community members notifying of what they do. This is the first of the process that they are required to do. They had to host the meeting whether it be online or in person and they preferred in person because they like for the people to see what they are versus just an online screen

Afterwards, there will be other processes, such as a council meeting. They will have it posted outside the days and times if anyone would like to participate

Lady wants to know who Elise is working with at the county

Elise answers the main two is Andrea and Adam. Lashonda is also helping but with just the paperwork

Lady wants to know if this is the first meeting how many more meeting need to do

Elise answers three more after this first one. Two council meetings and a final meeting

Lady states she can give her names of those in the area that did not receive mail out to for the meeting

Elise says she accepts and wants to receive the list of names. She says she will also compare the names and see if they are on the list she received from county and speak to the county if they are not on the list

Elise asked again the people if they have any questions

***Mr Joseph Gargiulo stands up and goes in front of the camera

Mr Joseph begins to introduce himself. States he is the owner of the building for about 35 years and been a resident of Scottsdale for nearly 45 years. He also has several properties in the Scottsdale area and says he believes in the neighborhood.

Mr Joseph says he knows Pastor Damien and Elise for almost a year and a half. He begins to speak on their great work ethics, says he sees all the activities like giving out free food and the events for the community that they host. Says they are good people and that the church is a good business for the Scottsdale community. He states that he hasn't seen any of his previous tenants in 35 plus years go through such difficulty to obtain a business license. Says that the county needs to give them the universal church their business license

***finishes off with a joke

***the people laughs

Elise asks one last time if anyone wants to speak or have any questions

***Ms Joy stands up and goes in front of the camera

Ms Joy says she lives in Loganville. Says she was depressed and going through postpartum depression when her aunt who came from Central Africa and she's part of the Universal church there, first brought her to the universal church here in Georgia.

Here at the universal church she received help, support, and love which is why she is willing to drive 45 minutes to be here. Says that this needs to be in this community because she believes in a door or in a neighborhood over there is another Momma experiencing postpartum depression, or maybe suicidal thoughts and needs a place like this the Universal church locally and in their community to help them just like the church helped her.

Elise thanks everyone for coming again and says that the door is open if they have any further question or if they want to come in anytime

Pastor Damien end the meeting with a prayer

Meeting concluded 6:38pm

Letter of Application:

We 'The Universal Church Inc' are writing this letter in reference to the application for the SLUP requested by the county for the property located on 3110 E Ponce De Leon Ave. Scottdale, GA 30079.

The zoning for this property is M for 'Place of worship'. We checked various times before acquiring the building with the County through various emails and phone calls to be sure of the zoning; and were informed before acquiring the building by the County through email, by phone and through an in person visit that this property was zoned M and therefore could be a place of worship. But only after submitting the application for the CO were we informed that the building is in tier 1 of the Scottdale overlay area and are required to do a SLUP application. The County did apologize for the error and advised that they did not initially pull up the details about the building. We were informed that after seeing it is zoned M there is something in your system that needs to be clicked in order to see deeper into the fact that it is in tier 1 of Scottdale overlay. For this reason we were advised by the County to start the process of the SLUP. This is the reason that we are now applying for this SLUP application. There will be no new developments done.

According to the owner (Joseph Gargiulo), who has owned the property for about 40 years there has been approximately 3 – 4 churches in this building in the past years. The use right before

us was an event hall and right before the event hall it was a church. We want it to be a church.

The building is 5000 sq Ft and is a big open space with 5 rooms has 2 employees and is open 7 days a week with hours of operation Monday – Friday 8am – 8pm Saturday 9am – 12noon and Sunday 8am – 7pm

Statement of condition discussed with the neighborhood: In the community meeting held the neighbors and community seemed happy and in favor of a church being in their community as opposed to a event hall or anything else. They informed that they believe that a church is exactly what is needed here.

IMPACT ANALYSIS

Criteria: Sec 27-7.4.6 The following criteria shall be considered by the Department of Planning and Sustainability, the Planning Commission and the Board of Commissioners in evaluating and deciding any application for a special land use permit. No application for a special land use permit shall be granted by the Board of Commissioners unless satisfactory provisions and arrangements have been made concerning each of the following factors, all of which are applicable to each application, and unless the application is in compliance with all applicable regulations in Article 4.

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.
- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.
- C. Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.
- D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.
- E. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.
- F. Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.
- G. Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.
- H. Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.
- I. Whether there is adequate provision of refuse and service areas.
- J. Whether the length of time for which the special land use permit is granted should be limited in duration.
- K. Whether the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.
- L. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.
- M. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.
- N. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

Impact Analysis

Question Responses:

A) Adequacy of the size of the site for the use contemplated and whether or not the adequate land area is available for the proposed use including provision of all required yards, open space, off street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located.

*Yes, all site elements are existing, no new site work is being proposed. There is sufficient parking within the property to support the proposed congregation.

B) Compatibility of the proposed use with the adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

* Yes, this business will be compatible with the existing surrounding uses of the neighborhood. The surrounding uses are a variety of residential and commercial properties along with multiple places of worship located within a 2-3 minute drive. There are daycare facilities, auto shops, market, club house-youth development center etc. So, yes, the proposed church will mesh with the surrounding uses and no it will not cause unnecessary traffic congestion, noise, smoke, odor, dust or vibrations as we are a church.

C) Adequacy of public services, public (or private) facilities, and utilities to serve the proposed use.

* Yes there is adequacy of public services, public facilities and utilities to serve the proposed use. This building has been a church before and this

building already has trash services, water services and electricity. The site is already hooked up to all utilities.

D) Adequacy of public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.

*The street right in front of us is E Ponce De Leon Ave. It has 4 lanes. 2 lanes going in each direction and there is a regular traffic flow, never is there a backup of traffic congestion. There is more than sufficient lanes for a continual regular traffic flow as it is a main street. This use will not cause a traffic congestion.

E) Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.

*Yes, There is adequacy of ingress and egress onto property with pedestrian and automotive safety and convenience. There is an entry and exit along Aldridge Ave and two additional entry and exits along Ponce.

F) Whether the proposed use will create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use.

*This building is a stand alone building and does not have any business or residents directly next door. But even if we did Our hours of operation will not cause any adverse impacts upon any adjoining land. We have standard regular business hours. We are open 7 days a week and Our Hours of operation are Monday – Friday 8am – 8pm Saturday 9am – 12noon and Sunday 8am – 7pm

G) Whether the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

*This building is zoned M for place of worship and is in Tier 1 of the Scottsdale overlay area which 'place of worship' is authorized. Which is consistent with the requirements for zoning district.

H) Whether the proposed use is consistent with, advances, conflicts, or detracts from the policies of the comprehensive plan.

*According to my findings, As part of the 2050 comprehensive land use plan the goal is to have LIND - light industrial in this area which allows for entertainment. Yes, besides church services we do offer many forms of entertainment and activities to those in the local community. From movie days, talent shows, sports tournaments, arts and craft days, community festivals and more.

I) Whether there is adequate provision of refuse and service areas.

*Yes there is

J) Whether the length of time for which the special land use permit is granted should be limited in duration.

*We would like the SLUP to be granted to us for the duration of time that we are at this location for as long as we choose to stay at this location. Not necessarily indefinitely, depending on each business that comes to this building each individual business should apply for their own SLUP if needed in order to stay within the requirements of the County and the neighborhood.

K) Whether the size, scale and massing of the proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and building; and whether the proposed use will create any shadow impact on any adjoining lot or building as a result of the proposed building height.

* We are NOT proposing any new development and the building will remain as is which is appropriate in relation to the size of surrounding buildings.

L) Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.

According to my knowledge and research we are not located in a historic district, and there are no historic buildings, sites, districts or archaeological resources in this building or area.

M) Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

* Yes we do satisfy the requirements contained within supplemental regulations. As in Section 4.2.42 Place of worship, convents, monasteries; temporary religious meetings.

A – Any building or structure established in connection with places of worship, monasteries or convents shall be located at least fifty (50) feet from any residential zone property. Where the adjoining property is zoned for non residential use, the setback for any building or structure shall be no less than twenty (20) feet for a side yard and no less than (30) feet for a rear yard – **Yes we fit these requirements and are more than 50 ft from residential property, set back more than 20ft and side yard more than 30ft in rear yard.**

B – The required setback from any street right – of – way shall be the front – yard setback for the applicable residential district. – **Yes**

C – The parking areas and driveways for any such uses shall be located at least twenty (20) feet from any property line, with a visual screen, provided by a six-foot-high fence or sufficient vegetation established within that area. – **Parking areas are located at least 20 feet from property line with visual screen provided by vegetation established**

D - Place of worship, convents and monasteries shall be located on a minimum lot area of three (3) acres and shall have frontage of at least one hundred (100) feet along a public street – **Lot area is 1 Acre and has frontage of at least 100 feet along a public street**

E – Place of worship, convents and monasteries shall be located only on a thoroughfare or arterial – **Yes, this building is located on a thoroughfare/arterial**

F – Any uses, buildings or structures operated by a place of worship that are not specifically included within the definition of place of worship must fully comply with the applicable zoning district regulations, including, but not limited to, any requirements for a special land use permit. – **Yes, building does comply with applicable zoning district regulations and requirements of special land use permit.**

N) Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process.

This community is in great need for a location that is open 7 days a week and provides help, activities for members of the community of all ages from teens to seniors. We provide counseling, back to school supplies, groceries and clothing for those in need and going through hard times. We provide many activities and hands on help with the teenagers in our community. As in today's society often times we see that the teenagers are going down the wrong path and getting involved in a lot of

negativity. To help with this we provide many things to help them to develop their talents and find a place of solice and hope, where they can express themselves. We hold community events, barbeques, open mic talent shows, sports events, arts and crafts where anyone can grow and develop their talents as well as be involved in something positive. We provide everything from spiritual help, to different events and entertainments for those in the community, to a place to for solice, quiet and where you can go in this busy world just to sit and think, We have various men's meetings/ activities and events as well as for women. We also have many women's meetings, activities and events. We also provide help for our seniors where we hold monthly events with them to do arts and crafts, coloring, exercise and health tips, talks and teachings on how to avoid being scammed as this is on the rise with the senior community now adays and much more. We strive to help them feel included and not alone, as many seniors often feel forgotten and alone as they age; and our goal is to help them not feel this way but instead to do what they love and be involved with others in their age group making positive friendships and feeling the care that they need and deserve. We also welcome anyone in the community to join in on any of these activities as well as and more importantly we offer spiritual help to those in need. Prayer, counseling, advice, a place to sit and think. All free of charge. Our community needs a place like this and many have walked through the doors on a daily basis relieved and happy to find a place like this. Many people go through hardships in life financially, in their family, in school, facing problems with addictions, depression, feeling far from God and so much more. We are here to help with all of the above and are always finding ways to develop the community around us and to be of service to our community and the people in it. We are not just a church that is open on Sunday Mornings for church service, we are open 7 days a week, 365 days a year. Yes even on the holidays... If someone needs help we are

here. We also work inside of nursing homes, prison and juvenile facilities in our area offering help where needed reaching out to the youth and seniors in need of help. This is absolutely something long overdue and needed in the neighborhood and community as a whole.

DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes _____ No *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.
2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

SURVEYOR'S CERTIFICATE

THIS PLAT IS A RETRACEMENT OF AN EXISTING PARCEL OR PARCELS OF LAND AND DOES NOT SUBDIVIDE OR CREATE A NEW PARCEL OR MAKE ANY CHANGES TO ANY REAL PROPERTY BOUNDARIES. THE RECORDING INFORMATION OF THE DOCUMENTS, MAPS, PLATS OR OTHER INSTRUMENTS WHICH CREATED THE PARCEL OR PARCELS ARE STATED HEREON. RECORDATION OF THIS PLAT DOES NOT APPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. FURTHERMORE, THE UNDERSIGNED LAND SURVEYOR CERTIFIES THAT THIS PLAT COMPLIES WITH THE MINIMUM TECHNICAL STANDARDS FOR PROPERTY SURVEYS IN GEORGIA AS SET FORTH IN THE RULES AND REGULATIONS OF THE GEORGIA BOARD OF REGULATION FOR PROFESSIONAL ENGINEERS AND LAND SURVEYORS AND AS SET FORTH IN O.C.G.A. SECTION 15-6-67

GERALD H. BERNHARD *GHB*
 GEORGIA RLS NO. 2688

FLOOD HAZARD STATEMENT

I HAVE THIS DATE, EXAMINED THE "FIA FLOOD HAZARD MAP" AND FOUND IN MY OPINION REFERENCED PARCEL IS NOT IN AN AREA HAVING SPECIAL FLOOD HAZARDS.

ALL MATTERS OF TITLE ARE EXCEPTED. THIS PLAT IS SUBJECT TO ALL LEGAL EASEMENTS AND RIGHTS-OF-WAY PUBLIC OR PRIVATE.
 NOTE: PROPERTY LINES SHOWN ON THIS MAP/PLAT REPRESENT PHYSICAL FIELD CONDITIONS BY EVIDENCE OF APPARENT POSSESSION (IRON PINS FOUND, OLD & ESTABLISHED FENCE LINES, OLD WALL LINES, SHRUB & HEDGE LINE, HOUSE LOCATIONS, ETC.) THEY MAY DIFFER AND BE IN CONTENTION FROM EVIDENCE FOUND AT THE APPLICABLE COUNTY COURTHOUSE. THEY MAY ALSO DIFFER FROM OTHER SURVEYOR OPINIONS AND/OR NEIGHBORS SURVEYS/PLATS. A FULL LAND TITLE REPORT OPINION ON ALL PROPERTIES, INCLUDING ADJACENT AND CONTIGUOUS PROPERTIES MAY BE NEEDED TO RESOLVE ALL POSSIBLE PROPERTY LINE DISPUTES OR DISCREPANCIES.

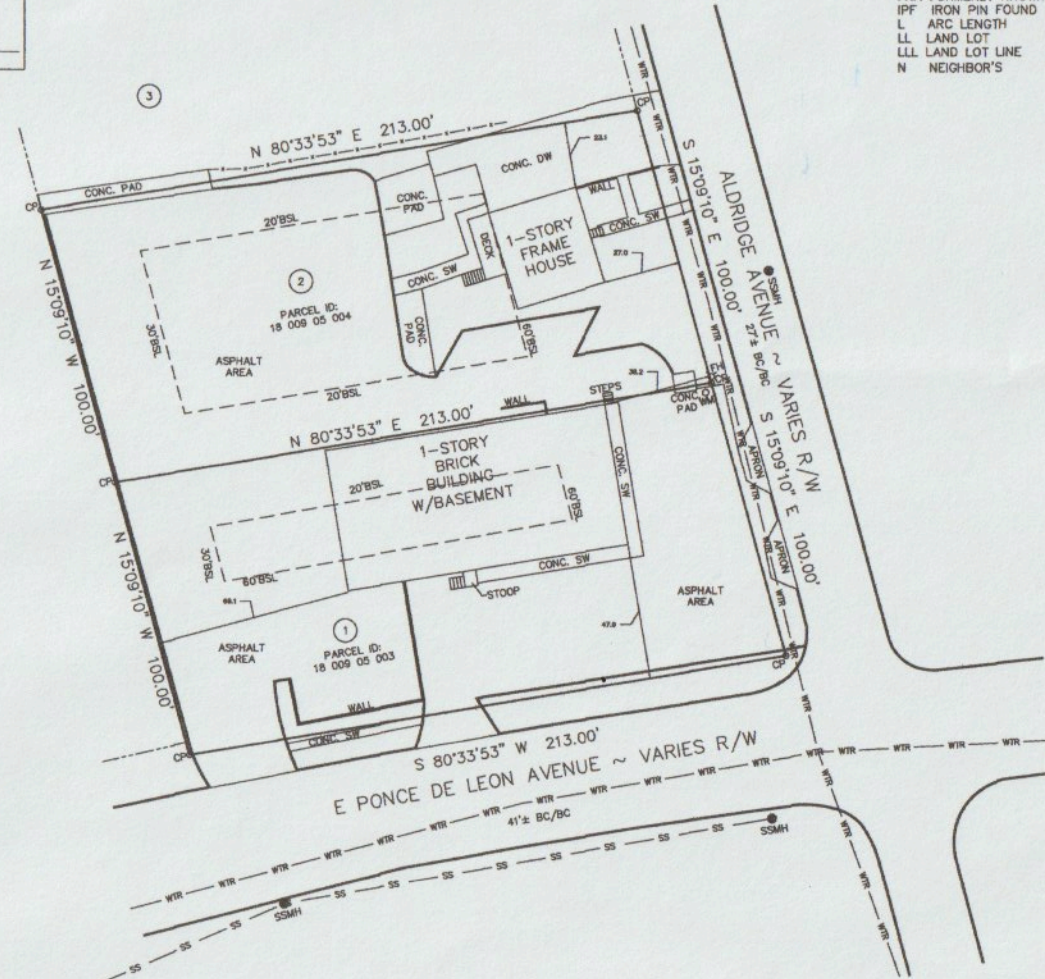

THIS MAP/PLAT WAS MADE WITHOUT THE BENEFIT OF A CURRENT TITLE COMMITMENT. EASEMENTS AND ENCUMBRANCES MAY EXIST WHICH BENEFIT AND BURDEN THIS PROPERTY. THIS MAP/PLAT IS SUBJECT TO REVISIONS AND UPDATE UPON RECEIPT OF SAID TITLE COMMITMENT.

BUILDING LINES SHOWN HEREON DERIVED FROM VARIOUS ONLINE SOURCES. THEY MAY BE IN CONTENTION WITH OR DIFFER FROM INTERPRETATIONS OF GOVERNING AUTHORITIES. IT IS THE CLIENT'S OBLIGATION TO CONFIRM WITH PERMITTING AGENCIES BASED ON THEIR SPECIFIC CONSTRUCTION PROJECTS.

THIS MAP/PLAT HAS BEEN FIELD RUN WITH ASSUMED ELEVATIONS, THEN ADJUSTED TO NAVD 88 BASED ON MULTIPLE OBSERVATIONS FROM GOOGLE EARTH SATELLITE IMAGERY OR OTHER ONLINE SOURCES. THE ELEVATIONS SHOWN HEREON ARE +/- 1' (± ONE FOOT).

TREE SYMBOLS ARE NOT TO SCALE. TREE SYMBOLS REPRESENT POSITION OF TREE & ARE NOT THE CRITICAL ROOT ZONE (NOT DRIFLINE).

NOTE: ANY & ALL UNDERGROUND UTILITIES, I.E. SEWER, STORM, GAS, WATER, ETC., HAVE NOT BEEN FIELD LOCATED BY CONVENTIONAL SURVEY METHODS.

PROJECT SCOPE OF WORK DESCRIPTION

THERE IS NO NEW WORK BEING PROPOSED. THIS DRAWING SET IS BEING PROVIDED AS A RECORD SET ONLY AT THE REQUEST OF THE CITY OF SCOTSDALE, GA. ALL CONDITIONS SHOWN ARE EXISTING AND HAVE NOT BEEN EVALUATED FOR CODE COMPLIANCE, ACCESSIBILITY, OR OTHER RELATED REQUIREMENTS ASIDE FROM CONSTRUCTION TYPE, BASIC EGRESS ROUTES AND PLUMBING COUNTS AS SHOWN ON SHEET AD.1. EXISTING NON-COMPLIANT ELEMENTS OF THIS STRUCTURE ARE THE SOLE RESPONSIBILITY OF THE OWNER.

THE ORIGINAL CONSTRUCTION IS A TWO-STORY STRUCTURE WITH CMU EXTERIOR BEARING WALLS, STEEL ROOF TRUSSES, AND CONCRETE SLAB-ON-GRADE/MTL DECK FLOOR. EXTERIOR FINISH IS PAINTED BRICK VENEER ON THREE ELEVATIONS AND PAINTED CMU ON THE REAR ELEVATION. THE LOWER LEVEL IS A WALK-OUT STORAGE AREA (OCCUPIED BY ANOTHER TENANT) WHILE THE UPPER FLOOR IS UTILIZED BY UNIVERSAL CHURCH.

SEE PLAN NOTE
ALL EXISTING SITE ELEMENTS ARE TO REMAIN, AS SHOWN ON THE SURVEY. THE BUILDING ENCLOSURE ELEMENTS SHOWN ARE BASED UPON THE SURVEY DATED 11/20/24.
