21-2-230 Challenge**

Honorable DeKalb County Election Board:

As a citizen of Georgia and a resident of DeKalb County, I hereby challenge the attached registrations under GA Code 21-2-230 as having probable cause to indicate they are invalid/illegal under GA Code 21-2-561. These registrations, according to the August 13th, 2024 DeKalb County Voter Roll, have RESIDENTIAL ADDRESSES that are the addresses of either U.S. Post Offices, UPS Stores or other Mail Center businesses that are stand-alone structures. These addresses cannot be used as residential addresses.

It can reasonably be assumed that these addresses contain PO Boxes to which mail can be delivered. While these boxes may belong to a valid elector, it is impossible to determine in which Municipal, State Senate, State House, US Congressional districts, or possibly even what State the elector truly should be qualified to cast a vote.

REQUIREMENT: If you are submitting this form by mail and you are registering for the first time in Georgia, you are required to submit proof of residence either with this form OR when you vote for the first time. Proof of residence includes one of the following: a COPY of a current and valid photo ID; or a COPY of a current utility bill, bank statement, government check, paycheck, or other government document that shows your name and address. You are exempt from this requirement if you are entitled to vote by absentee ballot under the Uniform and Overseas Citizens Absentee Voting Act, or if you provide your Georgia driver's license/ID number (or the last four digits of your social security number if you do not have a driver's license/ID) on this form and your identifying information is verified with a state database.

AND ELECTIONS

Evidence:

According to the official Georgia State Voter Registration form, shown above, Box 2 is labeled RESIDENCE ADDRESS. Box 3 is labeled MAILING ADDRESS. The MAILING ADDRESS is accompanied by the instructions "If different from residence address. PO Box or route." This reasonably indicates that if the elector chooses to receive mail at a different address, or a PO box, they should list that address in Box 3, Not Box 2.

In addition, Box 6 requires the elector to swear or affirm that they RESIDE at the registers address listed above. They cannot reside in a Post Office, UPS Store or standalone Mail Center, much less in a box at that location. The WARNING states that any person who knowingly gives false information when

**Post Office and UPS Store/ Mail Center addresses used as Residence Addresses.
21-2-230 Challenge**

using this form is guilty of a felony (O.C.G.A 21-2-561). It can only be assumed that these stipulations apply to any method in which the elector is registered to vote.

I, as the challenger, am not accusing anyone of committing a felony. However, these registrations, as they are published in the DeKalb County Voter Roll, are illegal on their face. As such, I am challenging these registrations under GA code 21-2-230. These registrations should be marked as CHALLENGED. If any of these electors attempts to vote in the next election, either in person or by absentee, the elector should be required to show proof of their DeKalb County RESIDENCE ADDRESS and amend the registration in accordance with the procedures set forth in GA Code 21-2-230.

To be clear, GA Code 21-2-230 does NOT entail any registrations or electors to be removed from the voter roll. So, the NVRA 90-day rule does not apply. GA Code 21-2-230 states a 45-day rule for submission of this type of challenge. This challenge is well outside that period. The Elections Board must determine whether probable cause exists to sustain this challenge.

In determining probable cause, GA Code 21-2-230 states: *“Probable causes shall include, but not be limited to, an elector who is deceased; an elector voting or registering to vote in a different jurisdiction; an elector obtaining a homestead exemption in a different jurisdiction; or an elector being registered at a nonresidential address as confirmed or listed by or in a government office, data base, website, or publicly available sources derived solely from such governmental sources.”*

I have compiled a list of the official addresses of US Post Offices in DeKalb County from the website: <https://postofficepage.com/unitedstates/georgia>

I have compiled a list of UPS Stores and related Mail Centers in DeKalb County from the website: <https://locations.theupsstore.com/ga>

In addition, GA SB189, passed and signed into law states (Section 4 (a) (2) (C)): *“Proof of ownership or rental of a post office box or private mailbox service address within a particular jurisdiction shall not constitute sufficient grounds to establish a person's residency within that particular jurisdiction.”*

I have verified those addresses by searching Google Maps to show the structures that exist at those addresses. I would be glad to furnish my complete lists upon request.

All of the registrations I have listed in this challenge have an EXACT MATCH to the addresses of either a USPS address or a UPS Store or Mailing Center. This is NOT a 'systematic search'.

I further testify that I do not personally know any of these electors, nor have I tried to contact any of them. All of the research done for this challenge was carried out by me alone.

So, in conclusion, there exists substantial 'probable cause' for each one of these registrations to be verified and corrected via a 21-2-230 challenge. Each one lists an invalid and potentially illegal address. It is verified by a list of addresses from valid public websites that have no reason to misinform their customers, and by locating and showing photographs of the structures that exist at these addresses from the Google Map website, which millions of people rely on for accurate information. These structures are either free standing buildings or part of a commercial property

with no apparent residential units. Since these structures are not residential buildings, it is impossible to determine where and in what precinct, district, jurisdiction or even state the elector actually resides. These registrations must be corrected before a vote can be cast by them.

Elector Registration Challenge

Pursuant to 21-2-230

August 22, 2024

TO: DeKalb County Board of Registrations and Elections

FROM: William Henderson, Registration ID 03183834, Resident of DeKalb County

Honorable Board Members:

The purpose of this letter is to challenge, according to O.C.G.A. 21-2-230, the registrations of DeKalb County electors who have filed a permanent address change with the NCOA system, registered to vote in another state at the new address indicated on the NCOA form, and subsequently voted in that foreign state.

If this probable cause hearing is sustained, the registrations shall be processed in the manner set forth in GA Code 21-2-230.

OCGA 21-2-216 Qualifications of electors generally . . .

(a) No person shall vote in any primary or election held in this state unless such person shall be:

(2) A citizen of this state and of the United States;

(4) A resident of this state and of the county or municipality in which he or she seeks to vote

(f) No person shall remain an elector longer than such person shall retain the qualifications under which such person registered.

OCGA 21-2-217 Rules for determining residence

(a)(2) A person shall not be considered to have lost such person’s residence who leaves such person’s home and goes into another state or county or municipality in this state, for temporary purposes only, with the intention of returning, unless such person *shall register to vote or perform other acts indicating a desire to change such person’s citizenship and residence*;

(a)(13) If a person goes into another state and while there exercises the right of a citizen by voting, such person shall be considered to have lost such person’s residence in this state;

GENERAL REGISTRATION
AND ELECTIONS

Elector Registration Challenge

Pursuant to 21-2-230

- (a) . . . *If a challenged elector's name appears on the National Change of Address data base, as maintained by the United States Postal Service, as having changed such elector's residence to a different jurisdiction, the presence of such elector's name on such data base shall be insufficient cause to sustain the challenge against the elector **unless additional evidence would indicate that the elector has lost his or her residence** as determined pursuant to Code Section 21-2-217*

NVRA 1993

Section 8(d) REMOVAL OF NAMES FROM VOTING ROLLS.

- (1) *A State shall not remove the name of a registrant from the official list of eligible voters in elections for Federal office on the ground that the registrant has changed residence **unless the registrant---***

- (A) *Confirms in writing that the registrant has changed residence to a place outside the registrar's jurisdiction in which the registrant is registered;*

REASONING: When a registered voter applies to vote in another state, he is asserting in writing that he has changed his address and is a legal resident of the state in which he is applying to vote. (Note, this challenge, under GA Code 21-2-230, does not mandate, request or require the removal of any registrant from the list of eligible voters.)

Confirmation from the foreign Secretary of State's website that the person has registered to vote in its state proves that his/her eligibility to vote is in the new state. If the person also votes in that state, it is double proof that he/she now resides in the new state and is no longer an eligible elector in Georgia.

This hearing is to determine 'probable cause' that the elector is ineligible to vote in the upcoming election(s) because they currently reside, have registered to vote and may have voted in another state, rendering their eligibility to vote in Georgia invalid. If this probable cause hearing is sustained, no further hearing by the board of registrars is required until **after the election**, and the processes defined in GA Code 21-2-230 shall be applied:

GA Code 21-2-230 (f): *If the challenged elector does not cast an absentee ballot and does not appear at the polling place to vote and the challenge is based on the grounds that the elector is not qualified to remain on the list of electors, the board of registrars shall proceed to hear the challenge pursuant to Code Section 21-2-229.*

This challenge, if sustained, is valid through both the general election and any runoffs:

GA Code 21-2-230 (k) *Any challenge of an elector that occurs during a primary or general election shall continue through the run-off primary or run-off election of such primary or general election.*

It is to be further noted:

Elector Registration Challenge

Pursuant to 21-2-230

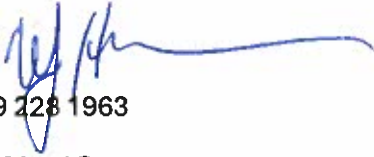

GA Code 21-2-230 (j) *Failure to comply with the provisions of this Code section by the board of registrars shall subject such board to sanctions by the State Election Board.*

I believe the evidence submitted provides more than sufficient "probable cause" for the challenges to go forward for the general election cycle and will help ensure that only qualified resident citizens of Georgia will vote in the election. As you know, sustaining these challenges does not remove them from the list of voters; it merely requires proof of Georgia residency upon an attempt to vote.

The importance of this process cannot be understated. None of the listed electors in this challenge will be deprived of their Constitutional right to vote. However, if any one of these electors is subsequently found to have voted in Georgia in conflict with established election laws, that will deprive another voter of their Constitutional right to have their vote counted, and will therefore require an additional voter to reinstate the balance of the vote in general. This possible situation therefore, in theory, deprives two valid, legal voters of their Constitutional rights. This challenge helps minimize the chances for that situation to occur.

Sincerely,

William Henderson

Elector Registration Challenge – Expired Registrations

Pursuant to 21-2-230

August 22, 2024

TO: DeKalb County Board of Registrations and Elections

FROM: William Henderson, Registration ID 03183834, Resident of DeKalb County

Honorable Board Members:

The purpose of this letter is to challenge, according to O.C.G.A. 21-2-230, the registrations of DeKalb County electors who have had NO CONTACT with the election system for 10 years or more, according to the Secretary of State's own database.

According to state laws 21-2-234 and 21-2-235, these registrations should have been removed from the county's voter roll in 2023 for reasons of inactivity, as part of the mandated list maintenance procedures.

If this probable cause hearing is sustained, the registrations shall be processed in the manner set forth in GA Code 21-2-230.

Relevant Georgia Code Citations

§ 21-2-234. Electors Who Have Failed to Vote and With Whom There Has Been No Contact in Three Years;¹ Confirmation Notice Requirements and Procedure; Time for Completion of List Maintenance Activities

Section (a) (1) states: *“As used in this Code section and Code Section 21-2-235, the term “no contact” shall mean that the elector has not filed an updated voter registration card, has not filed a change of name or address, has not signed a petition which is required by law to be verified by the election superintendent of a county or municipality or the Secretary of State, has not signed a voter's certificate, has not submitted an absentee ballot application or voted an absentee ballot, and has not confirmed the elector's continuation at the same address during the preceding five calendar years.”*

The column in the Secretary of State's Voter roll, which is available to the general public, titled **'DATE_OF_LAST_CONTACT'** is assumed to be the elector's last official contact date according to the criteria listed above.

Section (a) (2) states: *“In the first six months of each odd-numbered year, the Secretary of State shall identify all electors whose names appear on the list of electors with whom there has been no contact during the preceding five calendar years and who were not identified*

¹ **The 2019 amendment**, effective April 2, 2019, substituted "five" for "three" near the end of paragraph (a)(1) and in the first sentence of paragraph (a)(2) and inserted "has not submitted an absentee ballot application or voted an absentee ballot," in the middle of paragraph (a)(1). [This challenge is using the 5 year rule.](#)

Elector Registration Challenge – Expired Registrations

Pursuant to 21-2-230

as changing addresses under Code Section 21-2-233. The confirmation notice described in this Code section shall be sent to each such elector during each odd-numbered year. Such notices shall be sent by forwardable, first-class mail.”

The list of registrations submitted in this challenge all have a **DATE_OF_LAST_CONTACT** before Jan 1, 2014. Based on that **DATE_OF_LAST_CONTACT**, GA Code 21-2-234 mandated that these registrations were required to be on the list the Secretary of State was mandated to compile in the first 6 months of the year 2019. All these registrations would have had no contact in the preceding 5 years.

In addition, considering the reference to changing addresses:

There is a column titled “**LAST_MODIFIED_DATE**” in the SOS’s Voter Roll. That would seem to indicate the last date on which there was a change in the data related to that registration. The changes to the registration may not be in the categories of changes that require contact from the elector. However, the contents of this column cannot be relied on to indicate whether the elector’s address has changed in the course of the 10 years they have made no contact. Many systematic ‘modifications’ to the Voter Roll have caused this ‘LAST_MODIFIED_DATE’ to have been updated for unknown reasons. In fact, all of the entries have been updated at some point in 2024 for whatever reason.

To verify this data, we checked our list against the earliest version of the Georgia State Voter Roll that is available to us, dated 01/21/2020. To confirm that no change of address had occurred on these registrations, the street addresses from 01/21/2020 were matched with the street addresses on the most current Voter Roll, 08/13/2024, indicating there was no change of address on these registrations from Jan 2020 until the present. The match performed was an EXACT Match, not a systematic search.

In addition, only those registrations whose ‘**DATE_CHANGED**’ column (the equivalent in the 2020 voter roll to the current ‘**LAST_MODIFIED_DATE**’ column) indicated there was no change made to the registration since Jan 1, 2014 were included in the list of registrations for this challenge.

Also, according to **GA Code 21-2-234**, a process was mandated to be carried out by the Secretary of State’s office. (**21-2-234 Sections (b) through (g)**). It seems very unlikely that this process was complied with, as every registration in this list is in **ACTIVE (A)** status on 01-21- 2020, with a **DATE OF LAST CONTACT** more than 5 years old, and none have had any **DATE_CHANGED** in that same period of time. It seems more likely that this process was delayed by two years, since every one of these registrations was changed to **INACTIVE (I)** on the 11-17-2021 Voter Roll.

So, the list of challenged registrations includes the registrations that SHOULD have been changed to **INACTIVE** status in the first 6 months of the year 2019 according to **GA Code 21-2-234**. According to the records, none of them were. It seems apparent that **GA Code 21-2-234** was not complied with in 2019.

¹ **The 2019 amendment**, effective April 2, 2019, substituted "five" for "three" near the end of paragraph (a)(1) and in the first sentence of paragraph (a)(2) and inserted "has not submitted an absentee ballot application or voted an absentee ballot," in the middle of paragraph (a)(1). This challenge is using the 5 year rule.

Elector Registration Challenge – Expired Registrations

Pursuant to 21-2-230

§ 21-2-235. Inactive list of electors

Section (b) states: *“An elector placed on the inactive list of electors shall remain on such list until the day after the second November general election held after the elector is placed on the inactive list of electors. If the elector makes no contact, as defined in **Code Section 21-2-234**, during that period, the elector shall be removed from the inactive list of electors. Not less than 30 nor more than 60 days prior to the date on which the elector is to be removed from the inactive list of electors, the board of registrars shall mail a notice to the address on the elector’s registration record.”*

Based on the mandates stated in **GA CODE 21-2-234**, the registrations in the submitted challenge list SHOULD have been changed to **INACTIVE** status in the year 2019. Therefore, these registrations should have been processed according to the procedures laid out in **GA Code 21-2-235** in the period after the November 2022 general election, which would have been the second general election after 2019. These procedures state the registrations should be **REMOVED FROM THE INACTIVE LIST OF ELECTORS**.

CONCLUSION

The failure of the Secretary of State to comply with **GA CODE 21-2-234** in 2019 has consequences for the 2024 election. According to just the **DATE_OF_LAST_CONTACT** alone, there are currently 7899 registrations in DeKalb County alone that have not had any contact with the election system since 12/31/2013. In doing due diligence to eliminate any registrations that may have moved since 2019, that list was culled to a total of 4861. Statewide the numbers are 82,093 and 44,265.

Whether the board agrees that there is documented evidence that registrations that are unlikely to be used to cast votes are targeted by bad actors to use for fraudulent purposes or not, these registrations are, according to State Law, not supposed to be on the list of qualified, eligible voters for the 2024 general election.

Georgia State Law also, I believe, gives the counties the ultimate responsibility for maintaining their voter rolls to be true and accurate. They are also responsible for carrying out State Laws pertaining to maintaining their eligible voter list.

This hearing is conducted to determine whether ‘probable cause’ exists to challenge the right of the listed electors to vote in the election. The probable cause, in this case, is that according to the Laws of the State of Georgia, the listed electors should not currently be on the list of eligible electors due to inactivity. At any time during the past 10 years, these electors could have made contact with the election system in any of the ways listed in **Ga Code 21-2-234** Section (a) (1), but they have not.

It is also apparent by examining the 11-17-2021 DeKalb County Voter Roll, that the process for **21-2-234** was delayed by 2 years, since every one of the challenged registrations was changed from ACTIVE to INACTIVE status sometime between 01-21-2020 and 11-17-2021. So, it seems apparent that the process mandated by **21-2-234** was carried out, but 2 years later than mandated. The electors seemed to have been notified 2 years late that they were to be moved to **INACTIVE** status,

but they still have not initiated any contact with the DeKalb election officials in the almost 3 years since then.

As such, I am petitioning the DeKalb County Elections office to ensure that the inactive registrations on this list be marked as CHALLENGED as per **GA CODE 21-2-230** to ensure that any electors that use these inactive registrations, that should not, by law, be on the qualified voter list, have their identities properly verified and confirmed before casting a vote in Georgia.

I affirm under penalty of perjury that the information presented on this document is true to the extent of my knowledge and that I have submitted evidence specific to this list of registrations to support this challenge.

Sincerely,

William Henderson

RE: Challenges under O.C.G.A. 21-2-230
Deceased Electors

Dear Executive Director Smith:

Enclosed are 173 DeKalb County electors who I believe are deceased, based on the evidence presented; and I am requesting a hearing.

Although Georgia's 230 Section only requires a finding of probable cause to believe the elector does not have the right to vote in an election, and sustaining a challenge does not automatically result in removal from the list of electors, Attorney Ernstes has invoked the Department of Justice's Guidance on the NVRA 90 day "quiet period" for removals for all non-personal-knowledge challenges before a Federal election.

According to that same Guidance on Voter Registration List Maintenance published by the Department of Justice September 2024, page 4, the 90 day restriction on removals from the voter list does not apply to deceased. It says:

However, the 90-day deadline does not preclude removal of a registrant's name at the request of that registrant, removal due to the death of the registrant, or . . .

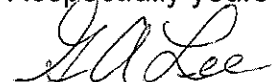

Then O.C.G.A. 21-2-231(e.1) says:

County registrars may obtain information about persons who died from obituaries published by local newspapers, death certificates, verifiable knowledge of the death, and information provided in writing and signed by a family member or members of the deceased person. . .

Because the evidence I am submitting often has the elector's name, address and full date of birth, to facilitate posting of the challenges I have not attached evidence to the individual challenge forms. Instead, you will find separate stacks for the challenge forms and evidence pages, all in the same order. I will be happy to furnish a spreadsheet to facilitate your office's processing upon request, but the spreadsheet is not a part of these challenges.

Please note these individual challenges are being submitted prior to the 45 day "quiet period" for 230 challenges and advise when a hearing will be scheduled.

Respectfully yours,

G. A. Lee

Virginia Smith Obituary

For Virginia Twinam Smith, it was never too late to pursue her dreams. Although she married at 19 and soon was busy with children, the avid reader taught herself cultural history to enhance her volunteer work as a museum docent and an expert on plant lore. In her 60s, she went to photography school. In her 70s, she completed a highly regarded photo project on Little Five Points. By her 80s, Smith had adapted to new technology and become an award-winning photographer known for her digitally enhanced botanical composites. 'I always admired Virginia because she was a determined person. She was a dynamo. She was not going to quit,' said friend Junie Brown of Peachtree Corners. 'She saw no reason that a woman in her 70s could not have an impact. She was a pioneer and an example for a lot of young female photographers.' Smith died May 6 of heart failure at the age of 91. Anne Dale
SHEPHERD
1927 - 2015

SHEPHERD, Anne Dale Anne Dale Shepherd, 88, of Chamblee passed away peacefully at home on March 17, 2015. A Buckhead native, was born on January 26, 1927 to Russel and Kathleen Dale, and graduated from North Fulton High School in 1944. At University of Georgia she majored in English and met fellow student Charles G. Shepherd Jr, whom she married a week after graduating in 1948. Anne exemplified a life well lived. To the end, her days were abundant with family, friends and experiences. She was a world traveler - from Japan to Egypt to the Florida Keys and many elderhostels in between - who captured her favorite places in her paintings. Her unflappable poise and grace enwrapped an artistic spirit and a sharp intellect. Anne authored five books, taught piano lessons for 34 years, and was active as a church musician and choir member for over 50 years. She shared her love of gardening, as well as her own lush plants - Lenten roses, camellias and Christmas cacti - with those around her. Steadfastly kind and attentive to others, she volunteered throughout her life, early on as a pink lady at the former Shallowford Hospital and in her later years every week at the Suthers Center. She

SCHLAGHECK, Richard Richard C. "Dick" Schlagheck, 78, of Atlanta, passed away 2-24-15. Dick, born 11-9-36 in Toledo, Ohio, was a proud and long-term employee of Columbia Gas. From welder to district management positions, his career took him to Columbus, Ohio; Huron, Ohio; and Norfolk, Virginia. Following a period of retirement in Florida, Dick relocated to Atlanta for his final years, where a courageous long-term battle with cancer, which started with breast cancer, was finally lost. A giving person and a loving soul, Dick remained as positive as he always was, even in his final days, showing two thumbs up whenever he was asked how he was feeling. Dick is survived by his wife, the love of his life for more than 55 years, Jane G. (Stith) Schlagheck. In addition, he leaves behind oldest son, Michael and wife, Cheryl, of Atlanta. Michael and his wife were dedicated to Dick's care, and continue to provide for Jane. Dick is also survived by daughter, Nancy Schlagheck, Panama City, Fl.; and sons, David, New York City; Karl, Chicago; and Steven, Cleveland, and two grandsons, Erik and Tyler. He was preceded in death by his mother and father, Howard and Marie Schlagheck of Toledo; along with brothers Francis and Jerry; and sisters Rita Baur and Jeanne Horen. Surviving siblings include

Funeral for Davion Curry

Davion Curry, 27, passed away the morning of 10/21. His untimely death was unexpected by his family. He did not have insurance to assist. We are trying to get his body transported from Illinois to Georgia so that he can be closer to his family as well as a proper burial. Anything you can donate will be greatly appreciated.

Sonia PICALLO Obituary

Published by TBO.com on Dec. 28, 2014.

PICALLO, Sonia Edilla, born June 15, 1939, died last Friday, December 19, 2014. Sonia earned a Master's in Education and spent her first career as an Early childhood educator who pioneered several successful programs in Hillsborough County that allowed countless families the opportunity to give their children a critical head start on their education. After retirement, Sonia embarked on a second career as a court inter-preter. Sonia successfully passed all parts of the Federal Court Interpreters Certification Exam administered by the US Federal Court System. The pass rate of the exam is less than 10%. Sonia relished the complexities of learning the detailed vocabulary that was required and the intensity of simultaneous interpretation. Ever ready for new challenges, Sonia recently completed a two-year Energetic Healing program and had just begun to take on new clients. Sonia's curiosity of the world also took her to around the globe. France, Spain, Cuba, England and Machu Picchu (twice) but she loved the Florida Gulf more than anything. Her best days were the Summer ones on the beach spent with her family. Sonia felt blessed by her family and often spoke about how her family was always there for her, and always ready to have fun. Sonia is survived by her son, Albert, her daughter-in-law, Kellie and grandchildren, Isabella and Harrison. She will be deeply missed. A Funeral Mass will be held on Sat., Jan. 3, at 10:30AM at Saint Lawrence Catholic Church, 5225 North Himes Ave., Tampa, FL.
