ZONING COMMENTS – JUNE 2024

N1. 911 Mountain View Drive. Mountain View Drive is classified as a collector road. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Mountain View Circle and Mountain Springs Way are classified as local roads. Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 27.5 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 5-foot landscape strip with a 5-foot sidewalk. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). No poles may remain within the limits of the path/sidewalk on any street. Only one access point allowed on Mountain View Drive. Refer to Code Section 14-200 (6) for driveway spacing. Consider the circulation loop having access off Mountain View Circle. No parking allowed on the right of way. Verify that all access points have intersection and stopping sight distance as described by AASHTO.

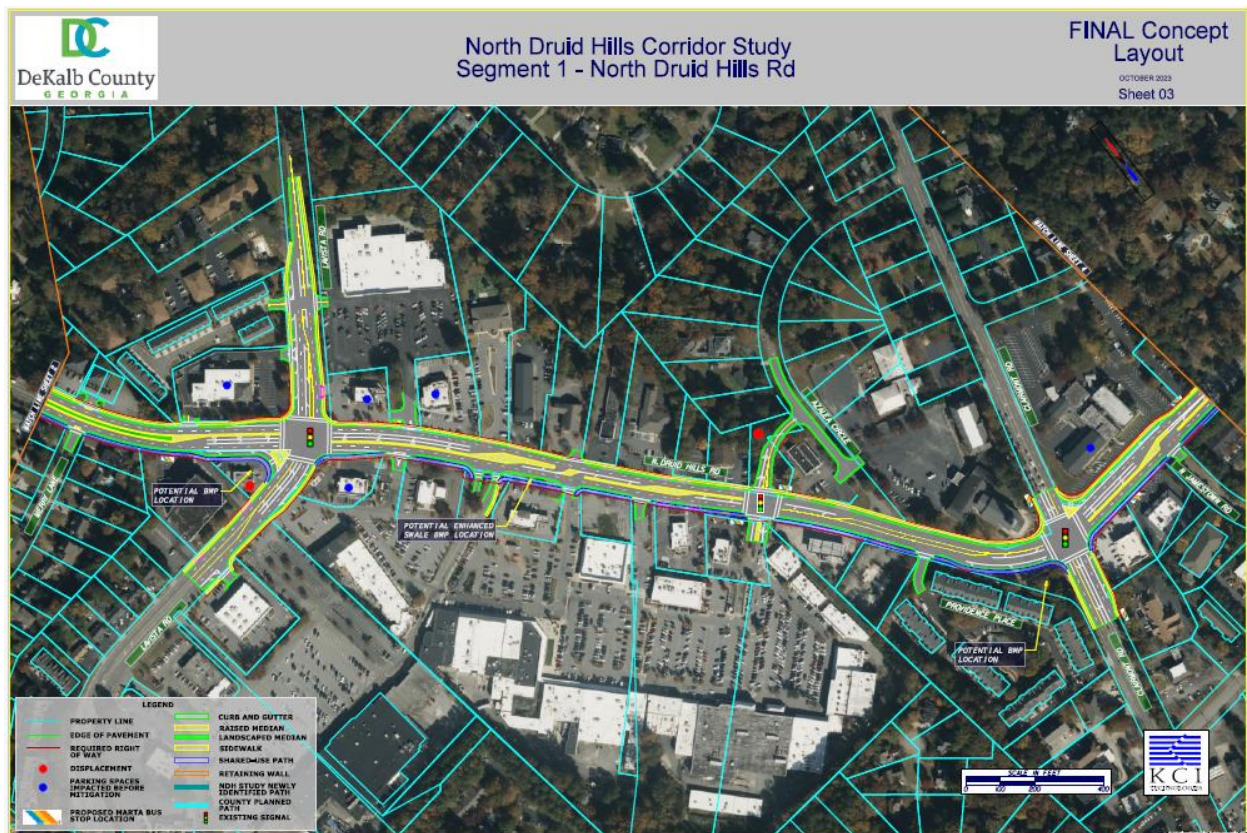

N2. 498 Crestwood Ct: No comment.

N3. 6061 Redan Road. Redan Road is classified as a minor arterial. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 40 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Young Road is classified as a collector road. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 35 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Verify that all access points have intersection and stopping sight distance as described by AASHTO. Provide a direct pedestrian connection between the public infrastructure/right of way to the building. One right in/left in/right out access point on Redan Road. Install physical barrier to prevent left turns and include a no left turn signage. Only one access point allowed on Young Road- away from the signalized intersection as possible. Update pedestrian striping and ADA ramps at traffic signal. Bring curb and gutter up to current standards along property frontage. No poles may remain within the limits of the path/sidewalk on any street.

N4. 1422 Rock Chapel Road. Rock Chapel Road is state route 124. GDOT review and approval is required prior to permitting. (JLivingston@dot.ga.gov) Rock Chapel Road is classified as a major arterial. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). If applicant is seeking a variance from the above infrastructure requirements, it is suggested to seek during the zoning process. Verify that all access points have intersection and stopping sight distance as described by AASHTO. No poles may remain within the limits of the path/sidewalk on any street.

N5. No comment

N6. 2933 N Druid Hills Rd. Additional coordination is required with the PW- Transportation Division on related to the North Druid Hills Study Section 1B. The Transportation Division has applied for federal funds to design and construct this project. Dedicate necessary right of way for the project. Recommend variance for all other infrastructure improvements until the project is delivered during zoning process. Please note the final position of access points. Verify that all access points have intersection and stopping sight distance as described by AASHTO.

N7. 5370, 5384, 5378 Flat Shoals Parkway. Flat Shoals Parkway is SR 155. GDOT review and permits required prior to permitting. (JLivingston@dot.ga.gov) Flat Shoals Parkway is classified as a major arterial. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse path. Requires pedestrian scale streetlights. (hewfowler@dekalbcountyga.gov). Verify that all access points have intersection and stopping sight distance as described by AASHTO. No poles may remain within the limits of the path/sidewalk on any street. Private roads must be built to public road standards. All interior roads are to be private and maintained by a Homeowner’s Association. Verify the distance between the garage door and sidewalk is long enough to accommodate a vehicle without blocking the sidewalk. Make sure that sidewalk/pedestrian paths meet ADA requirements at driveways. If street is less than 24 feet wide, no on street parking allowed. Add no parking signs and include parking restrictions in neighborhood covenants.

N8. 1850 Lawrenceville Hwy. Lawrenceville Hwy is SR 8. GDOT review and permits required prior to permitting. (JLivingston@dot.ga.gov) Lawrenceville Hwy is classified as a major arterial. If a land development permit is required- Please refer to the requirements in Zoning Code 5.4.3 and Land Development Code 14-190. Requires a right of way dedication of 50 feet from centerline OR such that all public infrastructure is within right of way, whichever greater. Requires a 10-foot landscape strip with a 6-foot sidewalk and 4-foot bike lane OR (PREFERRED) a 10-foot multiuse

path. Requires pedestrian scale streetlights. (hefowler@dekalbcountyga.gov). Verify that all access points have intersection and stopping sight distance as described by AASHTO. No poles may remain within the limits of the path/sidewalk on any street. If seeking a variance from infrastructure improvements: At a minimum, add an 8-foot sidewalk for connection to South Fork Peachtree Creek Multiuse Trail along frontage and dedicate right of way needed.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

1247008 Review disposition comment: Failed. Revise the drawing to resolve stormwater and tributary buffer comments.

Andrew S. DeKalb Co.

DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**

Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for any land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**

Compliance with the DeKalb County Code of Ordinances 14-40 for Stormwater management and water quality control and Georgia Stormwater Management Manual is required as a condition of land development permit approval. There appears to be a ridge line through the proposed development. Show and state that the stormwater design for land development approval will require maintaining drainage patterns by stormwater routing to both basins. Stormwater discharge must comply with 14-40.(e)(6). Drainage easements appear necessary.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Special Flood Hazard Areas, local floodplain, or local flood prone areas was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water possibly with buffer was reflected in the DeKalb County G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1. Assess the feature and update the drawings accordingly.

- **Fire Safety**

Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

I. LETTER OF INTENT

Cultivate Communities Real Estate, LLC (the “Applicant”) is seeking to develop on +/- 8.84 acres of land being Tax Parcel Nos. 15 066 01 062, 15 066 01 012, & 15 066 01 011 having frontage on 5370, 5384, and 5378 Flat Shoals Parkway (the “Subject Property”) with sixty-four (64) townhomes. The Applicant is seeking a rezoning of the Subject Property to Small Lot Residential Mix (RSM).

This document serves as a statement of intent, analysis of the criteria under the DeKalb County Zoning Ordinance and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. IMPACT ANALYSIS

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The Applicant’s Proposal for Rezoning conforms with the text and ideals of DeKalb County’s 2050 Comprehensive Plan. The Plan calls for urban infill development of housing in a variety of offerings to increase the overall housing supply. The proposed development includes townhomes, an economic and efficient type of housing that satisfies the issues Dekalb’s Comprehensive plan seeks to remedy. Furthermore, the Comprehensive Plan states that the RSM zoning district is appropriate in the Suburban land use category. The Subject Property has a Suburban land use designation. Therefore, the rezoning to RSM complies with the Comprehensive Plan.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

All adjacent properties are residential. The proposed development is also solely residential. The Applicant intends on developing the property to be entirely cohesive in the use of the surrounding neighborhood. Therefore, the zoning proposal will permit a suitable use in view of the surrounding uses.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

Because the assemblage of properties is an odd flag-shape, it disallows the type of home the properties are currently entitled to build. It would be an expensive process to modify the site so that it would be economically feasible to build a single-family home, either a developer or private individual. Furthermore, one of the large parcels is entirely landlocked without street access. Not only does it make it economically unfeasible, but it also makes it impossible without the assembling of the adjacent property with road access.

Battle Law

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties.

The proposed development will not adversely affect the existing use of adjacent properties. The largest impacts of a multi-unit development are traffic, encroachment into neighboring properties, and effects to the natural environment. The development will increase trips, but the property fronts on Flat Shoals which a Major Arterial Road, capable of handling the excess trips of the planned units. Additionally, the centralized development of the property must go through the permitting process, in addition to complying with all buffer and related requirements of the RSM zoning. Both mitigate external repercussions that will adversely affect its neighbors.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

The Subject Property is under contract to be purchased as an assemblage. The assemblage now allows for a centralized, planned development that can better plan for the topography and other features while maximizing the economic viability of the overall project. The zoning proposal should be approved because it allows both the goals of the development and the greater goals outlined DeKalb's Comprehensive Plan.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.

The Applicant is not aware of any historic buildings, sites, districts, or archaeological resources on the Subject Property.

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

The proposed development includes 64 units of townhome. It will increase the use of all public services; however it will not cause an excessive burden. The Subject Property's only access point is along Flat Shoals Parkway, a major arterial road which is designated to handle the increased load. Additionally, the Applicant intends on developing internal infrastructure that taps into readily available utilities. The addition of 64 units is not an enormous increase in the overall number of homes in the area.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The Subject Property is a small assemblage of parcels. The 8.84 acres are currently surrounded by development. Any impacts to the environment or natural resources have already been created. While the proposed development requires land disturbance, once

Battle Law

built, the new units only marginally increase the overall impacts to the environment. Additionally, the development's centralized operation allows the Applicant to carefully plan for environmental mitigation unlike the isolated process of building single-family homes.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a rezoning from R-100 to RSM be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the

Battle Law

Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

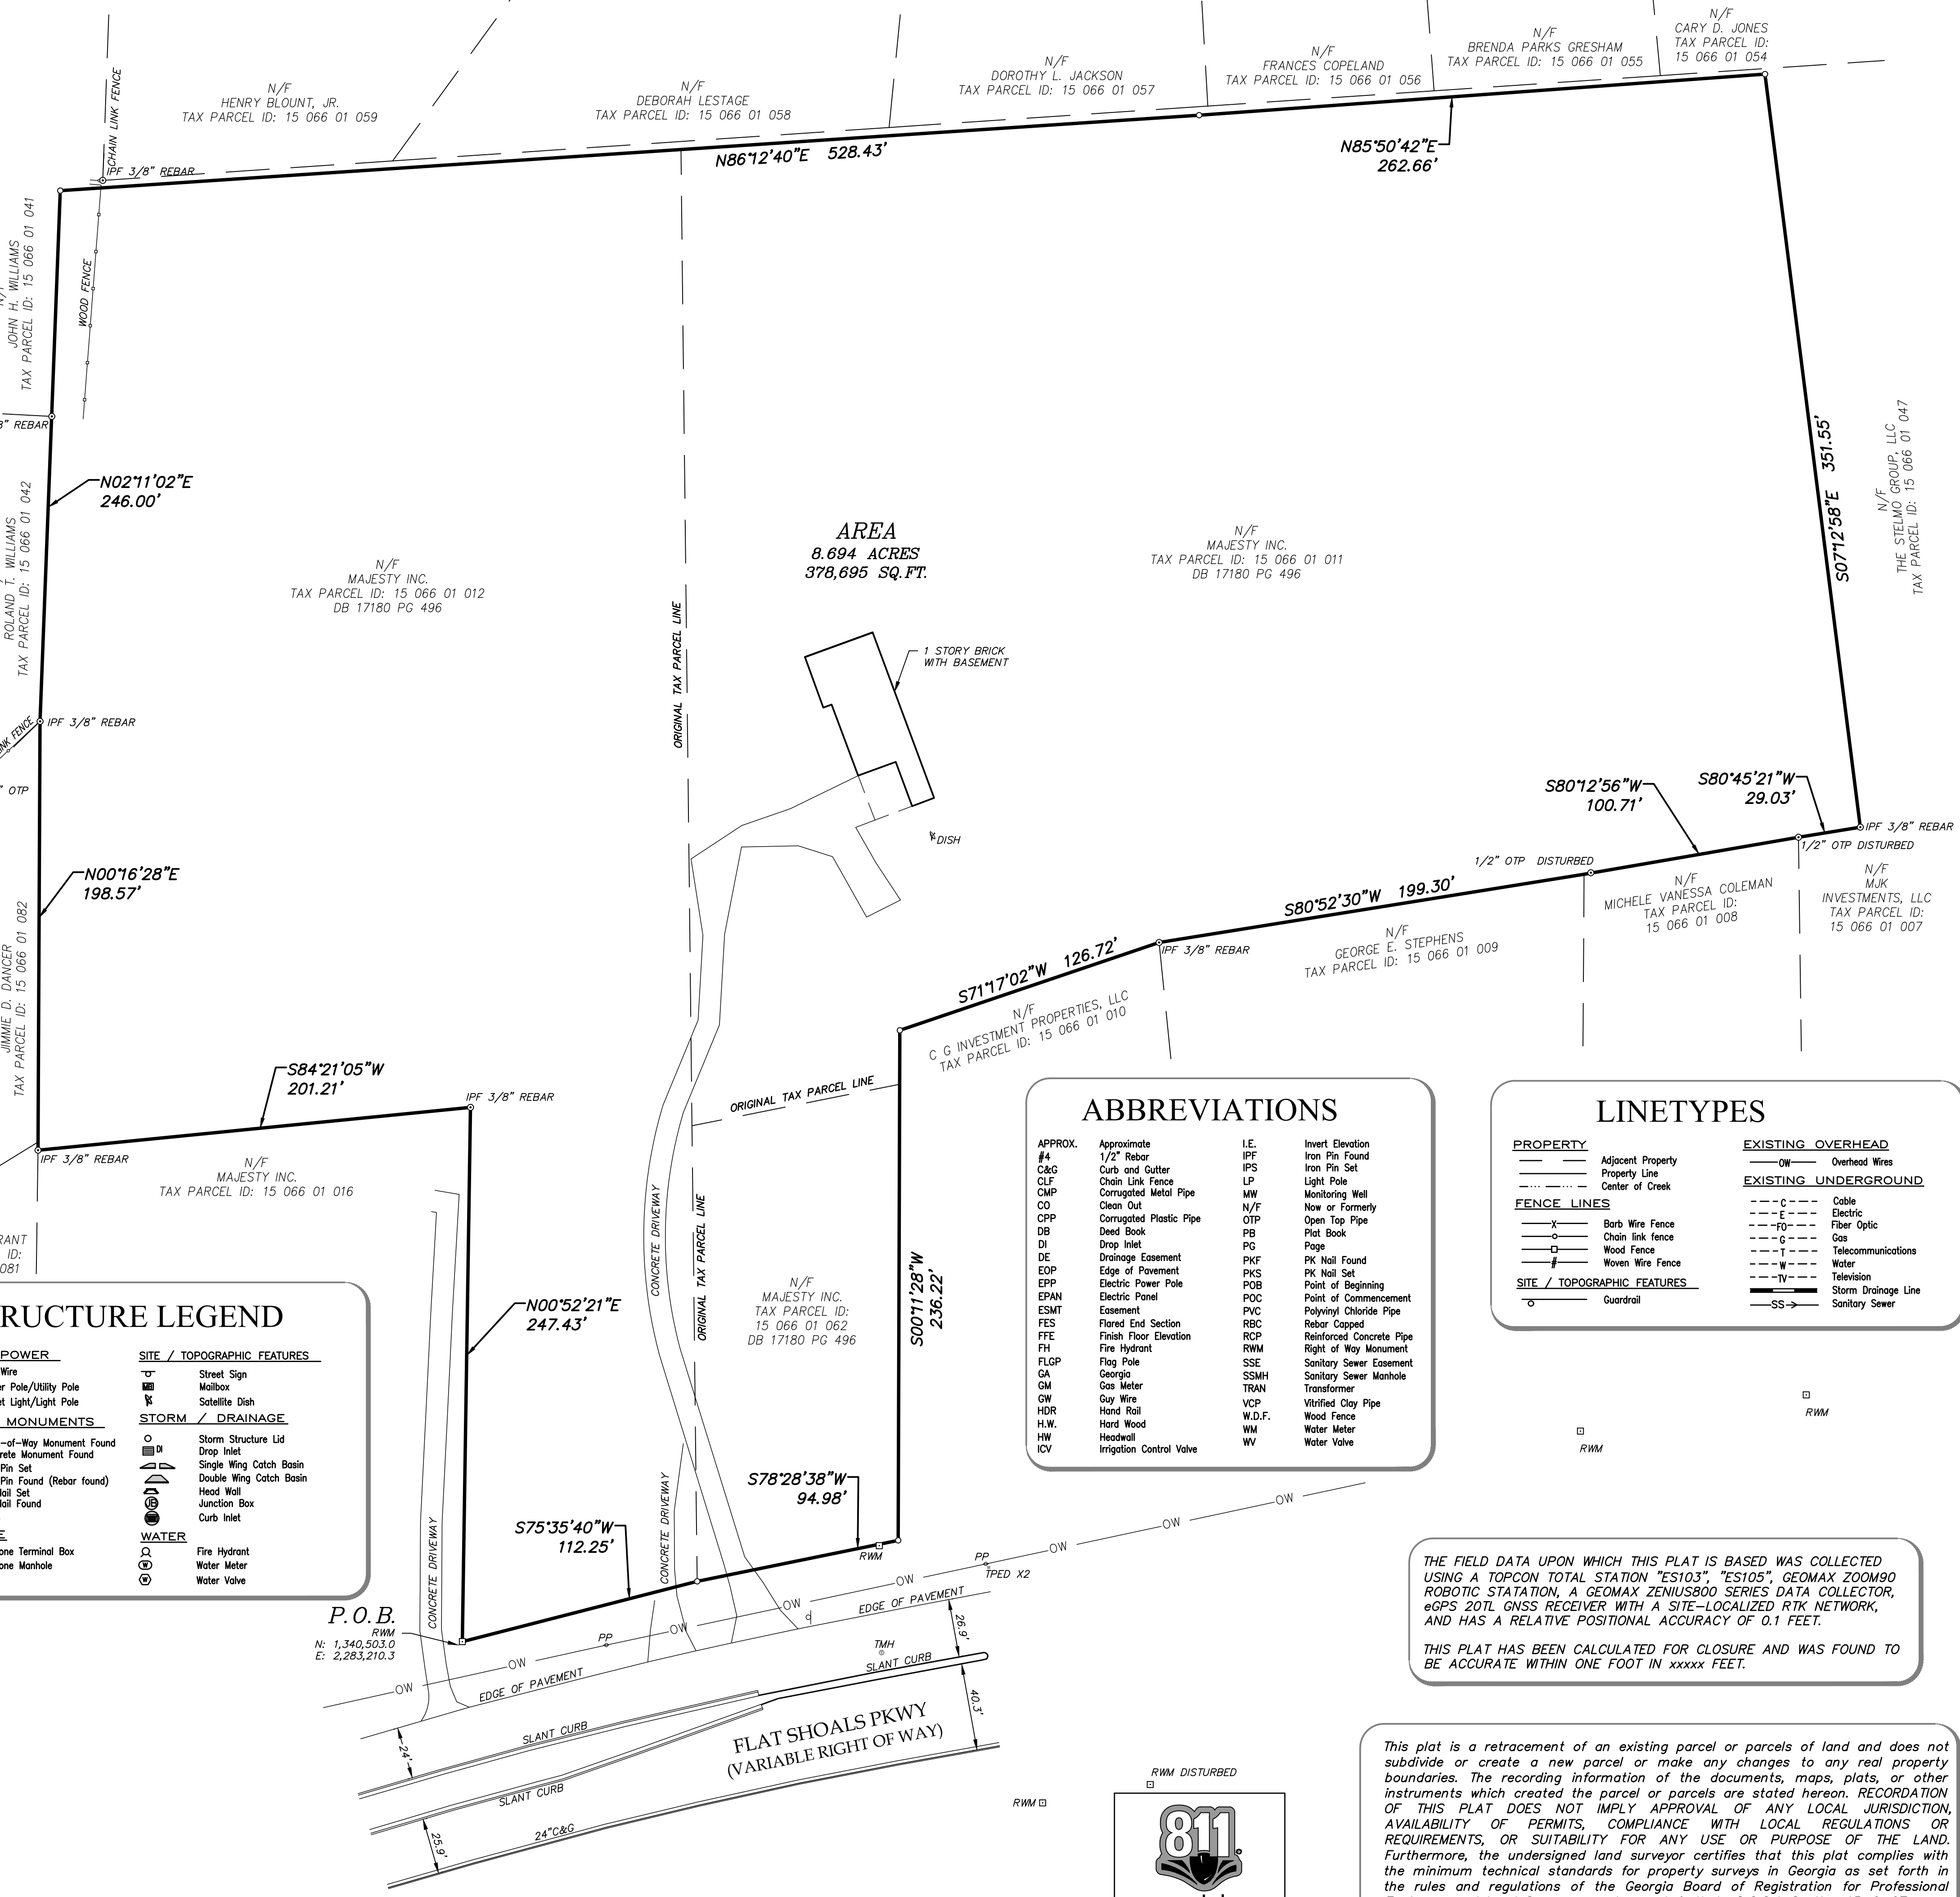

A refusal to allow the Rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the Rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A. Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

REVISIONS table with columns for REV, DATE, DESCRIPTION, BY.

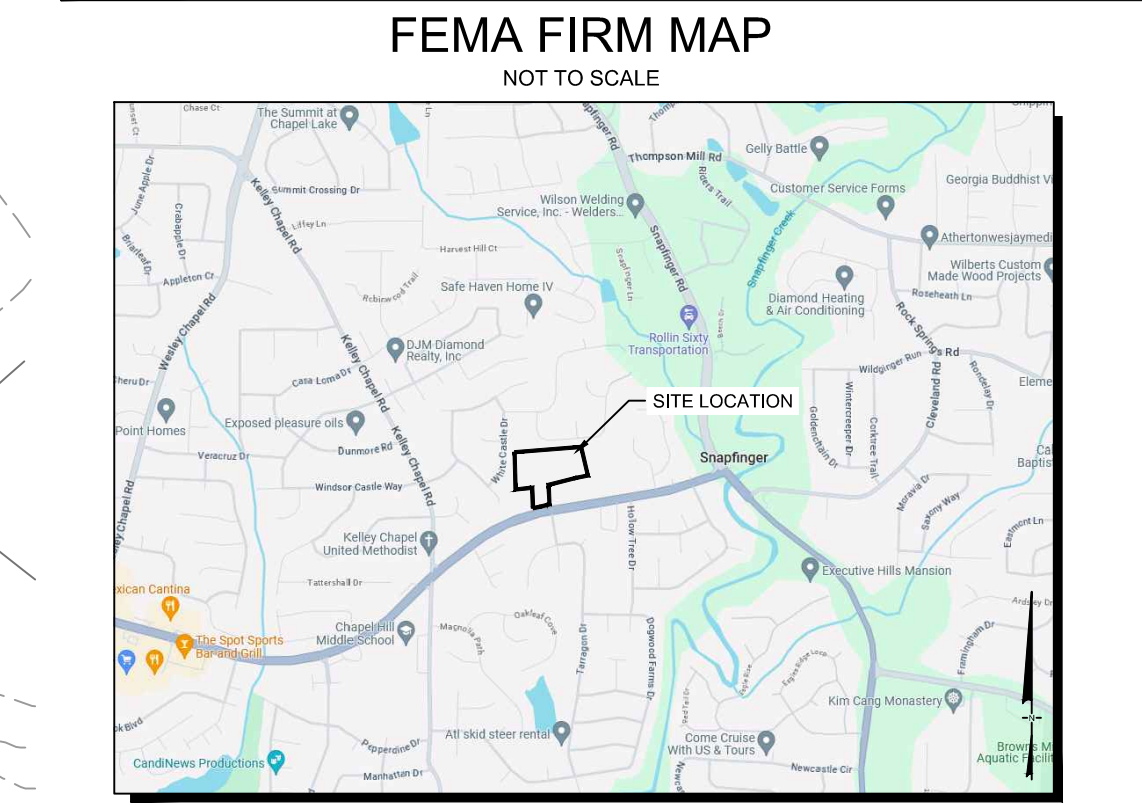

THE FIELD DATA UPON WHICH THIS PLAT IS BASED WAS COLLECTED USING A TOPCON TOTAL STATION "ESI03", "ESI05", GEOMAX ZOOM90 ROBOTIC STATION, A GEOMAX ZENIUS800 SERIES DATA COLLECTOR, eGPS 20TL GNS RECEIVER WITH A SITE-LOCALIZED RTK NETWORK, AND HAS A RELATIVE POSITIONAL ACCURACY OF 0.1 FEET.
THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND WAS FOUND TO BE ACCURATE WITHIN ONE FOOT IN xxxxx FEET.

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated hereon. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.
