**RE:** A Proposed Major Modification at 5561-5567 Memorial Drive, Stone Mountain, Georgia 30083

Dear Property Owner:

We would like for you to join our meeting on Monday, June 8, 2026 from 6:00pm – 7:00pm to discuss a proposed Major Modification for properties located at 5561-5567 Memorial Drive, Stone Mountain, Georgia 30083. Our client, Insignia LLC, is seeking to redevelop the area, which previously operated as a vacant retail center. The proposed development will consist of three-story apartments and approximately forty townhomes. This replaces the prior approvals for the site and is intended to bring new residential opportunities to the community.

Below are the meeting details. The meeting will be held via Microsoft Teams. If you are unable to make it, but would like to learn more, please contact our office at (404) 587-3723 or email us and we will send you a summary of the meeting.

**You are invited to our Community Meeting.**

**When: Mon June 8, 2026 | 6:00 PM**

**Location: Microsoft Teams Meeting**

Please contact our offices if you have any questions regarding the meeting.

Sincerely,

Insignia LLC

Decatur, GA 30030

**RE: Application for a Land Use Map Amendment (CRC to Town Center) and a Rezoning Application (C-1 to HR-1) for 5561 Memorial Drive, Stone Mountain, GA 30083**

To the DeKalb County Planning Commission and Board of Commissioners,

This Letter of Intent is submitted to request a Comprehensive Land Use Map Amendment and a Rezoning for the property located at 5561 Memorial Drive. The subject property consists of approximately 12.8 acres. It is currently developed as an underutilized commercial space.

As the applicant, I request to amend the Land Use Map designation from Commercial Redevelopment Corridor (CRC) to Town Center. I also request to rezone the property from Local Commercial District (C-1) to High-Density Residential-1 District (HR-1).

The intent of this application is to clear the outdated commercial structures. In their place, I plan to construct a vibrant, high-density residential community. The project will bring needed housing options to the Stone Mountain area. The proposed development includes 210 multifamily apartment units and 40 town house units, for a total of 250 residential units across the site. The site layout will provide modern architecture, pedestrian walkways, integrated green space, and dedicated parking. This design will create a safe, upscale, and highly functional neighborhood node.

The requested amendments comply perfectly with DeKalb County's standards for responsible urban growth under Article 7.3.4:

- **Suitability and Character:** The shift to an HR-1 residential district serves as an excellent buffer zone. It sits perfectly between the high-traffic Memorial Drive commercial strip and nearby single-family residential properties.
- **Impact on Nearby Properties:** Replacing the underused C-1 commercial layout with premium town houses and apartments will raise area values. It will also reduce late-night commercial noise and create a community-oriented environment.
- **Infrastructure Capabilities:** The site is positioned perfectly along a primary transit corridor. A full traffic and utility study will be coordinated with county departments to ensure local infrastructure seamlessly absorbs the new residential density.

- **Comprehensive Plan Alignment:** The DeKalb County Comprehensive Plan specifically targets arterial corridors for dense, walkable, "Town Center" style master developments. This project directly carries out that exact vision.

The proposed redevelopment at 5561 Memorial Drive breathes new life into an underperforming commercial asset. It fulfills a critical regional demand for diverse housing. I kindly request the support and approval of the DeKalb County Planning Commission and Board of Commissioners for this application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jared Samples', written over a horizontal line.

Jared Samples  
Applicant

## **IMPACT ANALYSIS**

### **Land Use Map Amendment Application — Article 7.3.4**

#### **1. Will the proposed land use change permit use(s) that are suitable in view of the use and development of adjacent and nearby properties?**

- **Yes.** The proposed redevelopment transforms a mixed-use commercial space into a vibrant, high-density residential node. The combination of town houses and apartments aligns with the county's goal of creating walkable "Town Center" environments. It acts as a complementary transition between commercial corridors and nearby residential neighborhoods.

#### **2. Will the proposed land use change adversely affect the existing use or usability of adjacent or nearby property?**

- **No.** The redevelopment will not adversely affect neighbors. The addition of modern, well-managed residential units will enhance the area's aesthetic. It will improve local property values and generate less traffic and noise than a high-traffic commercial C-1 use.

#### **3. Will the proposed land use change result in uses which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities or schools?**

- **No.** The proposed land use change is consistent with the infrastructure goals of the area. While adding 250 housing units introduces new residents, the site is positioned directly along a primary transportation corridor equipped for multi-modal transit. The applicant will coordinate a full traffic and utility study with county departments to ensure local infrastructure seamlessly absorbs the new residential density without over-burdening local services.

#### **4. Is the amendment consistent with the written policies in the Comprehensive Plan text?**

- **Yes.** Amending the land use designation from CRC to Town Center actively supports the DeKalb County Comprehensive Plan text. The plan explicitly encourages mixed-use, transit-oriented development, and sustainable growth along major arterial corridors.

#### **5. Are there environmental impacts or consequences resulting from the proposed change?**

- **No.** No significant environmental consequences are anticipated. The developer will comply with all county environmental and erosion control regulations. The project will properly manage stormwater runoff and protect existing green spaces.

**6. Are there impacts on properties in an adjoining governmental jurisdiction in cases of proposed changes near county boundary lines?**

- **No.** The subject property is located well within DeKalb County boundaries. It is not situated near any county or city lines, resulting in zero impact on adjoining jurisdictions.

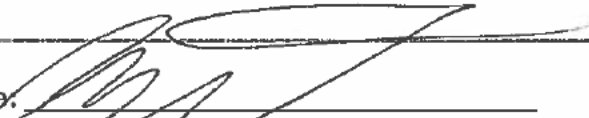

**7. Are there other existing or changing conditions affecting the use and development of the affected land areas which support either approval or denial of the proposed land use change?**

- **Yes.** Current market and development trends heavily support this amendment. The shift from heavy, auto-oriented commercial spaces to modern multi-family residential units addresses the urgent regional demand for diverse housing options.

**8. Are there impacts on historic buildings, sites, districts or archaeological resources resulting from the proposed change?**

- **No.** There are no known historic buildings, sites, districts, or archaeological resources located on or adjacent to the 5561 Memorial Drive property that would be impacted by the redevelopment.

---

**DISCLOSURE OF CAMPAIGN CONTRIBUTION**

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made \$250.00 or more in campaign contribution to a local government official within two years immediately preceding the filling of this application?

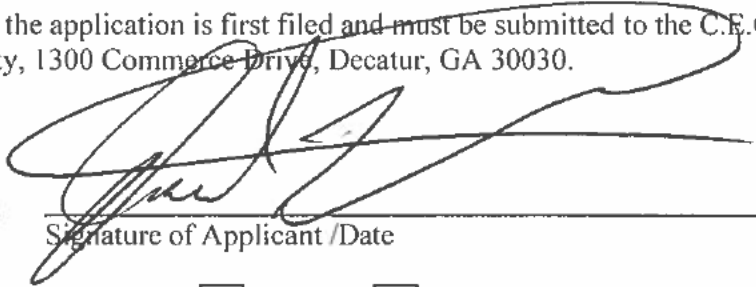

Yes: \_\_\_\_\_ No: X \_\_\_\_\_ \*

**\*Notary seal not needed if answer is "No".**

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

- 1. The name and official position of the local government official to whom the campaign contribution was made.
- 2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030.

| * Lot Size                                  | * Perimeter Landscapes                              | * Garages              |
| * Setbacks: front, sides, side corner, rear | * Bldg Materials: Roof, Fenestration, Façade Design |                        |

Possible Variances: Variances may be sought. Site plan appears to be in conceptual phases.

Comments: Applicant proposes to rezone to MR-1 for a multi-family development. MR-1 base density is 8 and with bonus densities up to 12. Please review bonus density opportunities in Section 2.12.5, Table 2:6. While CRC allows up to 30 U/Acre, MR-1 permits 8-12 U/ACRE (maximum base density and maximum possible with bonuses). Any proposed HR zoning districts require a Land Use Map Amendment. It was discussed with the Applicant to consider MU zoning districts. (MU-3 permits 12-24 U/acre with bonuses). The subject site is located with a SAP (Small Area Plan) Memorial Drive Corridor. Proposals should align with the mission and goals of the SAP. Please find the SAP on our website. The Applicant should consider Section 5.4.3 (Streetscaping & Landscaping) and new street standards (Parking & Landscaping) 5.4.5 (Transitional buffers), 5.4.6 (Screening). Site plan appears conceptual. However, improvements to the surface parking pond, unit orientation, green space & amenities, enhanced space surrounding detention pond should all be considered.
