LETTER OF APPLICATION

Concurrent Rezoning (RSM to R85) and Special Land Use Permit

Sikh Study Circle Campus Expansion
4710 Mandy Wicker Lane
Stone Mountain, Georgia 30088

Applicant Information

Applicant	Reginald Crayton
Property Address	4710 Mandy Wicker Lane Stone Mountain, GA 30088
Parcel ID	15 192 06 185
Acreage	6.64 Acres
Existing Zoning	RSM
Requested Zoning	R85
Future Land Use	SUB (Suburban)
Proposed Use	Worship Temple (Sikh Study Circle Campus Expansion)

Proposed Zoning Classification

The Applicant requests that the subject property be rezoned from **RSM** (Residential Suburban Mixed) to **R85** (Single-Family Residential). The requested zoning will establish consistency with the adjoining property at **1821 South Hairston Road**, currently developed as the existing Gurdwara Sahib Sikh Spiritual Center, consisting of exactly 6.64 acres.

Reason for the Rezoning Request

The rezoning is requested to facilitate the expansion of the existing Sikh Study Circle campus. Concurrent approval of a Special Land Use Permit will authorize the expansion of the existing place of worship. Following approval, the Applicant intends to combine the two adjoining parcels into one unified place of worship.

Existing and Proposed Use of the Property

The adjoining properties at **1821 South Hairston Road** and **4710 Mandy Wicker Lane** are under common ownership. The existing campus is located on the **R85-zoned parcel**. The subject property will be incorporated into the campus to accommodate an expanded sanctuary, a proposed gymnasium, expanded parking, a proposed soccer field, and related site improvements supporting worship, education, fellowship, recreation, and community outreach.

Characteristics of the Proposed Development

The proposed campus expansion includes an addition to the existing place of worship and associated site improvements. For architectural purposes, the existing worship facility is

identified as the 'Second Floor' while the proposed addition extends over portions of the new 'First Floor'.

Architectural Building Statistics

Description	Square Feet
Existing Building Footprint (Second Floor)	11,708
Proposed Addition Footprint	20,545
Total Building Footprint	32,253
Total First Floor Area	16,304
Total Second Floor Area	22,264
Total Combined Building Area	38,568
Total Building Addition	26,860

The proposed expansion has been designed to accommodate the continued growth of the congregation by providing additional worship space, educational facilities, fellowship areas, administrative offices, a proposed gymnasium, expanded parking, a proposed soccer field, and supporting infrastructure while maintaining compatibility with the adjoining property.

Request for Approval

The Applicant respectfully requests approval of the requested Rezoning from RSM to R85 and the accompanying Special Land Use Permit to allow the orderly expansion of the Sikh Study Circle campus. The Applicant appreciates the consideration of this application.

Respectfully submitted,

Reginald Crayton
Applicant

STATEMENT OF CURRENT ZONING CLASSIFICATION

Proposed Expansion of the Existing Gurdwara Sahib Sikh Spiritual Center Campus

Property Address	4710 Mandy Wicker Lane, Stone Mountain, GA 30088
Parcel ID	15 192 06 185
Acreage	6.64 Acres
Current Zoning Classification	RSM (Residential Small Lot Mix)
Requested Zoning Classification	R-85
Existing Land Use Designation	SUB

The subject property located at 4710 Mandy Wicker Lane, Stone Mountain, Georgia 30088, identified as Parcel ID 15 192 06 185, consists of approximately 6.64 acres and is currently classified within the RSM (Residential Small Lot Mix) Zoning District.

The Applicant is requesting rezoning of the subject property from RSM to R-85 in conjunction with a Special Land Use Permit to support the Proposed Expansion of the Existing Gurdwara Sahib Sikh Spiritual Center Campus.

Respectfully Submitted,

Reginald Crayton
Applicant Representative

STATEMENT OF PROPOSED USE OF PROPERTY

Proposed Expansion of the Existing Gurdwara Sahib Sikh Spiritual Center Campus

Subject Property	4710 Mandy Wicker Lane, Stone Mountain, GA 30088
Parcel ID	15 192 06 185
Acreage	6.64 Acres
Requested Zoning	R-85
Proposed Use	Expansion and support of the existing religious campus

The subject property located at 4710 Mandy Wicker Lane is proposed to be incorporated into the adjoining Gurdwara Sahib Sikh Spiritual Center Campus, located at 1821 South Hairston Road, as part of the overall expansion of the existing religious campus.

The proposed use of the subject property will support the existing place of worship and campus through the development of additional off-street parking, a proposed soccer field, and associated site improvements, including access and internal circulation, landscaping and buffering, and supporting infrastructure.

The overall campus expansion also includes improvements to the existing religious facility at 1821 South Hairston Road, including expansion of the sanctuary and a proposed gymnasium. Upon completion of the proposed improvements, the expanded building is anticipated to contain approximately 38,568 square feet of total floor area.

The properties at 1821 South Hairston Road and 4710 Mandy Wicker Lane are under common ownership and are intended to be combined to function as one unified religious campus. The proposed use of 4710 Mandy Wicker Lane is therefore intended as an extension of and support for the existing Gurdwara Sahib Sikh Spiritual Center Campus rather than as an independent development.

The requested rezoning from RSM to R-85, together with the requested Special Land Use Permit for a place of worship, will facilitate the proposed campus expansion and establish zoning and land-use consistency between the adjoining properties.

Respectfully Submitted,

Reginald Crayton
Applicant Representative

IMPACT ANALYSIS

Special Land Use Permit (SLUP)

Section 27-7.4.6 – Standards and Factors

Applicant: Reginald Crayton

Property Address: 4710 Mandy Wicker Lane, Stone Mountain, Georgia 30088

Parcel ID: 15 192 06 185

Project Description: Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus

Introduction

The Applicant respectfully submits this Impact Analysis in support of the requested **Special Land Use Permit (SLUP)** for the property located at **4710 Mandy Wicker Lane, Stone Mountain, Georgia 30088**. The proposed project consists of the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** through the construction of additional worship and support facilities, expanded parking, a proposed gymnasium, a proposed soccer field, and related site improvements. Upon approval of the requested applications, the Applicant intends to combine the adjoining properties located at **1821 South Hairston Road** and **4710 Mandy Wicker Lane** into one unified religious campus under common ownership.

A. Is the size of the site adequate for the use contemplated and is adequate land area available for the proposed use, including provision of all required yards, open space, off-street parking, transitional buffer zones, and all other applicable requirements of the zoning district in which the use is proposed to be located?

Yes. The subject property consists of approximately **6.64 acres**, providing adequate area to accommodate the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus**.

The site is capable of supporting the proposed building addition, expanded parking, proposed soccer field, required setbacks, landscaping, buffering, open space, and other site improvements. Compliance with all applicable zoning and development standards will be verified during the land development and permitting process.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district, and whether the proposed use will create adverse impacts upon any adjoining land use by reason of traffic volume/congestion, noise, smoke, odor, dust, or vibration generated by the proposed use.

The proposed use is compatible with adjacent and nearby properties because it represents the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus**, rather than the establishment of a new place of worship. The adjoining property has long operated as a religious institution, and the proposed expansion will provide additional worship space, a proposed gymnasium, expanded parking, and a proposed soccer field. The use is not expected to generate smoke, odor, dust, or vibration, and any traffic associated with the expansion will be evaluated through the County's development review process.

C. Are public services, public (or private) facilities, and utilities adequate to serve the proposed use?

Yes. Existing public infrastructure and utility services are available to serve the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus**. Any additional utility improvements identified during the development review process will be completed in accordance with applicable County requirements.

D. Is the public street on which the use is proposed to be located adequate and is there sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area?

Yes. The existing roadway network currently serves the **Gurdwara Sahib Sikh Spiritual Center Campus**. The proposed expansion is a continuation of an established use, and any transportation improvements or traffic-related requirements identified during County review will be addressed through the permitting process.

E. Is the ingress and egress adequate to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency?

Yes. Existing and proposed access points are designed to provide safe and efficient ingress and egress for vehicles and pedestrians. Internal circulation improvements associated with the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** will provide safe traffic flow and emergency access in accordance with applicable County and Fire Rescue requirements.

F. Will the proposed use create adverse impacts upon any adjoining land use by reason of the manner and hours of operation of the proposed use?

No. The Sikh Study Circle has operated as an established place of worship, and the proposed expansion will continue those activities. Religious services, educational programs, cultural events, and community activities will continue to be conducted in a manner that is respectful of surrounding properties and compatible with the existing neighborhood.

G. Is the proposed use otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located?

Yes. Upon approval of the requested Rezoning and Special Land Use Permit, the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** will comply with the applicable provisions of the DeKalb County Zoning Ordinance governing places of worship and associated site development requirements.

H. Is the proposed use consistent with, advances, conflicts, or detracts from the policies of the Comprehensive Plan?

The proposed use advances the intent of the Comprehensive Plan by supporting the **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** on adjoining property under common ownership. The proposal promotes coordinated site planning, efficient land utilization, and continued investment in an established community institution while enhancing the services provided to the congregation and surrounding community.

I. Is there adequate provision of refuse and service areas?

Yes. Refuse collection and service areas will be incorporated into the design of the **Expanded Sikh Study Circle Campus** and will comply with all applicable County regulations, including required screening where applicable.

J. Should the length of time for which the SLUP is granted be limited in duration?

No. The requested Special Land Use Permit is intended to provide permanent authorization for the continued operation and **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus**. A time limitation is not requested because the use is intended to remain a permanent community institution.

K. Is the size, scale and massing of proposed buildings appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings; and will the proposed use create any shadow impact on any adjoining lot or building as a result of the proposed building height?

Yes. The proposed building addition has been designed as a cohesive extension of the **Gurdwara Sahib Sikh Spiritual Center Campus** and is appropriate for the size of the subject property. The project is not anticipated to create adverse shadow impacts or adversely affect adjacent properties due to its scale or building height.

L. Will the proposed use adversely affect historic buildings, sites, districts, or archaeological resources?

No. Based on the information available at the time of this application, the proposed expansion is not anticipated to adversely affect any known historic buildings, historic districts, archaeological resources, or culturally significant sites.

M. Does the proposed use satisfy the requirements contained within the supplemental regulations for such Special Land Use Permit?

Yes. The **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** has been planned to comply with the applicable supplemental regulations governing places of worship and will be subject to final engineering, architectural review, and compliance with all applicable County development standards during the permitting process.

N. Will the proposed use be consistent with the needs of the neighborhood or the community as a whole, as expressed and evidenced during the review process?

Yes. The **Expansion of the Gurdwara Sahib Sikh Spiritual Center Campus** enhances an established community institution by providing additional worship space, educational facilities, recreational amenities, and support services necessary to accommodate the continued growth of the congregation. The expanded campus will continue to serve the religious, educational, cultural, and community needs of current and future members while maintaining compatibility with surrounding development.

Reginald Crayton

☒ Possible Variances: Variances may be sought. Particularly the ROW along the northern portion of the existing building. ROW is within a 50-foot buffer required by Section 4.2.42 (A).

Comments: COMMUNITY NOTICES MUST BE SENT OUT NO LATER THAN 7/25/2026 & MEETING HELD NO LATER THAN 8/10/2026 TO QUALIFY FOR THE NOVEMBER ZONING CYCLE. NOT MEETING THOSE DEADLINES WILL PUSH YOUR APPLICATION OUT TO JANUARY 2027.

Applicant shall meet Supplemental Regulations in 4.2.42 A-G Places of Worship. Because the expansion will likely qualify as a Major redevelopment (8.1.6) of lot 1821, the existing ROW may require a variance to remain. While 1821 obtained a SLUP to operate as a place of worship, with no proposed renovations, the ROW was likely able to remain determined legally nonconforming. The proposed building expansion will have to meet requirements of the R-85 zoning district outline in Section 2.2.1 dimensional requirements. Additionally, the applicant will have to show compliance with parking ratios in section 6.1.4, parking regulations in 6.1.3., & parking area landscaping in 6.1.10. Staff discussed the possibility of an additional ingress/egress given the amount of anticipated parking spaces. The applicant should outline activities and operations that will take place within the new building.
