Subject: Lane Closure & Detour at Peachtree Boulevard and Chamblee Dunwoody Road

Greetings,

As part of DeKalb County's \$4.27 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community. The **Peachtree Boulevard Water Transmission Main Replacement Project** has been designed to improve the watershed system in your community.

This letter serves as formal notification that on **Friday, July 31**, the intersection of **Peachtree Boulevard** and **Chamblee Dunwoody Road** will be affected by intermittent lane closures between 9 a.m. and 4 p.m., barring any weather delays. Northbound travelers on Peachtree Boulevard will need to detour to American Way instead of turning right on Chamblee Dunwoody Road because the right turn lane will be closed. Westbound travelers on Chamblee Dunwoody Road will be directed around the lane closure and through the intersection to Peachtree Boulevard.

Normal construction hours will be from 9 a.m. to 4 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected. Precautionary signs and traffic flaggers will assist in moving safely around the closed off portion of the road.

Ruby-Collins, working on behalf of DeKalb County, is the authorized contractor for the **Peachtree Boulevard Water Transmission Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Peachtree Boulevard Water Transmission Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's watershed system.
