As part of DeKalb County's \$4.27 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community. The **Grant Drive Water Main Replacement Project** has been designed to improve the watershed system in your community.

This letter serves as formal notification of a road closure Drew Valley at Fern Circle and Thompson Road and Grant Drive beginning July 9, 2026, weather permitting.

During this period, all through traffic will be detoured. Motorists should follow the posted detour signs, which will direct them to the appropriate detour route based on their destination. Access within the closure area will be limited to local traffic only.

Normal construction hours will be from 7 a.m. to 7 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected.

The Renee Group, working on behalf of DeKalb County, is the authorized contractor for the **Grant Drive Water Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Grant Drive Water Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's watershed system.
