

Grant Drive Water Main Replacement Project Update: June 25, 2026

Greetings,

On behalf of the Grant Drive Water Main Replacement Project, we would like to report that construction crews will perform cut and plug operations at Thompson Road at Grant Drive and Milowyn Place to cut off the water supply to the existing 6-inch AC water line. The operation is scheduled for Tuesday June 30, 2026, between the hours of 8:00 am and 12:00 pm. This process will have minimal impact on residence.

Construction teams are working diligently to minimize impacts on residents and to complete both projects as efficiently as possible.

For general inquiries about the Grant Drive Water Main Replacement Project, please contact the Department of Watershed Management Project Information Line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov. For 24-hour emergencies, please call 770-270-6243 or email dekalbwaterops@dekalbcountyga.gov.

Thank you for your continued support.
