Note: Upon receipt of your RED meter card, attach it to a stake in your yard for clear identification of meter placement.)

Please be advised that all Irrigation Water Meters (Residential & Commercial) are required to have a Backflow Preventer installed and tested within 60 days of installation. All Backflow Preventers must be inspected annually for proper working order. For more information visit our website at <https://www.dekalbcountyga.gov/watershed-management/backflow-prevention-information>
