

Subject: Clifton Church Water Main Replacement Project Update: Sept. 28, 2026

Dear Resident/Business Owner:

Crews were forced to turn the water off due to a valve issue. As a result, you may experience discolored water. To clear your pipes, please run the water for several minutes. Please also be advised that crews will be tying in addresses this Wednesday and Thursday sometime between 8 a.m. and 5 p.m. Affected addresses will receive a door hanger.

Should you have any inquiries regarding the **Clifton Church Water Main Replacement Project**, please do not hesitate to contact me directly or to call the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov. For 24-hour emergencies, please call: 770.270.6243.

Thank you,
