

Subject: College Avenue Water Main Replacement Project Update: September 5, 2025

Greetings,

On behalf of the College Avenue Water Main Replacement Project, our construction crews are working diligently to improve the watershed system in your community. Crews are preparing to install valve lines at the intersection of Covington Highway and Clarendon Avenue. The areas where the work will be done will be barricaded. The crew will continue to install valve lines at the intersection of Sam's Crossing and Arcadia Avenue. This project will end approximately late December 2025.

Should you have any general inquiries regarding, the College Avenue Water Main Replacement Project, please do not hesitate to call the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov. For 24-hour emergencies, please call: 770.270.6243 or email dekalbwaterops@dekalbcountyga.gov.

Thanks for your support.
