

Morningside-Lenox Park Community Welcomes New Roundabout

DeKalb County, GA (March 2026) The Morningside–Lenox Park neighborhood in DeKalb County is excited to see progress on a new roundabout currently under construction at the intersection of E. Rock Springs Road, Cumberland Road, and Beech Valley Way.

This \$1.5 million project is funded in part by \$1.1 million from DeKalb County Special Purpose Local Option Sales Tax (SPLOST) along with a \$400,000 grant from the Georgia Department of Transportation’s Local Maintenance Improvement Grant (LMIG) program.

Construction is expected to be completed later this year. Heavy vehicular and pedestrian traffic at this intersection makes the new roundabout an important improvement, helping to enhance traffic flow while increasing safety in the community.
