DeKalb Crews Responding to Emergency Sewer Main Repair

Decatur, Ga. - DeKalb County Department of Watershed Management crews and contractors are responding to an **emergency sewer main repair** in the **Rock Chapel area.**

Crews have discovered a breach in one of the large sewer mains. They are investigating to understand the full impact on the system right now. Crews will be working to contain the sewer spill and access what is needed for the repair.

This spill does not impact drinking water.

For more information, please contact the DeKalb County Watershed Department at dekalbwaterops@dekalbcountyga.gov or 770-270-6243.
