Subject: Intersection Closure at Columbia Drive and Santa Monica Drive Begins Nov. 18

Greetings,

As part of DeKalb County’s $4.27 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the watershed systems serving your community. The **Glendale Phase III Water Main Replacement Project** has been designed to improve the watershed system in your community.

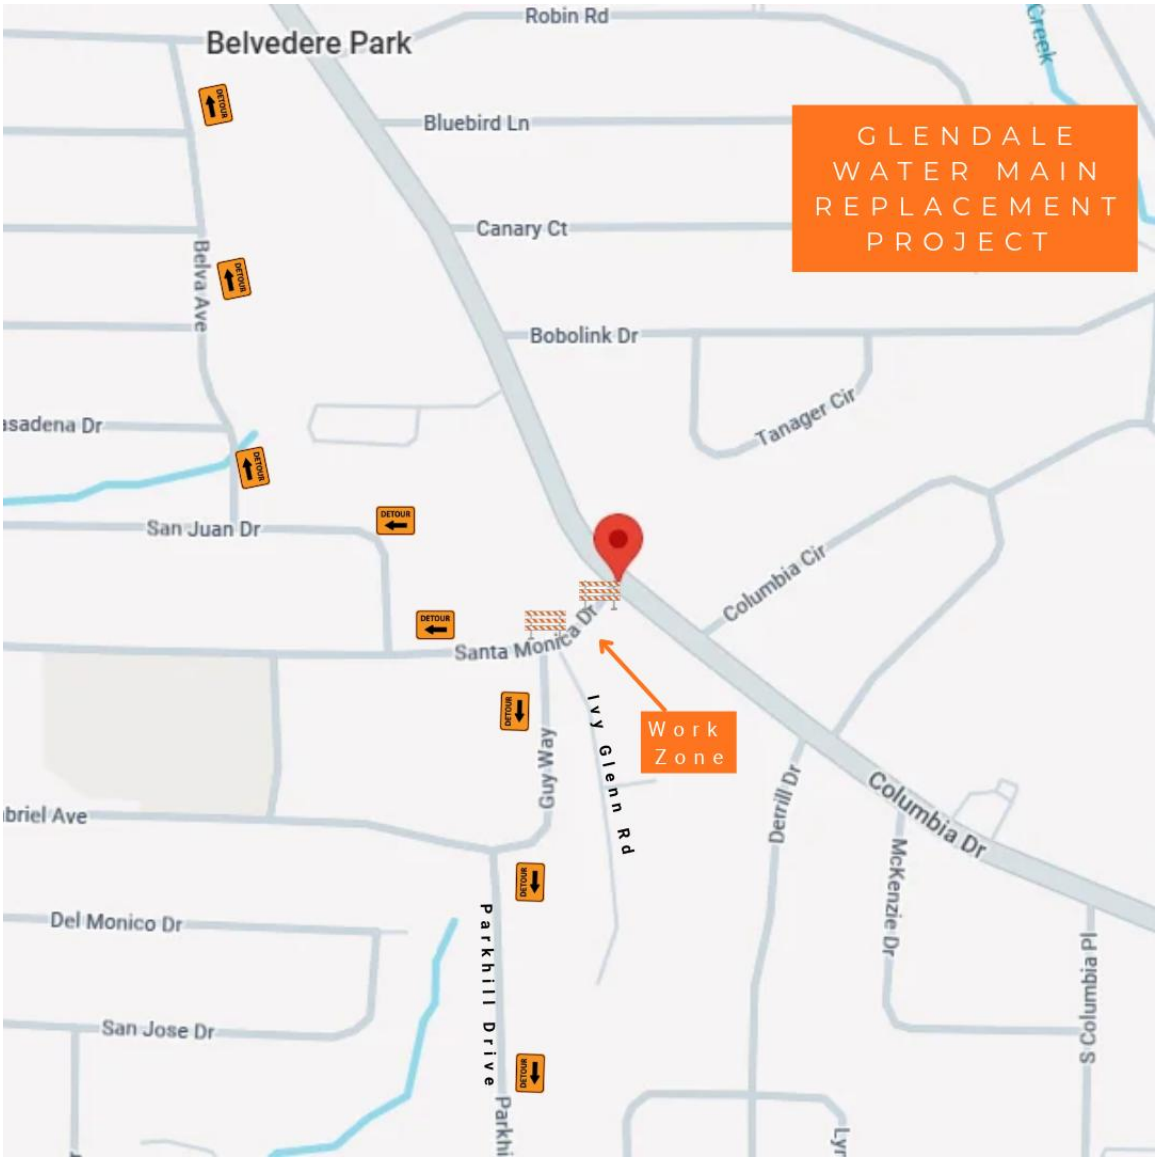

This letter serves as formal notification that the intersection of **Columbia Drive** and **Santa Monica Drive** will be closed as part of the **Glendale Phase III Water Main Replacement Project.** The intersection closure will begin **Wednesday, Nov. 18** and remain in place until **Wednesday, Dec. 2**.

During the closure, motorists will not be able to turn onto Santa Monica Drive from Columbia Drive. Motorists needing to exit the Santa Monica Drive area will use San Juan Drive or Guy Way. To enter the area, local traffic will use Belva Avenue and Parkhill Drive.

Normal construction hours for the project are 7 a.m. to 7 p.m., Monday through Friday, excluding major holidays. **Ruby-Collins**, working on behalf of DeKalb County, is the authorized contractor for the **Glendale Phase III Water Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Glendale Phase III Water Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County’s watershed system.
