ITEMS FOR DISCUSSION

A. Director's Report

Director Smith presented voter registration statistics as of October 2, 2026, including the total number of registered voters, voting methods, manual voter cancellations, and unique voter statistics.

She reported a significant increase in voter registration applications approaching the October 5 registration deadline. Applications were being reviewed, segregated by postmark date, and processed in accordance with applicable deadlines.

Director Smith provided an update on the number of applications awaiting processing as of October 8, distinguishing between applications received before and after the registration deadline. She also reported the current number of canceled voter registrations.

Director Smith expressed appreciation to the Voter Registration team for its diligence and continued efforts to process applications accurately and efficiently.

Director Smith reported that the first batch of domestic absentee ballots was mailed on October 5, 2026. She provided the number of ballots included in the initial mailing, the cumulative number mailed to date, and application totals since the absentee ballot application period opened on August 17, 2026.

She reminded the Board and public that October 23, 2026, was the deadline to request an absentee ballot by mail and encouraged voters to submit applications as early as possible to allow sufficient time for ballot delivery and return.

Director Smith noted that absentee ballot application volume remained below levels observed in previous election cycles, although staff had recently observed an increase in submissions.

DRAFT

She further reported that additional temporary staffing had been requested to support timely and efficient processing.

Director Smith confirmed that advance voting for the November 3 General Election would begin on Tuesday, October 13, 2026. She also discussed preparations for the post-election Risk-Limiting Audit (RLA), noting that the anticipated audit would involve a substantially larger number of ballots than previous audits.

The department had secured a facility to accommodate audit personnel, observers, equipment, and vehicles while continuing to evaluate additional facilities capable of meeting the anticipated operational requirements.

Director Smith further reported that warehouse personnel were continuing Logic and Accuracy (L&A) testing of voting equipment and provided an update on the number of units tested.

Director Smith reported that the department continued to manage its budget responsibly and efficiently. She presented expenditures incurred since the previous Board meeting and identified the department's principal expenditure categories, including full-time personnel, temporary staffing, other professional services, postage, and election-related expenses.

Director Smith highlighted ongoing voter education and outreach initiatives designed to increase public awareness and participation in the upcoming election. These efforts included countywide billboard advertising, social media campaigns, radio public service announcements, MARTA advertising, and other public information initiatives.

Ms. Lowman had questions about the procedure that the poll officials will be using for the written list since the SEB did not provide a procedure for how to enact that rule.

Director Smith responded by sharing that training was conducted and that implementation begun during the July Special Election Runoff.

Ms. Lowman raised concerns about misinformation about voting on social media. She then asked where voters should be referred when they receive inaccurate information on social media platforms. Director Smith responded by directing everyone to dekalbvotes.com or mvp.sos.ga.gov and the official social media pages which should be highlighted on those website URLs.

Ms. Lee congratulated the registration team. Ms. Lee had questions about specific budget line items. The first inquiry was regarding internet services on the budget report. Director Smith confirmed that the department uses internet services but clarified that the cost is a county expense. Ms. Smith states that small amount that is not already covered by the county is budgeted for other incidentals. Ms. Lee then inquired about Rental Equipment. Director Smith answered by stating that Ryder trucks are rented to for VRE staff to deliver supplies and equipment during early voting.

DRAFT

Ms. Lee lastly inquired about a correction from last month's meeting regarding an additional sum of funds that appeared to be added to the budget report. Director Smith responded that it was confirmed by staff an adjustment was manually entered in the budget line instead of the budget adjustment line. Director Smith also confirmed that as soon as the error was discovered, the corrected budget was updated on the website for the public.

Vice Chair Abhiraman asked Director Smith the date and times of upcoming Risk Limiting Audit. Director Smith explained that the audit is scheduled to begin November 13 through November 18, from 9:00 am to 5:00 pm, including Saturday to be completed by November 18th.

Vice Chair Abhiraman asked Director Smith about the location of the company used for mailing ballots, Fort Orange and where mailings are distributed from. Director Smith confirmed that they are in New York and that ballots are being mailed from New York.

Vice Chair Abhiraman then asked Director Smtih to confirm the overall percentage for ballots received at this point in the cycle is 37%. Director Smith confirmed, yes.

Chair Swift asked Director Smith about the timeline for processing the remaining registration applications that were filed timely. Director Smith replied that all eligible applications will be processed by Monday, October 12th.

Ms. Lowman asked Director Smith if the office has confirmed that all applications from the Secretary of State has been transmitted to VRE. Registration Supervisor, Nicholas McKinnon stated that there's a state law that allows the Secretary of State to receive mail through USPS without a postmark or an illegible postmark are able to date stamp it as time received. ERROR RATES

We have thirty days to continue investigating differences between ballots and credits.

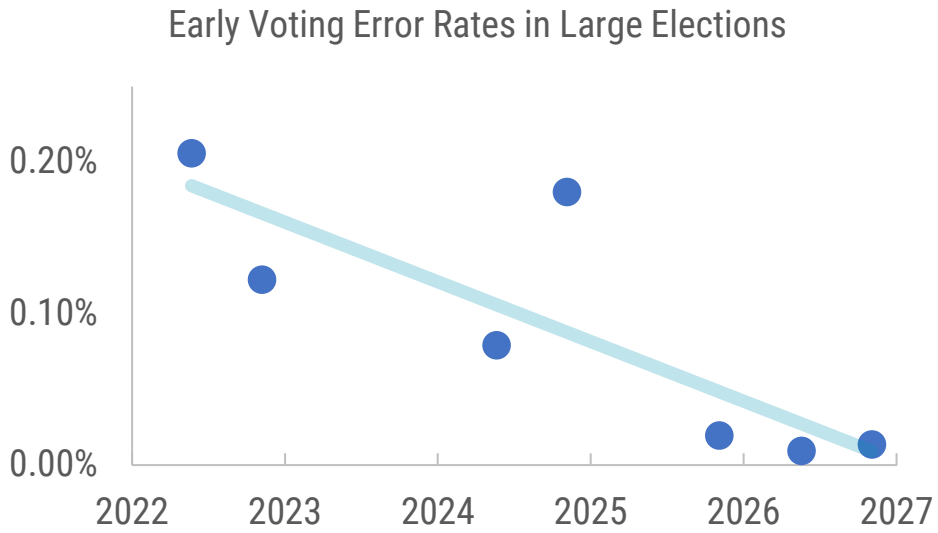

We will identify as many as possible and in some cases we may be able to correct them; but the 0.012% error rate reported on Friday is already the lowest in our history for a large election.

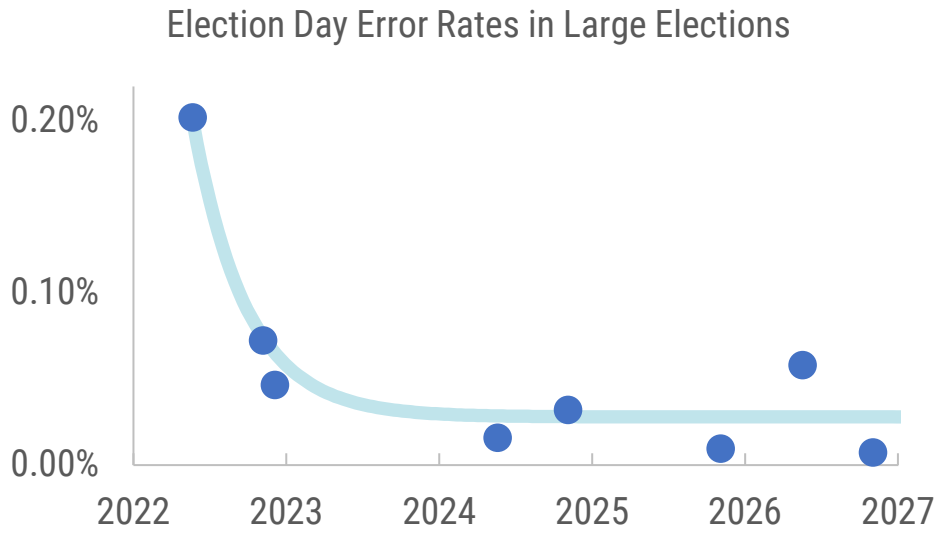

In small elections, we frequently return with zero error.

ERROR RATES

Individual counting groups were also at or near historical minimum error rates for a large election.

COUNTY PARTNERS

A huge thank you to our county partners who worked alongside us to facilitate another successful election!
