DeKalb County GEORGIA

WATER Matters

Department of Watershed Management

Peachtree Blvd Water Transmission Main Replacement Prj

Water Shutoff Notice

The DeKalb County Department of Watershed Management has initiated a project to make improvements to a water distribution system in your community.

Please be advised to expect workers in the area as the county and its contractors will need to temporarily interrupt your water service to properly connect the water facilities servicing your community. Standard work hours for the project will be from 9 a.m.–5 p.m., Monday through Friday, excluding major holidays and unless otherwise stated. You should expect no water service for approximately 4 hours during the water facility connection. Work in your area is scheduled for:

Date(s): Friday, 11/6/26 **Time(s): 8 a.m.-12 p.m.**

Our construction crews will work diligently to minimize the length of impact to the community. Also, please note all staff working on behalf of DeKalb County will have proper identification and will drive marked contractor vehicles. All inquiries about this project should be directed to ***projectinfo@dekalbcountyga.gov*** or 1-800-986-1108. We appreciate your patience as we work diligently to make improvements to DeKalb County's water distribution system.
