REQUEST FOR PROPOSAL (RFP) No. 24-500676

TRAFFIC CALMING PROGRAM STUDY

DEKALB COUNTY, GEORGIA

DeKalb County Government (the County) requests qualified individuals and firms with experience in **(Consulting Services)** to submit proposals for **(Traffic Calming Program Study)**.

I. INTRODUCTION

The purpose of this Request for Proposal (RFP) is to solicit proposals from qualified consultants for the DeKalb County Government Traffic Calming Project Scoping Study. The study will help to develop improvements and efficiencies in the current process, incorporate new technologies, and identify additional traffic calming measures.

A. The following Required Documents Checklist includes a list of attachments which **must** be completed and returned with Responder’s technical proposal:

Required Documents	Attachment
Cost Proposal Form (1 copy, separate & sealed)	A
Proposal Cover Sheet	B
Contractor Reference and Release Form	C
Subcontractor Reference and Release Form (make additional copies as needed)	D
LSBE Documents – Exhibits A and B	E
Responder Affidavit	F
First Source Jobs Ordinance (with Exhibits 1 – 4)	G
Exceptions to the Standard County Contract, if any	H

- B. The services shall commence within ten (10) calendar days after acknowledgement of receipt of written notice to proceed and shall be completed within (180 Days).
- C. The County reserves the right to make one (1) award or multiple awards.

II. SCOPE OF WORK

Background:

The DeKalb County Residential Traffic Calming Program was created in 1995 and updated in 2006. The focus of the 2006 update was to add the Residential Traffic Calming Program to the DeKalb County Code with a formal, defined process.

The purpose of this scope is to revisit the traffic calming program to identify improvements and efficiencies in the current process, incorporate new technologies, and investigate additional traffic calming measures for various situations. The results of this study may recommend a simple tweak to the existing program, or it may recommend an entirely new process to be considered by the County.

This study will require a review of national and international traffic calming documentation and standards to include, but not be limited to, Federal Highway Association (FHWA), Institute of Transportation Engineers (ITE), National Association of City Transportation Officials (NACTO), American Public Works Association (APWA), Global Designing Cities Initiative and Vision Zero. The study also requires researching successful, innovative traffic calming programs around the country, for example to update the DeKalb County Traffic Calming Program.

A. PROPOSED TASK:

The work to be accomplished under this contract is divided into the following tasks:

Task 1 - Compare five (5) innovative traffic calming programs to the DeKalb County Residential Traffic Calming Program. At least three must be in a similar suburban area converting to an urban area with a variety of traffic calming measures, speed limits/travel speeds, traffic volumes and road network classifications.

1. The consultant will provide the jurisdictions for concurrence prior to the beginning comparison.

Task 2 - Detailed review of existing DeKalb County Residential Traffic Calming Program Process to include:

A.) Eligible Streets

1. DeKalb County requires the street to be classified as a local residential street on the DeKalb County Functional Classification Plan with a speed limit of 30mph or less to be eligible for the program. The roadway must meet minimum speed and volume

requirements to proceed in the program. How do other jurisdictions determine eligibility? Recommend changes, as needed.

2. The County is interested in extending to streets classified as a collector with speed limits of 35mph or less. What traffic calming measures are suggested for these higher classification, higher speed roads? What are the impacts to Emergency Services (Fire, Police and Ambulance) for the recommended measures? Recommend an expansion of the current program or create a new collector road program.
3. What are the criteria used to determine whether a street passes the traffic study? Recommend minimum speed and/or volume requirements.

B.) Petitions

1. How do other jurisdictions determine support for the installation of the traffic calming measures? DeKalb County requires 65% of the real property owners in the defined affected area. How does the requirement of 65% of real property owners compare to the percentage required by other jurisdictions?
2. DeKalb County requires real property owners to sign the petitions. How do other jurisdictions process petitions with a large percentage of rental property and out of town owners? How do other jurisdictions handle estates, trusts and corporation's signatures? Do other jurisdictions have a way for the petitioner to upload sensitive documents directly to the county and not have to give them to the initiator? How do other jurisdictions prevent fraudulent signatures?
3. Who and how do other jurisdictions collect petitions to document support for traffic calming installation? Is one signature per parcel enough or do other jurisdictions require all the owners on the deed to sign?
4. Currently the petitions are on unique forms provided by the DeKalb County for each proposed district. Is there a way to use an electronic, online petition or other technology to make the program more customer service friendly and efficient?
5. DeKalb County currently has a formal, but arguably flawed, definition of affected area and how that is determined. How do other jurisdictions identify which parcels get to vote on the measures and how do they determine who pays for the installation and maintenance? How do they treat minor cul-de-sacs off the traffic calming installation road?
6. Is the duration of the petition period adequate for all areas or should larger areas be given more time? Should a sliding scale be applied based on the number of parcels in the district?

C. Failures

1. Do other jurisdictions require a minimum waiting period for a failed petition, at

any stage of the process, to make a new request for consideration?

D. Changes to the approved plan

1. The DeKalb County Traffic Calming Program is silent about how to address changes after the plan is approved by the Board of Commissioners and signed by petitioners. Recommend procedures for changes after the petition is finalized and approved. These changes may be based on an engineering reason such as void under the road or a utility conflict or it may be at the request of the neighbors. Recommend a process for changes to the plan after adoption.

E. Use of Technology

1. How do other governments communicate with Waze, Google and other GPS services to redirect cut through volumes off residential streets onto higher classification roadways?
2. Make a recommendation about the use of speed radar feedback signs or other technologies that may substitute for traditional traffic calming measures.

Task 3 – Traffic Calming Measures

1. Recommend traffic calming measures for residential and/or collector roadways.
2. Recommend traffic calming measures recommended on roads with grades of 8% or more.
3. Assemble typical construction standards and details from other jurisdictions for each of the proposed traffic calming measures. Multiple examples are expected.
4. Document the impacts on Emergency Response for each proposed traffic calming measure for all road classifications. Engage the DeKalb County Fire Department on preferences and potential operational impacts.
5. Determine an estimated cost (or range of cost) for each of the proposed traffic calming measures for planning purposes.
6. Develop a traffic calming measure decision matrix-based road classification, speed limits, recommended directional distribution, traffic volumes, road widths, costs, right of way impacts, drainage impacts, pedestrian impacts, bicycle impacts and on-street parking impacts for use in implementing the traffic calming program in the future.

LSBE participation, or otherwise required benchmark, then the Prime Contractor who actually met the benchmark will be given the opportunity to match the lowest bid price of the Prime Contractor who only made good faith efforts. Prime Contractor(s) who choose **not** to match the lowest bid price, then the Prime Contractor who made the good faith efforts will be deemed the lowest, responsive and responsible bidder.

For all qualified sealed solicitations, the Director of Purchasing and Contracting, DeKalb County Government, shall determine if the bidder/proposer has included written documentation showing that at least twenty percent (20%) of the total contract award will be performed by a certified LSBE. This written documentation shall be in the form of a notarized Schedule of LSBE Participation (Attached hereto as “Exhibit A”.) For all contracts, a signed letter of intent from all certified LSBEs describing the work, material, equipment and/or services to be performed or provided by the LSBE(s) and the agreed upon percentage shall be due with the bid or proposal documents and included with “Exhibit A”. The certified vendor list establishes the group of Certified LSBE’s from which the bidder/proposer must solicit subcontractors for LSBE participation. This list can be found on our website <http://www.dekalbcountyga.gov/purchasing-contracting/about-purchasing-and-contracting> or obtained from the Special Projects LSBE Program team.

Prime Contractors failing to meet the LSBE benchmark must document and demonstrate Good Faith Efforts in accordance with the attached “Checklist for Good Faith Efforts” portion of “Exhibit A.” The notarized Schedule of LSBE Participation shall be due and submitted with each bid or proposal. Failure to achieve the LSBE benchmark or demonstrate good faith efforts shall result in a bid or proposal being rejected. Prime Contractors that fail to attend the mandatory LSBE meeting in person or via video conference shall mean that the Prime Contractor has not demonstrated sufficient good faith efforts and its bid or proposal if submitted, shall be deemed non-responsive without any further review.

Upon award, Prime Contractors are required to submit a report detailing LSBE Sub-Contractor usage with each request for payment and not less than on a monthly basis. Prime Contractors shall ensure that all LSBE sub-contractors have been paid within seven (7) days of the Prime’s receipt of payment from the County. Failure to provide requested reports/documentation shall constitute a material breach of contract, entitling the County to terminate the Contract for default or pursue other remedies. LSBE sub-contractors must confirm payments received from the Prime(s) for each County contract they participate in.

For eligible bids/proposals valued over \$5,000,000.00, the Mentor-Protégé provision of the Ordinance shall apply. Prime Contractors must agree to become mentors and take on an LSBE protégé in an effort to enhance the potential of future LSBEs. Qualifying projects shall be performed by both Mentor and Protégé through a subcontract between both parties. This requirement is in addition to all other applicable sections of the DeKalb First Ordinance. Please review the ordinance, section 2-214 or contact the LSBE Program Representative for detailed information regarding this initiative.

B. **Additional Work** The County shall in no way be held liable for any work performed under this section which has not first been approved in writing by the County in the manner required by applicable law and/or the terms of this Contract. The County may at any time order changes within the scope of the Work without invalidating the Contract upon seven (7) days written notice to the Contractor. The Contractor shall proceed with the performance of any changes in the Work so ordered by the County unless such change entitles the Contractor to a change in Contract Price, and/or Contract Term, in which event the Contractor shall give the County written notice thereof within fifteen (15) days after the receipt of the ordered change, and the Contractor shall not execute such changes until it receives an executed Change Order from the County. No extra cost or extension of time shall be allowed unless approved by the County and authorized by execution of a Change Order. D. **Right to Audit** The County shall have the right to audit all books and records, including electronic records, relating or pertaining to this contract or agreement, including but not limited to all financial and performance related records, property, and equipment purchased in whole or in part with County funds and any documents or materials which support those records, kept under the control of the Contractor, including but not limited to those kept by the Contractor's employees, agents, assigns, successors and subcontractors. The County also has the right to communicate with Contractor's employees related to the audited records.

The Contractor shall maintain such books and records, together with such supporting or underlying documents and materials, for the duration of this contract and for seven (7) years after termination or expiration, including any and all renewals thereof. The books and records, together with supporting documents and materials shall be made available, upon request to the County or its designee, during normal business hours at the Contractor's office or place of business. In the event that no such location is available, then the books, records, and supporting documents shall be made available for audit at a time and location which is convenient for the County.

E. **Successors and Assigns** The Contractor agrees it shall not sublet, assign, transfer, pledge, convey, sell, or otherwise dispose of the whole or any part of this Contract or his right, title, or interest therein to any person, firm, or corporation without the previous written consent of the County. If the County consents to any such assignment or transfer, then the Contractor binds itself, its partners, successors and assigns to all covenants of this Contract. Nothing contained in this Contract shall create, nor be interpreted to create privity, or any other relationship whatsoever, between the County and any person, or entity or than Contractor.

F. **Reviews and Acceptance** Work performed by the Contractor shall be subject to review and acceptance in stages as required by the County. Acceptance shall not relieve the Contractor of its professional obligation to correct, at his own expense, any errors in the Work.

G. **Termination of Agreement** The Contractor understands and agrees that the date of the beginning of Work, rate of progress, and time for completion of the Work are essential conditions of this Contract. The County may, for its own convenience and at its sole option, without cause and without prejudice to any other right or remedy of County, elect to terminate the Contract by delivering to the Contractor, at the address listed in the Notices article of this Contract, a written notice of termination specifying the effective date of termination. Such notice shall be delivered to Contractor at least thirty (30) days prior to the effective date of termination. If Contractor's services are terminated by the County, the termination will not affect any rights or remedies of the County then existing or which may thereafter accrue against Contractor or its surety. In case of termination of this Contract before completion of the Work, Contractor will be paid only for the portion of the Work satisfactorily performed through the effective date of termination as determined by the County. Neither party shall be entitled to recover lost profits, special, consequential or punitive damages, attorney's fees or costs from the other party to this Contract for any reason whatsoever. This Contract shall not be deemed to provide any third-party with any remedy, claim, right of action, or other right. The parties' obligations pursuant to this Section shall survive any acceptance of Work, or termination or expiration of this Contract.

H. **Indemnification Agreement** The Contractor shall be responsible from the execution date or from the time of the beginning of the Work, whichever shall be the earlier, for all injury or damage of any kind resulting from the Work, to persons or property, including employees and property of the County. Furthermore, Contractor shall assume and pay for, without cost to the County Indemnitees, the defense of any and all claims, litigation, and actions suffered through any act or omission of the Contractor, or any Subcontractor, or anyone directly or indirectly employed by or under the supervision of any of them. Notwithstanding any language or provision in this Contract, Contractor shall not be required to indemnify any County Indemnitee against claims, actions, or expenses based upon or arising out of the County Indemnitee's sole negligence. As between the County Indemnitees and the Contractor as the other party, the Contractor shall assume responsibility and liability for any damage, loss, or injury, including death, of any kind or nature whatever to person or property, resulting from any kind of claim made by Contractor's employees, agents, vendors, Suppliers or Subcontractors caused by or resulting from the performance of Work under this Contract, or caused by or resulting from any error, omission, or the negligent or intentional act of the Contractor, vendors, Suppliers, or Subcontractors, or any of their officers, agents, servants, or employees. The Contractor shall defend, indemnify, and hold harmless the County Indemnitees from and against any and all claims, loss, damage, charge, or expense to which they or any of them may be put or subjected by reason of any such damage, loss, or injury. The Contractor expressly agrees to provide a full and complete defense against any claims brought or actions filed against the County Indemnitees, where such claim or action involves, in whole or in part, the subject of the indemnity contained in this Contract, whether such claims or actions are rightfully or wrongfully brought or filed. The County has the sole discretion to choose the counsel who will provide the defense. No provision of this Contract and nothing herein shall be construed as creating any individual or personal liability on the part of any elected official, officer, employee, agent or servant of the County, nor shall the Contract be construed as giving any rights or benefits hereunder to anyone other than the parties to this Contract. The parties' obligations pursuant to this Section shall survive any acceptance of Work, or termination or expiration of this Contract.
