

Public Notice of Proposed Award of Sole Source Procurement

Section A – Description of Proposed Sole Source Procurement

Description of Supplies/Services: Pneumatic Pumps Repair Services

Demonstration of Contractor’s Unique Qualifications: The Seminole Landfill currently owns 290 pneumatic pumps, used to extract liquids from gas well to operate the gas collections system more efficiently. These pumps require repair services throughout the year of only professional factory training and certified technicians approved to perform the repairs of these pneumatic pumps. Site Maintenance & Remediation, LLC is the only locally available and authorized company to perform these services. Pneumatic pumps require services so they do not create buildup, as creating buildup can cause harm to the environment and to the citizens of DeKalb County.

Section B – To Be Completed by the Department of Purchasing and Contracting
