

# NOTIFICATION

## Department of Watershed Management

### Drew Valley Water Line Replacement Project

#### Construction Notice

The DeKalb County Department of Watershed Management's Office of Engineering & Construction Management Services (ECMS) has initiated a project to make improvements to a water distribution system in your community.

Please be advised to expect workers in the area as the county and its contractors will need to temporarily interrupt your water service to properly replace the water line servicing your community. Residents should expect no water service for approximately four hours between 9 a.m. and 5 p.m.

#### **Work in your area is scheduled in the next 48 hours.**

Our construction crews will work diligently to minimize the length of impact to residents. Also, please note all staff working on behalf of DeKalb County will have proper identification and will drive marked contractor vehicles.

All inquiries about this project should be directed to [projectinfo@dekalbcountyga.gov](mailto:projectinfo@dekalbcountyga.gov) or 1-800-986-1108. We appreciate your patience as we work diligently to make improvements to DeKalb County's water distribution system.
