Department of Watershed Management Drew Valley Water Line Replacement Project Construction Update Notice

The DeKalb County Department of Watershed Management's Office of Engineering & Construction Management Services (ECMS) has initiated a project to make improvements to the water system in your community.

This serves as formal update related to construction activities associated with this project. Crews have replaced approximately 16,000 linear feet of aging pipelines. This project will end approximately early December. Our construction crews will work diligently to ensure that the project area is properly restored.

T&J Industries Development & Contracting, Inc. working on behalf of DeKalb County, is the authorized contractor for the Drew Valley Water Line Replacement Project. All workers will be wearing proper identification and driving marked vehicles.

All inquiries about this project should be directed to projectinfo@dekalbcountyga.gov or 1-800-986-1108. We appreciate your patience as we work diligently to make improvements to DeKalb County's water distribution system.
