As part of DeKalb County's \$4.27 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the watershed systems serving your community. The **Consent Decree 2nd and 3rd Avenue Sewer Improvement Project** has been designed to improve the watershed system in your community.

This letter serves as formal notification that construction activities associated with this project will start on **April 21, 2025**. Crews will replace approximately 1,900 feet of gravity sewer main between 2nd and 3rd Avenue. This project is expected to last approximately nine months (April 2025 to January 2026), barring any weather delays.

Normal construction hours will be from 7 a.m. to 7 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected.
